136 LIVES LOST ON VOLTURNO WHEN LINER BURNS IN MID-OCEAN

Fleet of Other Vessels Unable to Aid Because of Tempestuous Seas.

521 PASSENGERS TAKEN FROM LINER IN BOATS

Those Lost Were All Russians, Poles, Dalmatians and Few Germans.

136 PASSENGERS LOSE LIVES IN HOLOCAUST

(By Associated Press to Coos Bay Times.)

FISHGUARD, Ore., Oct. 11.—Fire razing in mid-Atlantic Thursday destroyed the liner Volturno on her voyage from Rotterdam to New York, with a loss of probably 136 passengers and crew.

Ten other liners, called by wireless to the rescue, were standing by, impotent to avert the tragedy owing to the mountainous seas.

The Volturno was owned by the Canadian Steamship Company but had been chartered by the Uranium line.

The vessel carried twenty-four cabin and 540 steerage passengers and a crew of ninety-three, making a total of 637. A wireless dispatch from the Steamship Carmania said 521 had been saved.

The Volturno was 340 feet long and had a gross tonnage of 2581.

The Volturno was abandoned Friday in latitude 48 degrees 25 minutes north, longitude 34 degrees 33 minutes west.

Was Terrific Spectacle.

FISHGUARD, Oct. 11.—The spectacle of the Volturno being consumed by fire with over 500 souls aboard and surrounded by a fleet of huge lighted hulls filled with thousands of spectators, all anxious but unable to help, owing to the mountainous seas, was terrific. All that could be done by the would-be helpers was to throw overboard from their vessels dozens of lighted life buoys and stand by in the hope of picking up some of those who had been cast into the sea.

At daybreak the Volturno was still floating, with her great human cargo huddled in masses in her poop. The sea had moderated, and a great flotilla of boats gathered around the stern of the Volturno and took off all survivors.

There were no native born Americans on the Volturno. Practically all the passengers were emigrants, mostly bound for Canada.

All Foreign Born.

The Volturno's passengers were Russians, Dalmatians, Poles and a few Germans.

GRIDER UNDER ARREST.

Head of Roundup Organization Here Faces Serious Charge.

The following from the Roseburg News will be of interest here owing to the roundup of Chas. Grider's Roundup show here a few months ago:

"Sheriff George Quine late this afternoon received a message from Winnemucca, Nevada, to the effect that Charles Grider, wanted in Roseburg on a charge of non-support, is under arrest there and is being held pending the arrival of an officer. The telegram further states that Grider will not return without extradition papers for the reason that the person making the complaint is not his lawfully wedded wife. Grider claims, according to the Winnemucca officers, that his lawful wife is a resident of Oakland, California. Sheriff Quine leaves here tomorrow for Salem where he will secure the necessary requisition papers. He will then proceed to Nevada to bring back his prisoner. Grider formerly lived at Myrtle Creek and is well known here.

CEDAR POINT FIRE IS BAD

BLAZE STARTING FROM SMOKE-STACK CAUSES \$3000 LOSS—THREATENED TO DO GREATER DAMAGE.

The shed and donkey engine of the Smith-Powers Company at Cedar Point boom on the Coquille was practically destroyed by fire today at noon. The loss will probably be upwards of \$3000 with no insurance but the principal damage will be the delay caused in the handling of logs for the Smith mill here.

The fire is supposed to have started from the smokestack of the donkey engine used to operate the hoist which lifts the logs from the water to the cars. Elijah Kelley, of Marshfield, is in charge of the boom. He telephoned at 1 o'clock that the fire was under control and that half of the donkey engine shed had been burned down but that the wharf and loading chute had not been damaged. Some cars near there were also pushed away without being damaged.

The fire burned very rapidly and attracted a big crowd from Coquille, a mile or so distant. A river boat was brought into service and aided in extinguishing the blaze by pumping water from the river.

The buildings were erected by Dr. McCormac before he sold the Cedar Point boom properties to the C. A. Smith Company.

