Fox Visible Typewriters

The Fox Visible Typewriter excels all makes of visible typewriters of today. It has the lightest touch of any typewriter built and is practically noiseless. Aside from this it is equipped with every labor and time saving device it is possible to build into a typewriter. It gives full visible writing, has a back spacer, tabulator, two-color ribbon with removable spools and automatic movement, interchangeable carriages and platen, line lock, stencil cutting device and unlimited speed.

WHY THE FOX VISIBLE TYPEWRITER SHOULD BE SELECTED

The successful merchant is a very busy man—he has no time to attend to those little annoying repairs so frequently necessary in other makes of typewriters. In buying a Fox Visible Typewriter you are getting a typewriter that will give you practically a lifetime of satisfactory service, without any expense on your part, except for an occasional typewriter ribbon. The oscillating ribbon movement of the Fox Typewriter makes the life of the ribbon four times longer.

There is a logical reason for the extreme durability of the Fox Visible Typewriter. Let us demonstrate this to you. Phone us to deliver one to your place of business or at your home. Our "Free Trial Offer" is always open. Convince yourself of these facts by taking advantage of this offer.
