## HIGH SCHOOL TO HAVE GYM

### Property Owners Vote in Favor of \$10,000 Levy for New Physical Department

By a vote of 34 to 18, property owners in school district No. 9 in Marshfield voted in favor of the special levy of \$10,000 for a gymnasium and swimming pool on the high school grounds last night at the special election held in the Central school building between 7:30 and 8:30 p. m. The formal vote to provide for a 9-mill tax, to cover the regular levy for running the local schools for the coming year, resulted in a vote of 48 for and 14 against it.

The property owners opposing the levy for operating the schools also voted against the gymnasium project, and when the negative against having schools in Marshfield on the part of several old timers was read aloud there was much amusement shown among those awaiting the result of the vote.

An interesting feature was the interest and anxiety shown over the gymnasium vote by several high school students, who came to the Central school with their parents in tow, determined to make their best efforts to have the physical training department for the schools win out. These youngsters remained until the last vote was counted and could barely repress a desire to shout with glee when the result was announced.

Secretary Hall opened the proceedings by announcing that the tax for running the schools for the year

would be nine mills. He stated that while the expense of operating the schools has increased with the growth in the attendance, the area of taxable property has also increased to such an extent that the individual tax would not be greater than the last year. He also drew attention to the special question on the same ballot, covering the construction of the \$10,000 gymnasium and swimming pool.

Supt. F. A. Tiedgen discussed the need for the swimming pool and gymnasium, stating that the addition of a physical department was just as necessary, and probably more so, than departments for improving the mind. He declared that physical training was a very important feature in all modern school work, and that as the old tabernacle, which is now used, cost more than the interest on the proposed levy, the latter should be voted favorably.

"We need a gymnasium to properly carry out our high school work and to maintain the dignity of the institution," he declared.

That the majority of those present agreed on this point was amply proven by the vote cast.

At the close of the election, the school board held a brief session and approved the levy of two mills to pay the interest on outstanding bonds and to provide for retiring \$1,500 of bonds for the coming year.

## NEWS OF NORTH BEND

Geo. Sheridan, of the North Bend Condensary, returned home today from Roseburg, where he went to see his father, T. R. Sheridan.

James Parker, of Leon Lake, was brought here yesterday to receive treatment at Mercy Hospital. His wife was formerly Miss Smith, daughter of Mr. and C. T. Smith, of Kentuck Inlet, and sister of Miss Annie Smith, of Marshfield.

Clarence Lewis, of North Bend, whose parole was revoked this week by Judge Coke because he indulged too freely, was taken to Salem yesterday by Sheriff Gage. He will have to serve about eighteen months if he keeps on his good behavior during his incarceration.

Miss Grace Fulton's victory in the North Inlet homestead contest case was loudly applauded by her pupils in the North Bend High School yesterday. Miss Fulton is one of the high school teachers, and her pupils had been deeply interested in the efforts of Shaler and others to wrest from her the claim on which she had spent so much time and effort. Their sympathy was all with her and yesterday she was in her room when she received word of her victory, the Register of the U. S. Land Office at Roseburg having decided in her favor. She announced the decision to the pupils who cheered lustily over her victory.

The North Bend Swedish Lutheran Ladies Aid Society will give a box social at the church parlors Saturday evening.

A plan to unite Chas. Thom, owner of the North Bend brewery, and L. S. Kearney, who recently announced he could not accept the North Bend hotel site proposition, is reported to be on. The plan is to have the same company conduct the brewery and build the hotel. If this doesn't go through, an effort will be made to get others to take up the hotel proposition.

A. L. Gubser has purchased D. C. Green's Overland auto.

C. A. Sehlbrede will deliver an address before the Boy Scouts at Myrtle Point November 28.

E. J. Arms, a lineman for the Oregon Power Company, formerly at Marshfield and now in charge of the reconstruction at Coquille, and Miss Gineva Smith of North Bend, were married at Coquille Tuesday evening at the home of C. H. Bryant. They are guests at the home of Mr. and Mrs. J. H. Taylor, but will reside in Coquille later.

C. C. Johnson, of Willanch Inlet is circulating a petition to raise funds for dredging that Inlet. The Port Commission has promised about \$600 and he hopes to raise several hundred among the property owners there.

Supt. Raab reports that the enrollment of the North Bend schools has increased to 540, taxing the capacities of the various rooms to the utmost. Of the last twenty-five enrolled, only two or three were for the high school.

A special road district election will be held in North Bend November 28 at 2 o'clock for the purpose of voting a special ten mill tax levy to raise \$18,000 to open and hard pave the road from North Bend to Empire. The total cost will be about \$30,000 and the county general fund is to contribute \$12,000 towards it.

The North Bend high school pupils are planning to organize a boys' and girls' glee club.

J. H. Bell, of Springfield, Oregon, is the guest of A. H. Derbyshire. He is en route to Bandon, where he proposes to start a wholesale liquor house. He was second lieutenant in Company D, First Idaho Volunteers, in the Spanish-American war, in which Mr. Derbyshire was a private.

Howard Brett has opened a shooting gallery here. Brett recently lost an arm and a leg in a logging road accident on Isthmus Inlet, later lost most of his cash in the burning of an artificial limb factory in Portland in which he bought an interest and lately lost \$10 which he paid for some knives which were later found to have been stolen from the Simpson Hardware store at Ashland.
