SOME PIONEER NEWS

(From the Coos Bay News, published at Marshfield, Jan. 26, 1881.—Sigin & Bennett, publishers.)
No mails since the flood.
The well on Pine street has been filled up, by order of the Town Board.
The damage throughout the state by the flood is immense; but as we get no mail, we cannot particularize.
Died, at Marshfield, on the 22nd day of January, 1881, Clara Ethel, only child of S. S. and Jennie Bailey. Clara was born in Marshfield, December 20, 1875.

There are lodges of the following secret societies in Marshfield: Masons, Odd Fellows, Improved Order of Red Men, Knights of Pythias and Good Templars.
Mr. Barrett reports the water on the Siuslaw very high, coming up into a number of houses. One day as the mail carrier was crossing Big Ten Mile, the current proved too strong, and he and his horse washed out into the breakers, where they got separated, both striking the shore, and making it on opposite sides of the creek, minus the mail sack of course.

We are led to learn that the damage done to the Coquille country by the high water is not as great as heretofore reported, although the losses are great and fall upon many persons who can ill afford them. One man told us that everything but the mortgage was washed off his farm.

Died, at Marshfield, January 23, 1881, of lung fever, Emma Anne Lowe, wife of R. Thompson Lowe, aged 78 years. Mrs. Lowe, or as she was usually called "Aunt Emma," was born at Darthmouth, Nova Scotia, in the year 1802, and was married to R. Thompson Lowe in 1848 at New Orleans City, Louisiana, and moved to this county, settling at the mouth of the Coquille river in 1852. She was the first white woman to settle in that locality, and was compelled to leave her home with her husband for the fort at Port Orford twice in the spring of '62 on account of the hostility of the Indians. She had lived in Marshfield for seven years.

Bandon Items.
Great changes at the mouth of the Coquille within the last ten days; the river is now within two hundred yards of the old channel on the eastern or inside, and within a quarter of a mile on the western, or outside. When the tug went out Thursday, January 20, there was 12 feet of water in the new channel, and the place where they sailed through has been filled up since 1862.

A large warehouse is about being erected at Bandon by John Lewis, for the accommodation of the people living on the coast. The upper portion will be mainly for grain and wool and the basement for barreled beef, butter, etc.

The Mary Hume is expected here about the first of next month. There are two cargoes of fish, beef, hides, etc., here now awaiting her arrival. The rainfall on the 11th of this month was 5.39 inches. We doubt if this has been equalled here since 1862.

Try this test in a "Wear-Ever" Aluminum Utensil

Place a cake of chocolate in a "Wear-Ever" saucepan without grating. Without adding water melt over a low fire, without stirring. Chocolate will not burn.

BECAUSE aluminum heats quicker and retains heat longer than other materials of which cooking utensils are made, you can save at least five minutes in cooking each meal. 90 hours off your year's fuel bill.

"WEAR-EVER" Aluminum Cooking Utensils save food too, and expense for replacing utensils worn out or burnt out. They are practically indestructible.

"WEAR-EVER" ware cannot rust, is unaffected by burning, is strong, light to handle and most durable. With aluminum there is no danger of poisonous compounds forming with acid fruits or foods.

Replace utensils that wear out with utensils that "Wear-Ever."

Let us supply you with the one-quart saucepan advertised in the women's publications and show you other utensils bearing the "Wear-Ever" trademark.

PORTERS BUY SIUSLAW LOGS

TIDEWATER MILL COMPANY PURCHASES \$100,000 WORTH FROM WENDLING COMPANY.

The Tide Water Mill company, of Florence, recently purchased an enormous amount of logs from Wendling-Johnson company, the purchase price amounting in the neighborhood of \$100,000. These logs are now in holding booms on the Siuslaw and will be convenient for sawing when the mill starts up.

Tuesday the mill company closed a lease with Jacob Schreuders and wife for the lodging house property just north of the mill. The company will take charge of it on the first of March.

The old barn, which has stood on the rear end of the Funke lot recently bought by the company has been torn down. The old house is being moved by D. W. Reesman to Mr. Funke's lots at the corner of Front and Lincoln streets.

The lots bought front just back of the Lane County State and Savings bank are nearly levelled.

A force of millwrights is making repairs and getting ready for the installation of new machinery.—Florence Pilot.

PARIS STYLES BOLDER YET.

Brick Red Hair, Green Coats and Corkscrew Skirts Proper Mode.
NEW YORK, Jan. 30.—Brick red hair, to be worn preferably with green coats and corkscrew skirts, is what the ladies of Paris are wearing, according to Charles C. Kurzman, a man milliner who has been abroad style-hunting. He arrived home on the Lusitania.

The corkscrew skirt can only be donned by the fair wearer of the garment whirling round and round like a music mad Dervish. Once safe inside it, she drapes a few yards of lace around it corkscrew style, and there you are.

With the brick red hair of the women and the sky blue locks of the more aesthetic of the Parisian dandies, Mr. Kurzman said that fashionable Paris looked like a futurist picture of a railroad yard on a rainy night.

