## We All Deplore the Fact

That burglaries or accidents occur; that buildings burn; that water pipes and plate glass break; that ships sink; that all men are not honest, and that all men must die, but the prudent man leaves nothing to chance that can be guarded against by forethought.

## LOCAL NOTES

**NOVEMBER TIDES.**  
Below is given the time and height of high and low water at Marshfield.

The tides are placed in the order of occurrence, with their times on the first line and heights on the second line of each day; a comparison on consecutive heights will indicate whether it is high or low water. For high water on the bar subtract 2 hours 34 minutes.

**Takes Possession.**—Jay Doyle has concluded his negotiations for the purchase of the Unique pantatorium and has taken possession of the business.

**To Start Work.**—Peart Brothers have completed their street grading contracts in Coquille and are planning to start work on their Marshfield contract in about ten days.

**Start Improvement.**—Contractors Small and Morrissey today started work on their contract for paving South Broadway between Central avenue and Mill Slough.

**Many Guests.**—The Chandler hotel was unable to accommodate all its guests last evening, although the new annex has been furnished. About a dozen guests had to be sent elsewhere.

**Survey Boulevard.**—The county surveyors at work on the Marshfield-to-the-sea boulevard road have nearly completed their work. By changing from the route surveyed by F. K. Gettins for the city, they have been able to get better grades. It is said.

**Complain of Service.**—E. K. Jones, J. C. Kendall and others, are today talking of entering complaint either through the Marshfield Chamber of Commerce or direct to the Oregon Railroad commission about the service on the local railway between here and Myrtle Point, claiming the trains are late too frequently, the accommodations are inadequate, etc.

**Football Man Here.**—"Sue" Jones, formerly a star on the Iowa Normal football team at Cedar Falls, and later assistant coach at Ames, arrived here yesterday to visit R. E. Miller of the dredge Seattle, a former college mate. Jones has been working on the Milwaukee extension. He is still interested in football and would like to get in on an independent team here.

**Bernell's Project.**—The following from the Roseburg Review will be of interest here owing to Bernell's operations in Marshfield a few years ago: "Wm. Bernell, formerly proprietor of the old Star Theater,

in this city, passed through here this morning en route to San Francisco, where he said he was going to erect a \$25,000 showhouse for the exposition. He was accompanied by his wife and child. The former Mrs. Bernell is married again, also, and lives in Little Rock, Ark. The present Mrs. Bernell is a niece of M. Devaney, of this city."

**Purdy's Troubles.**—The following from a Roseburg paper will be of interest on the Bay, as W. W. Purdy was here a few years ago, promoting an electric line from Coos Bay to Oakland, and later was connected with the Lakeport project in Curry County: "Mrs. Lillian Purdy filed a suit in the Circuit Court in which she asks that the bonds of matrimony now existing between her and Wilbur W. Purdy be severed. Cruel and inhuman treatment are the chief allegations contained in the complaint. Specifically Mrs. Purdy recites the details connected with an alleged assault upon her, which occurred on a business street of the city several months ago. Purdy, she says, incited the assault through jealousy."

## Questions and Answers

Question—Why should I buy my bicycle at Marshfield Cyclery?

Answer—Because you don't have to take what you can get.

- You may choose your gear.
- You may choose your brake.
- You may choose your saddle.
- You may choose your handlebars.
- You may choose your frame.

We ask you to try the different saddles, handlebars, etc., before you decide on the ones to take.

It's all a simple proposition of giving satisfaction.

Our margin of profit is low, very low, but the wholesalers have asked us "what do you do with all those bicycles?" We sell them—sell them all the time.

Marshfield streets are ideal for bicycle riding and bicycle riding is the ideal way of "getting there" quickly.
