

# NEW HIGHWAY ROUTE URGED

V. H. Sargent, a Ten Mile rancher, is at the head of a movement among the residents of that section to try and divert the proposed trunk line of highway from via Myrtle Point to Roseburg, to via Ten Mile and the Umpqua to Drain. Mr. Sargent says that most of the ranchers of the various inlets north of the Bay are in sympathy with the movement and that unless they can be assured of this road being built, they will defeat any bond issue proposition for the other route. Mr. Sargent had a meeting of some of the ranchers interested at North Bend yesterday and expects to enlist some aid on the Bay. Among the Haynes Inlet ranchers present yesterday were: Charles Denis, W. J. Cole, Dan Walker, A. N. Christensen and A. E. Hanson.

## RANCHER ON ROADS.

Editor Coos Bay Times: On October 16, The Times stated that the farmers should be shown that when it is easy for them to bring their products to some convenient center over good roads, it means saving in time, in wear and tear of harness and wagons, permit us to say that it is not the farmer, but the members of the Good Roads' Association who need to be shown. To that end, we have been protesting and challenging for six weeks and they have never even shown us the courtesy to make reply. As we have repeatedly stated the farmers are not opposed to good roads. No one knows better than the farmers the value of good roads or the blight of cow trails—road so-called. Except it be the consumer, no one can profit more by good roads than the farmers. But there are good roads and good roads. The proposed trunk line to be built in cooperation with the state may be a good road but not according to the generally accepted idea of the term as applied to roads being built by municipalities in cooperation with their respective states all over the country.

Mr. Houston, of the Department of Agriculture, defines a good road as follows: "The essential thing is to provide good roads which will get products from the community farms to the nearest station and make rural life more profitable, comfortable and sociable," and this is just the sort of good road that is acceptable to the ranchers. Roads that will place the producer in direct and easy communication with the consumer, thus eliminating the middleman and reducing the high cost of living. Roads from which jokers and favoritism are eliminated. The ranchers are willing to support a bond issue or any legitimate means in order to bring about the desired results. But compare the following definition of a good road with the above: "Commence at the Douglas County line, build via Myrtle Point to Coquille, etc." In the latter case it is possible to sink a million dollars between the Douglas County line and Coquille and build a Roman highway, which certainly would be a good road, but wherein would it benefit the producer or consumer or have any effect on the high cost of living? On the contrary, it would increase the burden which is fast becoming unbearable. We are accumulating information and data and later will have something more to say in regard to this particular section of trunk line. The ranchers are the most reasonable body of men in Coos County to deal with, if approached with a fair proposition, but we have caught the spirit of the times; are organizing and are a force that must be reckoned with in the future. And, gentlemen, you will be made forcibly aware of this fact long before any trunk line is built to Roseburg. If you will come out and openly discuss the merits of your plan, show wherein it is for the best interests of the community as a whole, and point out wherein we are wrong in our opposition to the same, it may save you future humiliation.

—RANCHER.

The changeable weather of early fall brings on coughs and colds that have a weakening effect on the system, and may become chronic. Use Foley's Honey and Tar Compound. It has a very soothing and healing effect on the irritated and inflamed air passages, and will help very quickly. It is a well known family medicine that gives results. Owl Prescription Pharmacy, Frank D. Cohan, Opposite Chandler Hotel, Phone 74.

## NEWS OF NEARBY TOWNS

### CURRY COUNTY LIQUOR CASE

**Capt. Jack Hamilton, of Launch Klamath Fined \$200 for Offense.**

(Special to The Times.) GOLD BEACH, Or., Oct. 23.—Captain Jack Hamilton, of the gasoline launch Klamath, plead guilty to a violation of the local option laws at Brookings and Justice Benham fined him \$200 and costs. Deputy Prosecuting Attorney W. H. Meredith and Sheriff C. H. Bailey had made a hurried trip to that part of the county on a telephone call from the local authorities there, and the Prosecuting Attorney found plenty of evidence against the defendant, whereupon he filed four separate charges against Hamilton, and Sheriff Bailey brought him in on a warrant charging him with selling liquor to a minor. Upon the promise of the defendant that he would not hereafter violate the local option laws of Curry County, and would assist the authorities in getting evidence against others supposed to be violating the law at Cheeto, all charges but one were dismissed against Hamilton and he was fined as above stated. Deputy Prosecuting Attorney Meredith says he will get every bootlegger in Curry County if the local authorities will give him a little assistance in getting evidence.

