PRESIDENT TOUCHES BUTTON; COMPLETES PANAMA CANAL

Electric Spark Originating at White House Sets Off Dynamite Charge.

COOS BAY WHISTLES SOUND ANNOUNCEMENT

Whistles Blown Here This Morning to Mark Completion of Canal.

COOS BAY WHISTLES BLOWN FOR CANAL.

With the exception of the blowing of whistles at North Bend and Marshfield mills shortly after 11 o'clock today, there was no formal observance of the practical completion of the Panama Canal on Coos Bay today.

COMPLETION CELEBRATED

SEATTLE, Oct. 10.—The completion of the Panama Canal by the blowing up of Gamboa dike was celebrated along the Pacific coast at eleven o'clock by the firing of salutes, blowing of whistles, explosion of fireworks and display of flags.

WASHINGTON, D. C., Oct. 10.—A little electric spark originating when President Wilson pressed a button at the White House, sped more than 4000 miles over land and under water, ignited an immense charge of dynamite and virtually cleared the Panama Canal.

Mr. and Mrs. John Snyder, pioneer hotel people of Coos Bay, have disposed of the furniture and fixtures of the Snyder Hotel at Broadway and Hall, to Mr. and Mrs. H. W. Volkman, and leased the building to them for three years.

FEDERALS FLY BEFORE REBELS

General Aubert's Army Deserts When They Hear of Fall of Torreón.

MEXICO CITY, Oct. 10.—The failure of General Trucy Aubert to reach the city of Torreón in time to relieve it—the mission on which he set out from Saltillo nearly a month ago with 2,000 men is explained by the fact that the greater part of his 2,000 men deserted him before he had completed half his journey.

THINKS WIRE OF GOV. WEST JOKE

Message Signed by Executive Says A. H. Powers and C. A. Smith Must Pay.

Judge John F. Hall received a telegram last evening signed by Oswald West, Governor, asking the expense of the recent L. W. W. deportation investigations and saying that he would try and compel A. H. Powers and C. A. Smith to pay it.

Judge Hall thinks that the telegram must have been sent by someone else as a joke as he can hardly conceive of Governor West showing so little intelligence as to attempt anything of the kind. He had to go to Coquille this morning, but will investigate to see whether or not the telegram is bonafide.

SNYDER HOTEL IS TRANSFERRED

Mr. and Mrs. John Snyder, Pioneer Hotel Keepers, Will Retire.

Mr. and Mrs. John Snyder, the pioneer hotel people of Coos Bay, have disposed of the furniture and fixtures of the Snyder Hotel at Broadway and Hall, to Mr. and Mrs. H. W. Volkman, and leased the building to them for three years.

Mr. and Mrs. Snyder have been in the hotel business here for many years, having conducted the Central Hotel for many years prior to a few years ago when they retired for a year before building and starting the Snyder Hotel.

Mr. and Mrs. Volkman came here recently from Vancouver, B. C., and are experienced hotel people.

THE PANAMA CANAL

TODAY it is completed! The huge ditch that is the pride and pet of the American people as no other National enterprise of theirs has ever been, is finished. Americans were justly proud in 1869 over the completion of the first transcontinental railway.

It has been dreamed for centuries. It has been attempted by many. Ferdinand de Lesseps, the indomitable genius who had made Africa in effect an island at Suez, tackled the tremendous task, and the French, as able, patriotic and wealthy a people as any in Europe, had backed him to the limit.

In vain. Dreams, heroic labors as of Hercules and the lavishing of almost limitless treasure had all alike failed. Ruin and death ruled at Panama and said to man: "Thou shalt not!"

Uncle Sam said: "I will!" He took the shovel and pick of the pygmies and replaced them with the tools and rend-rock of the Titans. He throttled the tropical diseases that made Panama the white man's grave and transformed the canal zone into a home of health. He put armies of free and well-paid workers into the field. He poured out money from his strong box like waste water from Gatun Lake. He did the most tremendous job since the Pharaohs built the pyramids; did it with joy to the toilers and in less time than he had allowed himself.

Today the tremendous task is completed. The Panama Canal is now a fine and finished fact. No Nation that failed to feel elation over such success—a success, moreover, untainted with scandal or corruption—would be human. The joy of work well done is felt today wherever a loyal American heart beats high with hope for a future that will be made more glorious as a result of the gigantic task that was completed today.

EXPECT MOODY END HEARING ON BAY SOON IN GRAVES CASE

Southern Pacific Attorney is Coming to Aid in Transfer of Terminal Railway.

Ralph Moody of Portland, who has supervision of the Southern Pacific's legal department in this district, is expected here within a few days to aid in closing the formal transfer of the Terminal Railway to the Southern Pacific. The matter is in the hands of C. F. McKnight, local attorney for the Southern Pacific, and Mr. Moody, it is understood.

Mr. Moody was to have been here earlier, but was detained by a case at Eugene. It is expected that on his arrival C. A. Smith and Arno Merereen will also be here so that the matter will be closed very soon afterwards.

It is also understood that the Southern Pacific is planning to put a motor car on here the first of the year to comply with the franchise requirements in Marshfield and North Bend, the motor car to ply over all of the line completed in the two cities.

