Ought to make everyone on Coo Bay happy, but ideal happiness cannot be attained unless you are a subscriber to The Coo Bay Times.

VOL XXXVII. Established 1878 as The Coast Mail

MARSHFIELD, OREGON, WEDNESDAY, JANUARY 21, 1914—EVENING EDITION.

A Consolidation of Times, Coast Mail and Coo Bay Advertiser.

No. 156

REPLIES OF UNITED STATES UNSATISFACTORY TO JAPAN

Absence of Reply to Third Protest on Land Legislation Is Scored

OTHER PLANS FOR SETTLEMENT URGED

"Too Much Reliance in Good Will of U. S." Declare Nipponese.

(By Associated Press to Coo Bay Times.)
TOKIO, Jan. 21.—Japan regards as unsatisfactory the replies made by the United States to the protests in connection with the California alien land ownership legislation, according to a statement of Baron Nobuake Makino, Japanese Foreign Minister, in an address to parliament.
"Japan recognizes the necessity of elaborating other plans for a solution of the question," he said, "The nature of these plans I am as yet unable to report."
Baron Makino's declaration that "no answer whatever" had been made by the United States to Japan's third protest, presented in August, was the signal for an attack on the government by several members of the opposition, who alleged that too much reliance had been placed in the good will of the Americans.

THREATENS SUIT.
Federal League to Prosecute Organized Baseball Body.

(By Associated Press to Coo Bay Times.)
CHICAGO, Jan. 21.—The Federal League notified the powers of organized baseball today that the signing of players already under contract with the Federal will be fought in and out of the civil courts. The threat was in the form of a telegram which President Gilmore of the Federal League sent to President Baker of the Philadelphia Nationals declaring he would "protect the contracts signed by Ad Brennan and Will Kibber."

AVIATORS SEEK SUBMARINE 'A7'

Hydro-Aeroplanes of British Army Hurry to Scene of Catastrophe

(By Associated Press to Coo Bay Times.)
PLYMOUTH, Jan. 21.—The services of several aviators have been enlisted in searching for the British submarine, "A7," which disappeared with its crew of eleven on January 16, during maneuvering on White Sand Bay. A number of hydroaeroplanes attached to the British navy left today for Plymouth.

SUBMARINE LOCATED.

Sunken Craft and Men 200 Feet Under the Surface.

(By Associated Press to Coo Bay Times.)
PLYMOUTH, Jan. 21.—The British submarine "A7" was located today on the bottom at a depth of 200 feet.

100 STRIKERS ARE ARRESTED

Portugal Follows South Africa's Plan of Ending Railroad Walkout

(By Associated Press to Coo Bay Times.)
LISBON, Jan. 21.—200 leaders of the general strike of railroad men in Portugal were arrested today by order of the government. Warrants against 400 others were issued, but the men evaded capture. The strike, which started on January 14, has been broken.

Star Spangled Banner.

PEACE WORKER IS DEAD AT 76

Founder of International School of Peace Succumbs in Boston Home

(By Associated Press to Coo Bay Times.)
BOSTON, Jan. 21.—Edward Ginn, publisher of school and college text books and founder of the international school of peace, died today at his home in Winchester, aged 76.

STORM BEGINS TO SLOW DOWN

Weather Along Coast Moderates—No Further Word of the Yellowstone

This afternoon the moderate weather off Coo Bay disappeared and was replaced with a howling gale from the southwest which promises to cause a stir in shipping circles again.

Since yesterday at noon no word has been received by Wireless Operator Williamson of the progress being made by the steamer William Chatham, which is towing the injured stern schooner Yellowstone to San Francisco. The Adeline Smith, on the way up the coast, did not sight either of the vessels as they slowly neared the Golden Gate.

While the weather in Marshfield has been storming during the last twenty-four hours, conditions at many places along the coast have about reached their normal stage. Wireless Operator Williamson reported the weather off the mouth of the Columbia as being quite mild. The same condition exists off Cape Mendocino, according to the wireless operator at Table Bluff, while the only place where the wind is still lively is off Cape Blanco.

