Wind: Northwest, clear.

BORN.

OLSEN—To Mr. and Mrs. Olaf Olsen, at their home on Porter Hill, January 30, a 9 1/2-pound boy.

McKEOWN—To Mr. and Mrs. Ed McKewon, of Coaledo, at Mercy Hospital, Sunday, January 31, a son. Mother and child are doing nicely and the father is all wreathed in smiles. Mr. McKewon is foreman of the Smith-Powers camp at Coaledo and Mr. McKewon, Jr., will be the real boss of Mr. McKewon, Sr.

Receives Table.—F. W. Bertram has received the fine Myrtle table which was on exhibition at the Rehfeld store.

To Join D. U.—Fred McCormac son of Dr. and Mrs. J. T. McCormac who is now attending the University of California, has been pledged to the "D. U." fraternity there.

Twins Born.—Mrs. Chas. H. Curtis has received word that her sister, Mrs. White, of Portland, is the mother of twin daughters. Mrs. Curtis visited her sister last fall.

To Lecture.—Dr. Mattie B. Shaw will deliver a lecture on "The Road to Health" under the auspices of the Marshfield W. C. T. U. at the Baptist church Tuesday evening. It will be free and all are invited to attend.

Redondo Delayed.—A message was received today stating that the steamer Redondo had been delayed and probably would not be able to sail from San Francisco for Coos Bay until Thursday. No explanation of the delay was given.

Resigns Position.—Guy Chambers has resigned his position as manager of the Southern Oregon company's store at Empire and will engage in commercial business on the Bay. Mr. Chambers has been one of the best store managers that the Southern Oregon company has had at Empire and his retirement is regretted by Empire people.

Losses Wheel.—While rambling along in his Buick runabout Saturday evening, Roy Wernich felt that he was losing something, or perhaps a portion of the Marshfield-North Bend road had disappeared. No such luck however, for upon examination Mr. Wernich discovered that the rear axle of his car had snapped, breaking the wheel. The car was towed to the repair shop today.

Adeline Smith In.—Making splendid time from San Francisco, the Adeline Smith arrived at Coos Bay at 9 Sunday morning and left for San Francisco at 3 this afternoon. Captain Olson reports encountering a stiff northwest wind just after leaving San Francisco and rough weather off Cape Mendocino Saturday evening. Despite the unfavorable weather the craft made the trip in thirty-six hours.

Boat Man Here.—F. H. Haradon, of the Elmore Transportation company left yesterday for his home at Astoria after a trip to Bandon. It is understood that his trip was to confer with Bandon people who have been desirous of obtaining more regular boat service from Portland than the Tillamook, which Mr. Haradon's company operates, has been giving. What the outcome of his trip was is not known.

Output Large.—The Smith-Powers mine at Henryville is mining coal in excess of all expectations. The demand for coal on Coos Bay cannot absorb the supply turned out at the mine. Negotiations will be entered into in the near future for marketing the coals at San Francisco or Portland. While the market at San Francisco for Coos Bay coal is always good little has been shipped in the last five years.

Weds In Portland.—Word has been received here that Miss Anna Bery, formerly of Marshfield and daughter of Mr. and Mrs. Bery of Empire, was recently married in Portland, where she has been making her home for the past year. She married Oscar Ryden. Her sister, Mrs. Leo Matson, also resides in Portland now. Her many Coos Bay friends will unite in congratulations.

Council Tonight.—Much interest is being manifested in the contract for street pavement which will be let by the City Council tonight. The contract is to be awarded to the lowest bidder per square yard on standard pavement. The Barber Asphalt company of San Francisco and the Bitulithic company of Portland have representatives on the ground to further the merits of their respective

pavements when the Council inquires for opinions this evening.

Two Arrests.—Ed Crow, who got much old Crow, was arrested Saturday night. Another offender, too intoxicated to walk, was carried to jail from North Front street by Officer Gordon Smith. They were unable to secure his name. Both will have their trials later.

Gets Auto.—J. A. Lamb of Coquille received a new Studebaker Six from Portland on the Breakwater. The new gasoline wagon is of the latest type, with disappearing emergency seats in the rear. Mr. Lamb will be well fitted to enjoy many of the promised roadways when the summer weather hits Coquille.

Change in Firm.—It was announced today that Alva Doll had retired from the firm of I. S. Kaufman & Company and I. S. Kaufman and G. W. Kaufman would continue the business in the present offices. Mr. Doll is planning to leave soon for California and the East to look after interests there and in the future will devote his time largely to his own property interests and those of his uncle, A. J. McClelland and others.

Restaurant Men in Controversy.—The Grand Restaurant at North Bend has been the bone over which the members of the company organized to conduct it are now picking. Phillip Anest, the promoter of the scheme, filed suit against his two partners in the establishment last Saturday for \$175.00, claiming that as his share should the firm dissolve. In addition to this Anest has a five-year lease in his name on the premises occupied by the restaurant, and has issued his former partners a notice to quit by March 1.

Haddock in Portland.—The following from the Roseburg Review will be of interest here at Haddock, who was at one time employed in Lund's shoe shop in Marshfield used to work the "disappearance stunt" every once in a while as a result of too much booze: "It is reported that local railroad men have seen C. P. Haddock, the missing shoe repairer, in Portland since he left here. The latter is said to have remarked that he intended to return to Roseburg until he heard that his stock and shop here were under attachment, but that now it would be of no use to return."

Scare At Eastside.—This afternoon Eastside was quite aroused over the reported discovery of a newly made grave. Coroner Wilson was called, but he was unable to go owing to an attack of la grippe, and he requested them to dig it up. Instead of a human body, Mr. Stonecypther and others found the carcass of a three months old calf.

Deputy Assessors.—T. J. Thrift, county assessor, is here from Coquille today on business. He has appointed Archie Collier as deputy assessor for the upper Coquille and A. F. Miller as deputy assessor for the tributaries of the Coquille. He does not expect that there will be much of a change from last year's assessment.

Leaves For Springs.—Mike McLaughlin, foreman of the Smith-Powers camp on South Inlet, left Saturday for Sippard's Springs to recuperate from an attack of rheumatism. It is understood that Mr. Scott, who recently arrived here from Washington with his bride, will be foreman there during his absence.