A. H. Powers left for there on the afternoon train.

BOND ELECTION TO BE BOOSTED

PRESIDENT MORRISON OF COOS COUNTY GOOD ROADS ASSOCIATION PREPARES FOR ACTIVE CAMPAIGN.

President Morrison of the Coos County Good Roads Association is preparing for an active campaign for the county bond issue to secure better roads. In a letter to the Times, he says:

"We lost out on our petition to the County Court asking for the bonding of the county for permanent highways. Mr. Liljeqvist found that the petition should have been presented or rather filed before the Court met. Also that the Board of Equalization had cut our assessed valuation over a million so that we could not issue the amount of bonds asked for.

"We are having new petitions prepared and will have them in circulation soon and will see that everything is all right this time. The fact that we had over 900 names to our petition in a three days' campaign is evidence that the people are very much interested in the matter. The petition that we presented had three times the names necessary for the calling of the election.

"As soon as the election is ordered I will come over and help to start the campaign on the Bay side."

HUERTA SUSPENDS MEX. CONGRESS

Declaration Made After 110 Members Had Been Arrested for Signing Warning.

(By Associated Press to Coos Bay Times.)

MEXICO CITY, Oct. 11.—Both branches of the Mexican National Congress were formally declared suspended at a late hour last night by Provisional President Huerta.

The declaration was made after 110 members of the Chamber had been arrested and lodged in the pen-

itentiary for signing resolutions of warning to Huerta because of the disappearance of the Senator for Chiapas, Dr. Belisario Dominguez.

A proclamation was issued just before midnight calling for new elections for Senators and Deputies, on October 26, which date is coincident with the Presidential election.

Huerta declared the Chamber had constituted itself one of the executive's worst enemies, hostile to all his acts and invading his jurisdiction, even to the point of questioning his selection of a Minister of State.

MYRTLE POINT MAN IS ROBBED

Irving Canfield Gets 30 Days for Robbing Geo. B. Antrim—Spent it at Resort.

Thirty days in the county jail at hard labor was the sentence meted out this morning to Irving Canfield, who arrived here on the last Alliance.

Canfield pleaded guilty to robbing Geo. B. Antrim of Myrtle Point. He was taken to Coquille this afternoon.

Antrim was formerly a Justice of the Peace in Indiana, but located near Myrtle Point some time ago. He came to the Blanco yesterday and was given a bed in room J. He retired and later in the night the clerk assigned Canfield, who registered as Bud Davis of San Francisco, to the cot in the same room.

When Antrim awakened this morning, his purse was lying on the floor and about \$12.50 in it was gone. No one was in the room. He informed Marshal Carter and the latter started to investigate. He found that Canfield, or Davis, had meanwhile returned and gone to sleep. When confronted and said that he had spent \$5 in a North Front street resort and the balance for liquor. He gave his age as 24, but is older. He worked his way here on the Alliance.

Antrim was left without money to pay his fare home, but some fellow lodge members came to his aid. In Justice Penneck's court he met R. O. Graves and they discovered they both knew many of the same people in Indiana.

TO REGISTER UNTIL OCT. 18

County Clerk Watson Changes His Ruling as Result of Crawford Opinion.

Attorney General Crawford has sent a letter to County Clerk Watson holding that the election to be held November 4 is a special election and that consequently the registration books must remain open until October 18.

Mr. Watson, acting on other legal advice, had previously instructed the registrars to close the registration October 4. Now he has instructed them to resume registering voters.

Attorney General Crawford sustains the position taken by Senator I. S. Smith, who aided in passing the measure, and that is that the election is a special election as stated in the law. Two of the Supreme Court judges and others are said to have held that since it is general throughout the state it is a general election, although not a regular election. Anyway, there is a muddle about it.

County Clerk Watson has sent blanks to the registrars and told them to resume registering voters.

Watson Explains. County Clerk James Watson has sent the following letter to The Times:

"I have received a telegram from the Attorney General stating that the election to be held November 4, 1913, is a special election as far as the County Clerk's Office is concerned, therefore, the period for registration of electors will continue up to and including the 18th day of October, 1913."