### COQUILLE WON GAME.

**Defeats Myrtle Point in First Football Game of the Season.**

The Coquille Herald says: "The Coquille High School football team went to Myrtle Point Saturday and easily defeated the High School team there by a score of 18 to 0 in the first game of the season. Not once did they let the ball close enough to their goal to make the situation dangerous. Although somewhat outweighing our boys on the average, the Myrtle Point bunch could not compare with them in speed and sureness of action, and fumbles on their part were frequent. The first two points were made in the first

### MYRTLE POINT NEWS NOTES

(Special to the Times.) MYRTLE POINT, Or., Oct. 23.—

Mr. A. Hauge started Monday for San Francisco, where he will transact business, and will also visit relatives at Alvarado. He will go by the steamer Elizabeth from Bandon.

H. K. Hansen went to Marshfield, and to Coquille Tuesday, attending court.

Mrs. W. W. Bennett, who has presided at the "Palace of Sweets" for the past year, has resigned and is visiting at Marshfield, after which she will return to her home on North Fork.

Mrs. H. K. Hansen, with her daughter, Florence, will leave Wednesday morning by auto for Roseburg on their way to San Francisco. Z. T. Johnson says that the first goose of this season flew over us Sunday night, going south, and that we should prepare for winter.

Our railroad waiting room is now too small to accommodate its patrons.

T. B. Masters came in today to remain with us. He lived thirty-two years in Portland and now decides that a nice quiet place like this is it. He is accompanied by his wife and daughter.

A boat is being built here to be run on the north and south branches of the Coquille River. It is a twin screw. O. H. Robinson is the chief promoter.

Lee Ray is troubled with a very sore hand. After feasting and breaking five times he has had it lanced.

In the first quarter, and in the second quarter Kern made a touchdown by a short run through tackle. In the third quarter, however, came the feature play of the game when "Spike" Leslie, from a distance of about 40 yards and at a difficult angle, made a drop kick from the field which is said to be the only one ever made in High School football in Coos County. Another touchdown was made by Miller in the last quarter and "Spike" again lifted the ball for a goal kick, making the final score.

## TAFFETAS COME AND TAFFETAS GO, BUT THEY ALWAYS LINGER NEAR

Afternoon dresses are becoming more elaborate each day. The skirts are draped, and many of the bodices show a two-toned effect brought about by an underblouse of figured net or lace and the overblouse either of chiffon or the material of the skirt. One of the most popular materials for these early autumn afternoon dresses is taffetas, a soft, supple quality that lends itself easily and gracefully to drapery. The printed taffetas are especially effective. One extremely smart dress of which 7728 is almost an exact counter-

part was in a dull, dark blue taffeta with a queer conventionalized design in a very soft rose color. The underblouse was of patterned net. The drapery in front was caught with an odd looking ornament of rose colored enamel.

7728 is another draped model that would be excellent for satin, crepe de china or Canton crepe. Canton crepe is one of the newer crepes and a most graceful clinging stuff. No. 7728—sizes 32 to 42. No. 7726—sizes 34 to 42. Each pattern 15 cents.

To obtain either pattern illustrated fill out this coupon and inclose 15 cents in stamps or coin. Be sure to state number of pattern and size, measuring over the fullest part of the bust for dimensions. Address Pattern Department.

If anyone has some of our Post Cards at hand from the Sweetheart Toilet Soap Company, please send to us and we will mail you a bar of the soap free of charge or bring the cards to the store and get the soap (free.)

## Look Back a Month Ahead a Year

LOOK backward one month and recall how your money went. Was every cent wisely spent? Would the little fragments of fortune, tossed after trifles, total a dollar, or two, or five?

Which would you rather have now, the trifles you bought, or the coin you paid for them?

Now look ahead a year: Will your present habits cause a repetition of last month's spending, until the year is gone?

Today's history is part of your life history. What fortune are you building? To what extent is a bank account shaping your future?
