

HUNDREDS of men in this city are going contrary to their best interests every day. They are blind to things that would help them. In particular they are passing by one of the chief essentials to success—good clothes.

If you expect to do well you must dress well, If you are to gain the confidence of others you must have confidence in yourself. You must leave your home each morning confident that you are wearing clothes of correct style and good quality.

Would a Court Have to Decide Your Fire Loss?

Not if we wrote your policy, because we know how to write forms which cover any possible loss, how correctly to define insurable interests, and we have the big, strong, able companies with "Pay" records.

LAUNDRY

We iron our goods by the very latest improved machinery and do not crush the life out of the linen after a few weeks. Our low pressure machinery is so easy on the goods that we are enabled to launder many garments as much as a year or more. The finish that we produce is an exact duplicate of that which is being worn by the most careful dressers in the larger Eastern cities. If you want laundry work that will give you the satisfaction of knowing that you are wearing the very latest, you should be sure to send your package to us. Our wagons call everywhere.