STILL THINKS WIRE IS JOKE

Judge Hall Cannot Believe Gov. West Meant Wire About Powers Paying Cost.

Judge John F. Hall has sent a letter to Governor West inquiring as to whether the telegram he received the day before yesterday relative to the expense of the Leach and I. W. W. matters and compelling A. H. Powers of the Smith-Powers Company is bona fide. Judge Hall is still of the opinion that the telegram is a hoax, even though it was printed by Portland papers as genuine. He says he cannot believe that Governor West would show so little sense as the telegram indicates. He will not answer it until he hears again from Governor West as to the authenticity of the message.

The exact cost of the Leach and I. W. W. investigation will have to be figured up by the District Attorney, as he is the only one who is able to check off the witnesses who were summoned for that affair. It will probably run about \$1200.

West's Version of It. A Salem dispatch says: "Because he believes that A. H. Powers, of the Smith-Powers Logging Company was the instigator of the I. W. W. deportation affairs in Coos County, Governor West is going to call upon Mr. Powers to pay the expenses of the recent grand jury investigation of the cases. The Governor sent the following telegram to the Coos County Judge at Marshfield today:

"Kindly send me detailed statement showing expenses caused your county by reason of the recent grand jury investigation of deportation cases. I wish to present bill covering same to A. H. Powers, Smith-Powers Company, for payment in order that the taxpayers of your county may be reimbursed."

SHAHAN CASE OPENED TODAY

MORE EVIDENCE INTRODUCED IN KINNEY FORECLOSURE—PROBABLE DEVELOPMENTS.

In order to introduce some additional evidence, including records of some deeds, the hearing in the J. N. Shahan estate mortgage foreclosure suit against Major L. D. Kinney was re-opened today by Referee Ira B. Riddle. Nothing of new nature was introduced.

Judge A. S. Hammond, of North Bend, who was here today said that a lot of misinformation concerning the Kinney receivership matter and attributed to Attorney E. R. Bryson who is representing Receiver Watters had been circulated. Mr. Hammond said that the idea of selling the property in a lump was ridiculous since the law prohibits such a thing. He said it had to be sold lot by lot or parcel by parcel.

He said that if receiver Watters or Mr. Bryson would intercede and have J. N. Kollok make a showing of his claims against Kinney, it would be a good thing as it would serve to clear things up. In the present Waite foreclosure suit, Mr. Waite's attorneys could not make Kollok a party as Kollok having the prior lien, Waite had no right to try and make him foreclose. However, the court on petition of the receiver might. Mr. Waite and his attorneys were figuring on trying to have Kollok make a showing of his claims later, but if the court will have him do so, so much the better.

Mr. Hammond said that there had never been any question about the Kinney title, the only trouble being the large number of claimants which made the property involved.

Mr. Bryson is expected to go to Eugene again in a day or so to confer with Judge Harris about the matter. He was at Eugene a week or so ago about it.

Receiver Watters has not yet announced his appointment of the new appraisers of the Kinney properties. The title to twelve fine lots in Plat B was cleared up the last week so that Henry Sengstacken was able to take possession of them.

ALONG THE WATERFRONT

A letter received here this morning stated that the Jaqua had been sold by the American Steamship company to the Union Iron Works, F. S. Dow, who has been agent for the Jaqua here and local representatives of W. S. Scammell, manager of the Jaqua, has not received any late advises, but thinks that the sending of the Jaqua to the Union Iron Works for repairs got confused. The steamer Hardy will handle the Jaqua's freight until the Jaqua is ready to resume the run, the Washington not being kept on the run.

A Portland paper says: "While no effort has been made to run a race on the voyage up from San Francisco, the San Ramon, Captain Jamieson, beat the steamer Northland, Captain Bodge, by an hour and a quarter actual running time. Both steamers belong to the E. J. Dodge line."