Mr. Moody will probably spend a week or so on the Bay when he comes as he has been desirous of visiting here for a long time.

EXPECT MILL SLOUGH ACTION

Letters From Hawley and Chamberlain Indicate the Closing of it.

Word is expected any day of the bill providing for the closing of Mill Slough. A strong effort is being made to have the House pass the same bill enacted by the Senate and it is expected, from letters received today that it will be passed.

Senator Chamberlain writes as follows: "I am in receipt of your night letter of the 1st instant, further protesting against the closing of Mill Slough. In reply permit me to say that after having given the matter my most earnest attention I concluded that while there were some protests against the closing of the Slough the larger public interest seemed to demand that the bill which was introduced for this purpose ought to pass the Congress of the United States. To that end I urged its passage through the Senate and it did pass that body, and is now pending in the House."

Letter From Hawley. The first one was from Congressman Hawley sent to Mr. Friedberg, which is as follows: "I have given the matters you sent to me in reclosing Mill Slough my most careful consideration, in connection with the matter. Senator Chamberlain's bill, S. 767, which passed the Senate Aug. 30, 1913, provides that Mill Slough be declared non-navigable water of the United States in conformity with the recommendation of the Department of War. That is, the water being declared non-navigable, the matter is then left to the locality to take such action as it may deem best for the interests of the people. Such being the situation, I do not see how I can oppose the legislation, especially when the sentiment, as it is represented to me by a very large amount of evidence, appears to overwhelmingly favor such action. I am of course depending upon the evidence submitted."

Two Arrests.—George Rhea and J. McGowan were the only two arrested last night. Rhea refused to plead guilty to the charge of intoxication, but pleaded guilty to being out after midnight without any cause therefor. They were told to get busy or get out of town.

Is Missing.—Gus Rosberg, formerly interested in the Lindberg store at Bunker Hill, left suddenly a week ago last Monday and his friends are getting anxious about him. He did not say he was going away and left most of his belongings. He did not take any money with him.

Weds in Finland.—Word has been received here of the marriage of Chas. Nabb and Miss Elma Ohlskag in Finland. Mr. Nabb having gone there some time ago to visit. A brother of the bride, Wm. Ohlskag lives on North Inlet and Mr. Nabb and his bride will be warmly welcomed back.

Take Six Run Lead Over the Giants, Which Latter Could Not Overcome.

GIANTS FALL ON BENDER FOR HITS AFTER SIXTH

Matthewson Will Undoubtedly Ritch for Giants in New York Tomorrow.

TODAY'S BATTERIES.

Philadelphia, Bender and Schang. New York, Demaree and McLean.

Today's Batting Order.

Table with columns for teams (New York, Philadelphia) and batting order (Snodgrass, cf, rf, Murphy, Doyle, 2b, etc.).

PHILADELPHIA, Oct. 10.—

The Athletics won the third victory by defeating the Giants 6 to 5. The Athletics took a six-run lead over their opponents only to have it cut down to one when the Giants fell on Indian Bender's delivery and with a fusillade of six hits sent five runs over the plate. Bender held the Giants to two hits in the first six innings, and then was found freely.

Merkle's home run and Fletcher's three-bagger featured New York's hitting. A circus catch by Oldring cut off one run for New York. The Athletics' defense was perfect.

The two teams play in New York tomorrow and Matthewson will undoubtedly pitch for the Giants.

Score by innings table showing runs, hits, errors for both teams.

PHILADELPHIA, Oct. 10.—The attendance at today's game was 20,000. Dull clouds screened the sun, giving indications of showery weather, while now and then a vagrant drop of rain fell. The diamond was lightning fast, but the outer meadows were sodden and slow.

Fletcher Fined \$50. Fletcher was fined \$50 today for using obscene and profane language to Empire Connolly after Shafer had been called out in the ninth inning yesterday.

The Game by Inning. First inning — (first half) — Snodgrass went out on a pop fly to Baker. Doyle out on a high one to Strunk. Barry threw out Fletcher. No runs, no hits, no errors.

Second inning — (second half) — Murphy flied out to Snodgrass. Oldring shot a long hit into right field for three bases, smashing the first ball pitched. Oldring out at the plate. Merkle took Collins grounder and threw to McLean, who touched the runner as he slid into plate. Collins stole second while Demaree held the ball a minute. Baker out on a high foul to Shafer. No runs, one hit, no errors.

Third inning — (first half) — Bender worked carefully and slowly. He had good speed and kept the ball at the corners of the plate. Burns flied out to Murphy. Shafer fanned. Murray was hit on the arm by a pitched ball and went to first, muttering at Bender. McLean singled to right, sending Murray to third. Merkle fouled out to McInnis. No runs, one hit, one error.

Fourth inning — (second half) — Demaree flied out to Murphy. Snodgrass out bunting. Bender to McInnis. Doyle flied out to Strunk. No runs, no hits, no errors.

Snodgrass Leaves Game. Third inning — (second half) — Herzog went out to play third base and Shafer went to center field, replacing Snodgrass, whose strained leg began to bother him again. Demaree took Oldring's popper and threw him out at first. Burns caught Collins' fly Doyle threw Baker out at first. No runs, no hits, no errors.
