PUBLIC WILL OWN STOCK

This Provision Incorporated in Currency Bill Yesterday—Banks Take Stock.

(By Associated Press to Coos Bay Times.)
WASHINGTON, D. C., Nov. 7.—Stock in the regional banks of the new currency system will be owned by the public, and regional banks will be controlled by the Government. The Senate banking committee incorporated that feature yesterday in the administration currency bill by a vote of seven to five. Senators Reed and Hitchcock, Democrats, joined five Republicans in voting for the resolution over the protests of Senators Owen, Pomerene, Shafroth, Hollis and O'Gorman, the remaining Democrats. The resolution was jointly framed by Senators Reed, Hitchcock and Weeks. It was regarded by some as a basis of compromise between the White House and members in control of the committee. Provisions in the House bill to compel National banks to subscribe ten per cent of their capital to the new system, under penalty of losing their charters would be eliminated, if after sixty days the public had not subscribed for all of the capital. Banks entering the system would be required to take up the remaining stock.

MARTIAL LAW IN INDIANA

Gov. Ralston Orders Entire State Militia to Indianapolis to Preserve Order.

(By Associated Press to Coos Bay Times.)
INDIANAPOLIS, Ind., Nov. 7.—The entire state militia of Indiana has been ordered out by Governor Ralston, on account of the street car strike here. The Governor also has announced that he would declare martial law. All of the troops are expected here this afternoon. The Governor's decision was reached after a conference with city officials and representatives of various organizations. The Governor believes the situation is critical. "Men are being assaulted and killed," he said. "Property is being destroyed and there is rioting in the streets. I feel it is the duty of this office to take this drastic action." The Indiana National Guard numbers about 2000, including three batteries of artillery.

Labor Leaders Protest.
Labor leaders protested to Governor Ralston at his action when they learned that the militia had been called out. John Keegan, a member of the last Legislature, told the Governor he intended to organize the strikers and meet the militia at the trains. A protest on behalf of the strikers asserts the police and Sheriff have not exhausted their powers, and for this reason the state should not at this time interfere.

Do Not Advocate Violence.
A mass meeting of strikers was held at noon on the State House lawn. Speeches by labor leaders and state officials urged there be no violence and that the strikers do all in their power to preserve law and order. When it was announced the militia was coming, the crowd jeered Governor Ralston, who in an address told the strikers he was not responsible for the present conditions and said he had done all in his power to arrange a settlement.
