IF KIDNEYS AND BLADDER BOTHER

Take a Glass of Salts to Flush Out Your Kidneys and Neutralize Irritating Acids.

Kidney and Bladder weakness result from Uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and the urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

Do you begin to cough at night, just when you hope to sleep? Do you have a tickling throat that keeps you awake? Just take Foley's Honey and Tar Compound. It will check the cough and stop the tickling sensation at once. Does not upset the stomach, is best for children and grown persons. Owl Prescription Pharmacy, Frank D. Cohan, Opposite Chandler Hotel. Phone 74.

NEWS OF NEARBY TOWNS

NEWS OF ALLEGANY.
(Special to The Times.)
ALLEGANY, Or., Jan. 22.—Henry Laird, who came in from Loon Lake, says the roads are pretty soft now.
A new family, Wyatt by name, has moved onto the old Hendrickson place up near Golden Falls. They are relatives of True Saling's wife.
Mrs. J. A. Stemmerman has just returned from a few days' visit to friends above Golden Falls, with Joe Schappus and Mr. Tiburg's folks.
Walter Stull came down from his home place in the hills yesterday. "Selah!"
We understand there was a charivari party organized the other night, but it didn't show up at the right place.
Clarence Gould received a main cable a short time ago. It was hauled to camp on two wagons by Messrs. Daggett, Gage and Larson. A heavy load to haul over the roads in their present condition.
We learn that the West Fork school is coming along nicely. The teacher, Miss De Armand, is boarding with Mrs. J. R. Johnston. There is some deficiency in the school furniture, but that will soon be remedied.
E. C. Barker has moved onto the Clarence Gould place which he will run till next fall when Mr. Gould will be there with his logging contract.

COQUILLE PIONEER DEAD
Grandma Green, Aged 95, Dies at Riverton
"Grandma" Green, one of Coos County's earliest pioneers, passed away at the home of her daughter, Mrs. John Cheney at Riverton, last Monday at the ripe old age of 95. The deceased was a native of Ireland and came to this country at an early age. She was noted for her sunny and entertaining disposition and leaves a host of friends. She leaves two sons and two daughters to mourn her loss—Mrs. John Cheney, of Riverton, and Mrs. Wm. Grow, of Coaledo, and two sons whose whereabouts are at present unknown, but who are supposed to be living in California. Another daughter, Mrs. Ellen Moore, died about three years ago, and William Green, a son, was drowned on the Coquille River bar while employed in the Life Saving Service as a surfman on April 12, 1892, in the accident where Capt. Ed Nelson and James Sumner also lost their lives.

CRIME AT GOLD BEACH.
Practical Joker, Not Arson Fiend, Bothers New Church.
The Gold Beach Globe says: A report came to us last week that an attempt was recently made to burn the new Presbyterian Church, now almost ready for occupancy. Upon an investigation it was learned that a practical joker had visited the premises and played a prank that was nothing short of an insult intended at Rev. J. W. Hoyt. When working on the building Rev. Hoyt wears, or did wear, a light checked pair of bibed overalls, which was left in the building during the holidays. This practical joker, whoever it was, ran a 1x6 plank through each leg, laid them on the floor and burned a small hole through them just below the lower front button. This of course was evidence of a small fire but was no evidence of an attempt to burn the building. Aside from this trick, the contents of an oil can had been squirted around over the building and a pile of finishing lumber and nails had been thrown all over the floor.

BIG TIE BUSINESS.
The tie and pole industry for the coming season will undoubtedly be of greater magnitude than that of 1913. Several new camps are to be opened up in the spring and there is a vast accumulation of ties and poles now lying in the woods which cannot be hauled out for shipment on account of the condition of the roads. Prices bid fair to hold up and may possibly go higher, and taken all in all, the prospects for a boom in this, our leading industry, are very bright.

—Gold Beach Globe.

CAUSE OF BAD WEATHER
The Gold Beach Globe says: The County Court has decided that there ever was an undivided court it is that of Curry. It can be done, or at least without a "rag chewing" between one or all members of the court and some interested parties has some matter before the court should insist on a unified manner to conduct business.

WED IN COQUILLE
The Sutherland Sun says: The Sutherland Sun has been a business block for the present year. The cheerful information given F. B. Waite, the present structure will occupy the site of Sutherland Inn at the corner of Central avenue and Broadway. It will be of brick, two stories and occupy a ground measuring 100 feet. These plans have changed somewhat, but it is stated that so far as to determine now they would be as outlined. The estimated cost of the building is \$30,000.
