## Points the Way to Easy

### Home Furnishing

The right kind of a Furniture Store never meant so much to young married folks as it does today. We base our claims to patronage upon no grounds other than the rightness of our furniture, our service and our prices. Never has a purchaser been so critical of QUALITY and value as today and never have stronger reasons existed for it. We call this store "The Right Kind of a Furniture Store" because it meets the most critical demands of a purchaser, with the right kind of service—the same fair, just and equitable service to all.

A GIRL LOOKS "FAIRLY IN IT"

when laundry work is suggested, but experience teaches that as a rule, home laundry work is not a success. The average housewife has not the facilities for turning out good laundry work, and it is awfully hard and trying work when done well. We have exceptional facilities for doing quick, clean and thorough work; we never injure the fabrics, and we always have work done and delivered on time.

**Birthday Party.**—Dr. Hayden celebrated his sixtieth birthday by entertaining J. W. Flanagan, Charles Stauff, Fred McLean and Will Dunagan, all old friends, at a little dinner at his "den" Thursday.
