SMALL BOY IS A CRACK SHOT

Champion of Missouri Develops Unerring Eye by Practicing in Gallery

James Colvin Frances, a fourteen-year-old champion, was brought up under peculiarly hard championship-making conditions. For James Colvin was born in Missouri and he has had to "show" a long string of exceptional marksmen that he is deserving of the title, "Champion Boy Shot of Missouri," claimed for him by his friends.

However, this precocious young man had advantages. His father, G. M. Francis, a sporting goods dealer and a shooting gallery proprietor at Collins, the home town of the Francis family, is an exceptionally good shot himself and George M. Francis, Jr., another son, has done wonders with fire arms. So James Colvin had to set a fast pace from the start to keep up the family reputation and in his successful attempts to outshoot his father and his younger brother has knocked down ninety-five "travelling ducks" in rotation in the Francis shooting gallery, fifteen straight being a high mark under the same conditions for the ordinarily good shot.

From July to October, last year, this young gun enthusiast, travelling with his father's movable gallery to fairs, conventions, etc., where in some cases there were thousands of persons from whom shooters were drawn, defeated all who would contest with him. His work with shotgun, pistol and revolver has been scarcely less remarkable. Master Francis' first shot was made on a half inch bulls-eye at ten yards, the hitting of this bulls-eye throwing up a metal duck by mechanical means. Five out of seven was the novice's initial score on the "iron ducks." In this case as in all his later shooting using a Remington gun and ammunition of the same make.

Not content with records later set, when he came into more strenuous competition, the boy crack shot is now after perfect scores—100 straight—in all of his gallery shooting.

Not much is said about galleries as national shooting schools, but the fact remains that throngs of young men, like this boy Francis, have received their start toward proficiency with fire arms through "knocking down the birds" in a neighborhood shooting gallery.

TAKE SALTS TO FLUSH KIDNEYS

Eat Less Meat If You Feel Back-achy or Bladder Troubles You—Salts is Fine For Kidneys.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back, or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste, get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and bladder disorders disappear. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive, harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

WORK IS GAME; NOT A BATTLE

Boston Educator Declares It Is Useless to Count on Luck in Life

OREGON AGRICULTURAL COLLEGE, Corvallis, Ore., Jan. 29.—"Play the game you know and know the game you play," is the philosophy of life offered to the students of the Oregon Agricultural College by Dr. A. E. Winship, a noted Boston educator. "Life's work is a game, not a battle. I pity the one who enters upon his career with the purpose of making it a battle. Civilization has outgrown that idea, and we achieve leadership now by helping ourselves, not by hurting the other fellow."

"It is useless to count on luck. For though it's always luck when we lose, it's science when we win. Almost without exception, luck goes to the fellow that has luck. In a record of one thousand freak plays in baseball, nine hundred and fifty of them won for the superior side. That is nineteen out of twenty—a fair estimate for life's games."

"It is only a fool who plays the other fellow's game. The bunco-steerer is looking for the person who wants something for nothing. And I am firmly resolved that if I am ever buncoed, I'll be out of it. When a man has made a fool of himself, the good Lord will have patience with a little diversion."

"And then play the right game at the right time. Three of the world's greatest money-makers—Carnegie, Rockefeller and Hill—always do it. At least they never do the wrong thing at the wrong time—to do the wrong thing. I am sure they could not succeed selling valentines on the Fourth of July."

FORD REPAIRS COST LITTLE

FORMER BANDON MAN HAS RUN HIS CAR OVER 12,000 MILES AND REPAIRS COST ONLY \$2.45—TELL IT TO GOODRUM.

Nearly everyone knows the advantages of the Ford automobile—its simplicity and reliability and many in distant parts of the country have written and told of the slight cost of maintenance. However, it remains for a former Bandon man, D. B. Colgrove, to make a new record with the "Little Angel." He didn't write his experience as testimonial, merely as a matter of news to a personal friend in Bandon, but it is too good a boost for George Goodrum and the Ford to remain unpublished, and here it is as written from Mr. Colgrove's new home at San Bernardino, California:

"I make on an average of 105 to 125 miles every day in the Ford and it beats the band what the little devils will stand with so few repairs. The car that I am driving has made 12,000 miles and only used one set of tires and had \$2.45 paid out for repairs. That is something that is hard to believe, but it is true."

NEWS OF LANGLOIS

Little Events at Curry County Metropolis as Told by The Leader

Born—To Mr. and Mrs. Mel Fitzhugh, of Langlois, Tuesday night, a nice baby boy. Dr. Pemberton attending physician. Mother and child are doing well and Mel says another wrestler in the family.

Joe and Dottie Matheny, tried an acrobatic stunt which shook them up pretty bad, when they rolled down the stairs and piled up in the street.

Lee Chastein has returned to Lakeport and will make that his home. He says Denmark is too swift for him.

Forest Matheny had the misfortune of falling overboard, sustaining a ruffled ankle and a skinned temper.

Dale Bement, of Denmark, was purchasing chickens at Lakeport. Spare the rooster, Dale.

Fletcher Walker, of Lakeport, received a severe burn on the stove. Please explain what part of the body he has the stove on.

The McWharther Store building was badly wrecked in the recent storm, also, Michael Murphy experienced the sensation of the bird man when his domicile was skidded around the park like a monoplane looking for a new place to light. Michael stood the test without a bat of an eye.
