Shows Large Increase.—At a meeting of the Marshfield Library Board held last evening, the librarian reported January as the zenith in library circulation, 1977 books having been taken out by members. This is a gain of over 200 on previous months. The plans for the new Carnegie Public Library were exhibited by W. S. Turpin, the architect, and ordered forwarded to the Carnegie Institute for approval.
Will Consider Club Room.—The local order of Moose will meet at the Coos Bay Business College tonight. A plan is on foot to rent the premises now occupied by the business college and use it as a club room for members. The college has no lease on the premises and the Moose have offered a considerable more rent, than paid by the college, and in all probability the business college will have to vacate.