The storm of the last three or four days was largely confined to an area between Cape Blanco and the Columbia. The conditions at the various points along the coast this morning were as follows:
Table Bluff—Rain, wind south, blowing ten miles an hour, temperature 50, barometer 29.80, sea moderate.

Cape Blanco—Wind southwest, 25 miles, temperature 50, barometer 29.50, sea moderate.
North Head—Foggy, sea calm and no wind, temperature 44, barometer 29.50, sea and bar smooth.

RECEIVERS SELECTED.

President Wilson Nominates Roseburg and Portland Men.

(By Associated Press to Coo Bay Times.)
WASHINGTON, D. C., Jan. 21.—The President made the nominations today for Receivers of Public Moneys of R. R. Turner, of Roseburg, Oregon, and George I. Smith, of Portland, Oregon.

ALLIANCE OUT FOR PORTLAND WATER RISES ON THE RIVER

Leaves With Freight and Passengers—Redondo to be Here Tomorrow

Taking a big shipment of white cedar ties for Astoria, including general freight for the Columbia River, the steamer Alliance, Captain Lofstedt, left for the lower harbor this morning and crossed out for Portland at 7:40 o'clock. She carried a good sized list of passengers from Coo Bay and Eureka.
The passenger list was as follows: George Lozopoulos, F. Lichens, George E. Hymer, Ira Smock, James Thomas, E. McPhee, O. Olsen, Mrs. Myrtle Parker, Mrs. M. Murphy, F. W. Strom, J. H. Griffith, H. R. Paige, A. R. O'Brien and wife, J. C. Maxfield, J. E. Brigham, C. Olsen, R. Spencer, James Moynihan, J. Evans and James Taylor.

Local agents of the steamship Redondo stated this morning that the steamer would arrive from San Francisco tomorrow probably in the afternoon and would sail on her regular schedule on Saturday, the hour to be announced later. According to this arrangement a bad bar and heavy weather caused the Redondo to drop a full week out of her schedule.

Aboard the Redondo are big shipments of butter, meats and other products of which there is a slight famine on Coo Bay. Her arrival is being watched with close interest and the rush act will be performed on her cargo.

AVIATOR FALLS TO HIS DEATH

German Military Airman Drops to Earth After Making Sharp Turn

(By Associated Press to Coo Bay Times.)
MUNICH, Bavaria, Jan. 21.—Sergeant Schweisser, a German military aviator, was killed today in a fall with his aeroplane. The accident was caused when he turned too sharply.

RANGE LIGHTS IN BAY OUT

Adeline Smith and A. M. Simpson Delayed—Schooner Polaris Wrecked

As a result of three of the four range lights in the lower bay being out last night, the Adeline Smith and the A. M. Simpson had to lay off the bar all last night. Had it not been for a favorable tide at a favorable hour this morning, both might have had to lay off all day again.

Captain B. W. Olson of the Adeline was highly indignant over it. There has been much complaint by the masters of vessels about the harbor lights being out, especially in the lower bay. In this instance Captain Olson said that he thought that the Coo Bay Life Saving Station crew should have seen to it that two of the three lights that were out were burning, as they were very near to them.

With the whistling buoy and bar buoy gone, the range lights are most essential at night. It was quite rough outside, although the bar was perfectly smooth. There was little or no fog, the Umpqua light, seventeen miles distant, being plainly discernible.

Wilmington Lost Polaris.

Capt. Olson reports that the big four-masted schooner Polaris was stranded off Hollis last Friday and is a total wreck. The Polaris was built in Marshfield when the shipyards were located where the Alliance warehouse is now. Her crew of eleven walked ashore off the Polaris at low tide early Saturday.