REAL ESTATE SCHEMES

The Coquille Herald says: "It is evident that the wild-cat real estate schemes which will give a black eye to this section with the advent of the railroad are already beginning to bob up. We note in the Portland Telegram a display advertisement of lots in "Coos Bay City" from \$50 up and on terms of \$3 to \$5 per month. Did anyone in Coos County ever hear of "Coos Bay City?" Don't all speak at once."

COOS VETERAN DEAD.

Shadrach Hudson Dies in Roseburg Soldiers' Home.
ROSEBURG, Or., Jan. 30.—Shadrach Hudson, for 65 years a resident of Oregon, a veteran of the Indian wars of 1855 and 1856, died at the Soldiers' Home in this city, aged 82 years. He crossed the plains to Oregon when 14 years old, and lived almost all his life in Douglas and Coos counties. He has lived at the Soldiers' Home since 1904.

BUD ANDERSON MEETS WATSON

PUGILIST WILL TRY TO "COME BACK" AT SAN FRANCISCO FEBRUARY 20.—138 POUNDS THE MINIMUM LIMIT.

BUD ANDERSON SUED.

OREGON CITY, Jan. 30.—Alleging that the pugilist alienated the affections of his wife, Guy H. Pace, a barber, brought suit against Bud Anderson for \$5000. In August, 1913, Pace secured a divorce on the same allegations now made in this alienation suit.

PORTLAND, Jan. 30.—Bud Anderson received a wire from his manager, Dick Donald, informing him that the match with Frank Barrieau had been cancelled and one with Red Watson had been substituted.

Anderson was to have met Barrieau in a 15-round bout on a percentage basis on February 17. Bud had a match with Watson for February 20 at San Francisco.

Consequently Bud was at a loss to know where he was to appear, as it was impossible to keep both engagements. Evidently Donald considered that there was more money in the San Francisco match with Watson, which will be for 20 rounds and will mark Anderson's first appearance in the Bay City. The men will meet at 138 pounds, which will be the lowest weight Anderson will try to make in the future. Word was sent the Vancouver promoters declaring the bout off.

News of Nearby Towns

CULLINGS OF COQUILLE.

Coos County Seat News as Told by The Herald.

Mrs. W. H. Schroeder is still severely ill and suffering greatly. It cannot be said that she is improving.

Mrs. Wm. Vaughan and Miss Evelyn Vineyard, of North Bend, visited friends in this city for a short time Saturday.

From all accounts the late freshet has made a good clean-up of all logs above tide-water on all forks of the river. Those from the south fork have been coming out and down the river, to be boomed farther down, while the north fork lot is being held, to be released later.

The local police officers were on the hunt last Saturday night for a girl who had left her home on the North Fork without the consent of her parents. They were accompanied by the girl's father, and she was finally located at one of the picture shows. The young lady is just eighteen years of age, and her case will come before the juvenile court later.

Jason P. Miller, of Riverton, was in town Thursday. After about five years' residence on the river, Mr. Miller is preparing to go to Tehama County, California, where he will try farming in that vicinity.

COUNTY EXAMINATIONS

Results of Eighth Grade Tests are Announced.

The county eighth grade examining board finished examining the papers for the January examination last Friday evening. In addition to the regular eighth graders, all sixth grade pupils had been permitted to write on physiology while the seventh grade pupils had tried their hand at geography. This made an extra heavy group of papers for the examiners to handle. Each of the towns of the county had a large class of applicants for diplomas with the exception of Marshfield. North Bend had twelve pupils in the examination and all passed without condition; nineteen wrote at Myrtle Point and thirteen passed. Bandon had eighteen applicants and two passed; Coquille, ten applicants and eight passed.

The successful pupils from the local school were Pearl Willard, Violet Painter, Stanley Emery, Curry, Pearl Long, Zelma Strang, Jack Leach and Edna Robison. All of these pupils are planning to enroll in high school at once.

In addition to the regular eighth graders, Coquille had fifty-eight pupils who wrote on one or two subjects. Each of these pupils passed in the subjects taken.—Coquille Herald.

BASKETBALL SCORES.

The Coquille High School basketball team made a trip to Myrtle Point last Friday night and defeated the High School team there by a score of 25 to 19.

At Norway Saturday evening the Riverton High School boys took the Norway Athletic Club boys down to defeat on their own floor by a score of 18 to 7, in a fast rough game. This makes three consecutive wins for the Riverton High boys, as they had won from Bandon, 24 to 10, at Bandon, and had beaten Norway 14 to 19 on the home floor.—Coquille Herald.

CLUB BARS LIQUOR.

Kokeel Organization Will Not Tolerate Drink.

A large and enthusiastic meeting of the Ko Keel Klub was held Monday evening at the club rooms.

The by-law banishing intoxicating liquors in every shape and form from the club rooms was unanimously adopted. There was not a single dissenting vote.

There were a number of new applications for membership. Those who had been posted a sufficient length of time and who were voted on and elected were John W. Miller, Harry Oerding, Perry Lawrence and Walter Oerding.—Coquille Herald.
