Look Back a Month Ahead a Year

LOOK backward one month and recall how your money went. Was every cent wisely spent? Would the little fragments of fortune, tossed after trifles, total a dollar, or two, or five?

Which would you rather have now, the trifles you bought, or the coin you paid for them?

Now look ahead a year: Will your present habits cause a repetition of last month's spending, until the year is gone?

Today's history is part of your life history. What fortune are you building? To what extent is a bank account shaping your future?