The Polaris was being towed by the Wilmington, which was recently built at North Bend. The Polaris also belonged to the Chas. Nelson Lumber company, owners of the Wilmington. In the storm and fog, the Wilmington got in too close and the master said that he had to cut loose from the Polaris and leave her to her fate in order to save his own craft.

Had Hard Trip.

On the last trip down, the Adeline had a hard trip, bucking the storm all the way. She was fifty-eight hours making the trip. The Redondo was seventy-two hours making the run from Coo Bay to San Francisco.

Will Leave Tomorrow.

The Adeline will sail early tomorrow for Bay Point and will make an effort to make up the time lost last week by the storm.

TRAIN TO MYRTLE POINT MAY NOT BE ABLE TO GET THROUGH TOMORROW ON ACCOUNT OF STEADY RISE IN RIVER.

Melting snow in the mountains and heavy rains for the last week have caused a lively freshet on the Coquille river and prospects are that the train will not be able to get through to Myrtle Point tomorrow.

The river has risen five or six feet, two feet higher than at any time during the present rainy season, and floods are causing considerable damage along the river. Reports from all over the county indicate that the steady rainfall has caused numerous freshets and it is believed that if the present spell of "climate" keeps up there will be ample water to float the thousands of stranded logs at the various camps.

Despite the rise in the Coquille River, it is reported that the bar conditions at Bandon are such that half a dozen vessels have been unable to get out for a week. With the gale today coming from the southwest, it is expected that the conditions at the entrance to the river will not be improved.

BANDON BOOM RUMORS

If one-half the rumors one hears are true, there are about twenty new business buildings planned for the new First street extension and which are to be erected early in the spring.—Bandon Surf.

FIVE BILLS TO CARRY OUT SUGGESTIONS OF PRESIDENT

Measures Being Formed for Anti-Trust Legislation in Congress Today

CONFERENCE HELD AT THE WHITE HOUSE

Tentative Drafts of Program Taken to Capitol by Two Committees

(By Associated Press to Coo Bay Times.)

WASHINGTON, D. C., Jan. 21.—Five bills to carry out the suggestions in the President's anti-trust message were being completed in Congress today. They will embrace the prohibition of interlocking directorates in interstate corporations, railroads and national banks; empowering the Interstate Commerce Commission to regulate the issuance of railroad stocks and bonds; the Sherman law definitions bill, defining specifically what constitutes restraint of trade; the general relations measure, seeking to eliminate "cut-throat" competitive business and which would provide punishment for individuals and make it possible for firms or individuals injured by unlawful business restraint to avail themselves of findings against combinations and institute suits in equity for relief.

After a conference at the White House the members of the House Judiciary and the Senate Interstate Commerce committees went to the capitol today with programs as outlined in mind and tentative drafts of the measures already prepared.

FRAUD CASES UP FOR TRIAL

Two Charged With Conspiracy to Defraud Government of Coal Lands

(By Associated Press to Coo Bay Times.)
SEATTLE, Jan. 21.—The trial of the case of the United States against Charles F. Munday and Archie Shields, charging a conspiracy to defraud the government of coal lands in the Bering River district of Alaska, began today. The defendants were indicted by a Federal grand jury in Tacoma in October, 1910.

It is charged that they sought to get possession of 6087 acres known as the "Stracey claims" for the benefit of private corporations known as the Alaska Development company and the Pacific Coal & Oil company.

GOMPERS URGES INVESTIGATION

Cites West Virginia Strike as Precedent for Probe at Houghton, Mich.

(By Associated Press to Coo Bay Times.)
WASHINGTON, D. C., Jan. 21.—Congressional investigation of the Michigan copper strike and the Colorado coal strike was urged on the members of the House today by Samuel Gompers, president of the American Federation of Labor, in a circular letter authorized by the executive council of the Federation.

Gompers' letters cited the West Virginia coal strike Senate investigation and the Homestead strike investigation as precedents justifying the action by Congress in the present circumstances. The House Democrats will meet in caucus tomorrow night to take up the pending investigation resolutions.

