M. C. MALONEY Editor and Pub. DAN E. MALONEY News Editor OFFICIAL PAPER OF THE CITY OF MARSHFIELD.

GOOD EVENING.

Write it in your heart that every day is the best day in the year. No man has known anything rightly until he knows that every day is doomsday.—Emerson.

Success is a story. That's covered with glory. For a winners' tales never exhaust. We think this clever, We could listen forever, But we don't want to hear how you last.

OUCH!

It's easy for an editor to be pleasant. When names get in the paper correct. But the editor worth while is the one who can smile. When Capt. Olson is made Capt. Nelson and Mrs. Pankhurst becomes Mrs. Barkhurst and many others he might detect.

John Goss says the income tax doesn't frighten him nearly so much as the on-coming taxi's—Haney's and Tom Goodale's.

FIND MISSING GOODS CACHED

Suitcase Full of Tools and Blankets Taken From Smith Mill Workmen.

The finding of a suitcase carefully concealed in the brush near the South end of Fifth street yesterday explains partly the mysterious disappearance of tools and various articles belonging to workmen on the construction of the C. A. Smith pulp mill early in the summer. The suitcase and articles were found by Pete, a member of the street-cleaning force.

Marshall Carter says that the articles include those which he accused A. Jarvenan, a former Beaver Hill miner, of taking. Jarvenan was arrested last summer on the charge of making away with various articles and also of buying goods on the installment plan and then disposing of them to a second-hand store. He was given fifteen days in the county jail, but steadfastly refused to tell about the other articles. He then lived at or near Eastport.

Among the articles found yesterday were the following, which are being held at the police station until claimed by the owners: Four pairs of blankets, brown suitcase, plane, screwdriver, one bit, two chisels, file, two pliers and two miner's caps and lamps.

D. D. D. Opens New Era in Cure of Skin Disease

Professor Budlong's case of eczema was known to almost every hospital and physician of reputation throughout the state of Connecticut. His letter is another interesting demonstration of what is being accomplished by the famous specific D. D. D. Prescription. "It may be of interest to you to know that your life-giving preparation, D. D. D. Prescription has been of incalculable value to me. I was covered with eczema from head to foot when I began using your remedies. I could get no relief, although I tried a thousand means. I applied but two bottles of the Prescription; a cure was effected in a very short time, in less

PICTURE SHOW AT THE MASONIC

Manager Pratt to Inaugurate a New High Class "Movie" in Marshfield.

V. O. Pratt, manager of the Masonic opera house, announced today that he has perfected plans for opening a new high-class moving picture show at that theatre.

It is his purpose for the present to operate only two nights a week and his attractions will consist of state right pictures only that are never shown at any of the other picture shows. These special pictures are unusually strong features produced by special companies at enormous expense and are issued only on large guarantees which prevents their being shown at the regular "movie" houses. They are all three and four reel pictures, never less than four thousand feet, and often six and seven reels are shown. The Masonic has been newly wired and a new picture machine of the most approved pattern has been installed and the new show will be opened on Friday and Saturday night of this week with a strong and interesting program which will be announced later.

Manager Pratt announces that the admission will be ten cents.

REDMEN NAME NEW OFFICERS

"MATTY" MUST PLAY CHECKERS

Fielder Jones Denies Christy's Claim to Checker Championship Among Players.

PORTLAND, Or., Oct. 21.—When Christy Matthewson of the New York Giants reaches Portland he will be called upon to play a game of checkers with Fielder Jones, president of the Northwestern league, for the baseball players' checker championship. Matthewson claims the title of champion among the baseball players, and Fielder Jones disputes this.

BANDON BODY NOT JOHNSON

Corpse Picked up on Beach Proves to be J. F. Keating, of San Francisco.

Coroner Fred Wilson returned today from Bandon and states that the body found on the beach below there yesterday was that of John F. Keating, a San Francisco sailor, and not the body of Sigwald Johnson, the missing Bandon man who is supposed to have been murdered.

Papers found on the corpse, which was washed up on the beach about eleven miles below Bandon, showed that the victim was John F. Keating; that he had been a sailor; that he was a member of San Francisco Aerie No. 5, Fraternal Order of Eagles; that he had evidently committed suicide because of trouble with his wife and the condition of the body indicated that he had been in the sea ten days or two weeks.

In his pockets was \$20.00 in cash and many papers, among them his naturalization papers showing he was born in Germany 48 years ago. Another slip showed that he had recently transferred \$600 life insurance to a German friend in San Francisco.

There was a six page letter, badly spelled and written and scarcely legible, which he headed "statement," and which gave his life history and contained a bitter attack on his wife, whom he accused of much wrong doing, and saying she was responsible. He also told of their household belongings and insisted that one-half belonged to him.

No one could be found at Bandon who knew Keating or had heard of him and the conclusion was drawn that he had jumped overboard from a steamer passing up or down the coast.

The coroner's jury returned a verdict of drowning.

LAST CHANCE FOR ELECTION

Candidates for City Offices Must File Petitions Before November First.

The Marshfield City Council last night decided to eliminate the nominating election and have all candidates for city offices nominated by petition for the coming city election. City Attorney Goss said that the elimination of the primary election would not invalidate the regular city election and while he thought that the city might be compelled to hold a primary if some one insisted, he did not know of anyone who could insist, as no one had filed for the primary.

There was a question then as to the date the nominating petitions had to be filed. It was agreed that they had to be filed thirty days before the election so that the petitions of candidates who want their names on the ticket for the city election in December must file their nominating petitions prior to November 1.

City Attorney Goss promised to have a statement prepared and published giving the facts about the nominating petitions. There was considerable discussion about the primary. Councilman Cople wanted the party lines eliminated, but Mr. Goss did not think they could be in a primary.

Mayor Straw said that Mr. Cople need not worry about that because he was not going to be a candidate this year. Cople said he wasn't either.

As to the primary, Mr. Goss said there was a question because the specified date would fall on Sunday and whether it should then be held on Saturday preceding or the Monday following was a problem which the law did not settle.

All of the Councilmen appeared more or less interested in this. There has been talk of the probability of Allen, Albrecht and Cople being candidates for Mayor and of Ferguson and Evertsen as candidates for re-election, leaving only Walker unaffected.
