

ROYAL BAKING POWDER

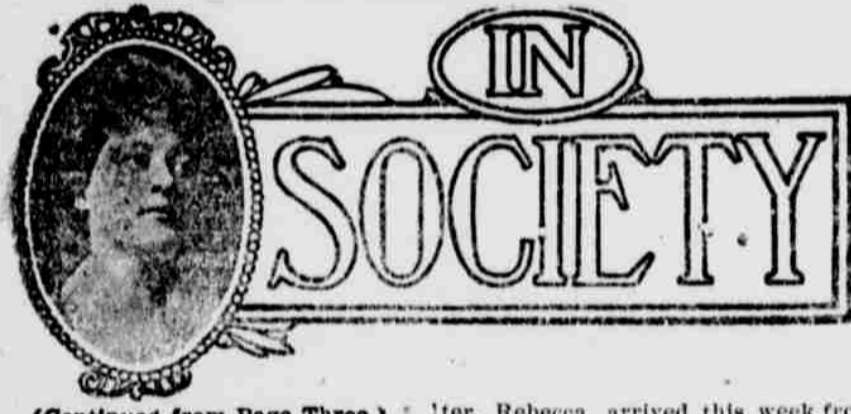

Is the Housewife's Greatest Help.

WHAT so tempting to the laggard appetite as a light, flaky, fruit short cake or a delicate hot biscuit?

Royal makes the perfect short cake, biscuit and muffin, and improves the flavor and healthfulness of all risen flour-foods.

It renders the biscuit, hot-bread and short cake more digestible and nutritious, at the same time making them more attractive and appetizing.

Royal Baking Powder is indispensable for the preparation all the year round of perfect foods.

BUSINESS CONDITIONS.

The New York Herald has recently made an investigation of the business conditions throughout the country, and contrary to its expectations, business was found to be getting along nicely everywhere except among the railroads and stagnation is confined to the east because of the refusal of the Interstate Commerce Commission to allow an increase in freight rates. If it is a fact that business is good there should be no reason for the railroads to suffer any more than they have during the last hundred years.

IMPORTANT NOTICE.

During my absence from the city, my foreman, G. M. Binkey, is authorized to act for me and any figures he gives or contracts he makes will be honored by me.