A resolution directing the Senate Labor Committee to investigate in the Colorado strike districts was introduced today by Senator Thomas.

TO CONTINUE FIGHT.

United Mine Workers To Support Calumet Miners.

(By Associated Press to Coo Bay Times.)
HOUGHTON, Jan. 21.—The striking copper miners in the Calumet district probably will have the financial support of the United Mine Workers during the remaining days of the fight for the recognition of organized labor, according to H. G. Street, who has been investigating the situation here.

"Labor needs to win this strike," he said, "and I believe it will win. I have never seen more determined men than these strikers. Their families are being well cared for by the union and they do not appear to have the slightest thought of giving in." Street will proceed to Minneapolis to make a report on which he expects the United Mine Workers, composed of none but coal miners, will decide to extend financial aid to the Michigan copper miners.

The United Mine Workers are already supporting five strikes of their own.

URGES RETIREMENT.

(By Associated Press to Coo Bay Times.)
DENVER, Jan. 21.—The retirement of Adjutant General John Chase as commander of the militia, either by resignation or removal by executive order, and the retirement of other officers as soon as possible, are the first two demands contained in the report of the committee recently appointed by John McLennan, president of the Colorado State Federation of Labor, to investigate conditions in the strike zone and report to Governor Ammons.

Other recommendations were "the discharge from the militia" of all mine guards and private detectives, and the issuance of orders under which the militia shall prevent work men being taken to the mines when these workmen have been brought in to the state in violation of the law of 1911. Also that the law be changed as soon as possible so that members of the militia shall not elect their company officers. The committee began its investigation in December of last year.

Library Gift.—Mrs. M. L. Noble, representing the Episcopal Guild, presented the library with a set of Stoddard's Lectures, worth \$60 at retail.

AMERICAN HELD AS HUERTA SPY

STATE DEPARTMENT DIRECTS CONSUL TO OBTAIN RELEASE OF WM. HANSEN, HELD BY MEXICAN REBELS AS SPY.

(By Associated Press to Coo Bay Times.)
WASHINGTON, D. C., Jan. 21.—Dispatches today to the Constitutionalist agency report the arrest of William Hansen at Victoria, Mexico, by General Carranza's forces on the charge of being a Huerta spy. Hansen was once a United States marshal in Texas.

The state department has directed the American consul at Matamoros, opposite Brownsville, Texas, to obtain the release of Hansen, who had been in trouble before with the rebels by reason of his reputed Federal leanings.

SUPPLIES ARE SEIZED.

(By Associated Press to Coo Bay Times.)
DOUGLAS, Ariz., Jan. 21.—6000 Shako caps and as many cartridge belts, said to have been intended for uniforming the Mexican Constitutionalist, were in the hands of United States officials today. A warrant was also issued for the arrest of H. Rivera, purchasing agent for General Carranza, charging him with an attempt to export munitions of war into Mexico.

NO DREDGE NEWS; MAJ. MORROW COMING

Up to a late hour this afternoon no word had been received by Engineer Charleson, of the Port of Coo Bay, as to whether the dredge Colonel Michie had departed from the mouth of the Columbia for this port, although she was scheduled to arrive here this morning. While she may be on her way down the coast, this is regarded as improbable in view of the numerous times she has been scheduled to start on a date and failed to come within weeks of it.

Major Morrow is expected to arrive on the Breakwater tomorrow for the North Bend hearing Friday.

A CONCERT has been arranged for MME. MARTA SANDAL at the Finnish Hall, for FRIDAY EVENING, Jan. 23, to be held under the AUSPICES of the NORWEGIAN LUTHERAN CHURCH. MME. SANDAL comes very HIGHLY RECOMMENDED as a concert singer and her REPERTOIRE consists of a splendid collection of NORWEGIAN, AMERICAN and GERMAN songs. This will be a treat to music lovers.