A Portland paper says: "When the gasoline schooner Patsy arrives from the Siuslaw Captain Galvabusch, formerly on the Anvil and Alliance, will take command of her. Captain Tabell, master of the Patsy for the last year, has tendered his resignation, deciding to live ashore for a spell. Captain Galvabusch has been in charge of the steamer Sue H. Elmore for the last two trips, relieving Captain Antonsen, who was away on a short vacation. Both steamers belong to the Elmore fleet. The gasoline schooner Tillamook, of the same line, left for Bandon."

ATHLETICS THREE RUNS IN FIRST THREE INNINGS

McGraw Congratulates Connie Mack — Rooters Carry Plank From Field.

(By Associated Press to Coos Bay Times.)

PLANK HOLDS GIANTS TO ONLY TWO HITS

NEW YORK, Oct. 11.—Plank's marvelous pitching today, when he held the Giants to two hits, makes him the pitching hero of the World's Championship series. Last Wednesday, on the Philadelphia field, Plank shut out the Giants for nine innings, only to lose the contest in the tenth. The Athletic left-hander never was in better form than today, his bewildering cross fire standing the Giants on their heads. Had not Plank nuffed a pop fly, with a double play in sight, the Giants would have gone scoreless through the game.

Mathewson also pitched superb ball, and after the third inning held the Athletics safely. Philadelphia got their three runs in the first three innings.

After the game Manager McGraw hurried over to the Athletic's bench and congratulated Connie Mack. Philadelphia rooters swarmed down on the diamond and bore Eddie Plank across the field on their shoulders.

Score by Innings: Phila. 1 0 2 0 0 0 0 0—3, N. Y. 0 0 0 0 1 0 0 0—1. Today's lineup: Phila. New York, Herzy, Murphy, rf., 3b, Oldring, lf., 2b, Doyle, Collins, 2b, ss, Fletcher, Baker, 3b, cf, Burns, McInnis, 1b, cf, Shafer, Strunk, cf, Murray, Barry, ss, c, McLean, Shang, c, 1b, Merkle, Plank, p.

Attendance 35,000. (By Associated Press to Coos Bay Times.)

NEW YORK, Oct. 11.—35,000 persons went to the polo grounds. With the heavy clouds drifting in from seaward, there was constant fear that rain would end the struggle. Canvas mats protected the inner playing field from the night's downpour, and the groundkeepers had the diamond in shape for smart fielding play.

The Game by Innings: First inning—(first half)—Murphy singled on the first ball pitched, Fletcher being barely able to reach it with his ungloved hand. Murphy was forced at second when Mathewson took Oldring's bunt and tossed to Fletcher. Collins shot a single to right, Oldring easily making third. Oldring scored when Burns caught Baker's sacrifice fly. Burns made a wild throw to the plate, the ball going over McLean's head. Collins went to second on a wild leave. Herzog took McInnis' splash and threw to Doyle, who touched out Collins. One run, two hits and one error.

Second Inning—(first half)—Doyle tossed out Strunk at first. Barry out on a high fly to Murray. Schang faced Mathewson for the first time in the series. Schang got an infield bang which bounded off Matthew's gloves. Plank popped out to Herzog. No runs, one hit and no errors.

Second Inning—(second half)—Baker threw out at Burns at first. Shafer fouled out to McInnis. Murray thrown out by Plank at first. No runs, no hits and no errors.

Third Inning—(first half)—Murphy got his second single to left. Doyle made an error on Oldring's hot grounder. Murphy going to second. Collins out when Merkle took his sacrifice bunt and touched him on the line. Both runners moved up. Murphy scored when Merkle took Baker's smash and threw to the plate. Oldring went to third. Oldring scored on McInnis' sacrifice fly to Burns. Baker was held at first. Doyle threw out Strunk at first. Two runs, two hits and no errors.

Third Inning—(second half)—McLean sent up a high fly to Oldring. Merkle lined-flied to Collins. Barry threw out Mathewson at first. No runs, no hits and no errors.
