#### USES OF THE SAILING SHIP

METHER the saling vessel, which for many years has taken comparatively but little trade, is again to come into general use, is a question that is sugthe number of vessels which have been recently encific Coast to foreign ports, to which be added several large ships which have been chartered to bring eargoes from the Far East to ports of the United States. It will depend, of course, upon

whether the sailing vessels in competition with the tramp steamers can be made to pay a sufficient profon their ventures to warrant their being used generally in the ocean earrying trade.

rise in freight rates during the past two years and the figures ruling at the present time would No matter what the day brings forth seem to favor this movement, says the New York Maritime Register. For certain kinds of cargo, particularly that carried in bulk, and where the time of voyage is not an important consideration, sailing vessels in point of economy might apparently be used with advantage.

#### AVIATION'S DEATH TOLL

3 WAS TO be expect d, the year A 1913 showed a considerable increase in the number of deaths due to aeroplane accidents more airmen than ever before made flights during the year; many more miles were covered. As against 140 aviation fatalities in 1912, there were 192 in 1913. In all the years before 1912, since the Wrights made the first public flights in a heavier-than-air machine, there had been but 114 deaths-1 in 1908, 4 in 1909, 32 in 1910 and 77 in 1911. Twenty-six of the deaths of 1913

occurred in the United Styles, 18 In Great Britain, 61 in Germany, 51 in France, and 36 in various other countri s. Twelve airmen were drowned, 157 were killed by the impact of falling to varth; 9 were burned to death and 14 met death in various ways, 2 of these being spectators who were killed while watching the airmen. One hundred and forty-six of those killed were piloting their machines at the time; 15 mechanicians and 22 were

September produced the longest of casualties, 23 fatal accidents occurring in that month. There were 22 in April and an equal number in July, while December was the safest month, with but 6 d aths. Popular mechanics,

#### COOS BAY.

When the winter storms are drifting from across the sunset main And the champagne sands are shifting all along the coustal plain, With a encerful fire before me, I am wrapped in pleasant dreams. Soon forgetting things that bore me

in this land of toil and schemes. For I'm dreaming of the ocean and its rolling billows wide;

ebbing, swelling tide. I can hear its voices calling where the anary breakers roar. And the rolling surf is falling in wild rhythms on the shore.

With its ever restless motion, and its

Where the great Pacific surges on our Country's western strand, And the forest inland stretches far across a fertile land.

Where the mighty firs and spruces tower ninety meters high, And the graceful Orford cedars lift their branches to the sky.

I can see a land-locked harbor where the gods themselves might dwell But for fear that some bold devil who'd escaped the fires of hell, Might invade the vacant heaven while they motored on the Bay-Might tear up the golden pavement, carry crowns and harps away.

There I see the gas-boats gliding on the sunl't waters clear. O'er the gentle ripples riding from the inlets far and near.

Boundless ocean, placid harbor, green hills resting in the sun, There we'll reap the golden harvest when the great canal is done.

And those voices, still persistent, murmur gently unto me That the day is not far distant when our friends beyond the sea Shall enjoy our luscious berries, ripening every autumn day. Where the flowers bloom all winter

in the cities by the Bay. can see the white caps playing and can hear the gentle rain As it softly murmurs, saying, "Listen to the sea's refrain;

For its mighty voice is singing, singing all the livelong day-Its loudest tones are ringing with the praises of Coos Bay.

Wite eternal verdure 'round you and with an ever pleasant clime: With the fruitful lands that bound you, soon we'll see the busy time, When the commerce and the treasure of the nations far away

Shall be brought in ample measure to the cities on Coos Bay.

#### Woman Says That Their Marriage Was Void Owing to Divorce Restriction

The troubles of the Belleu family. were aired a year or so ago, and which came up in Justice Pennock's court a few weeks ago when Mr. Belleu paid a fine for attacking his wife after, he alleged, she had bounced an alarm clock off his head, have reached a new stage

Mrs. Belieu in a published notice today declares that they are not man and wife and that they are no longer living together.

She alleges that Mr. Belien secured a divorce in Wasco county, Oregon, from his first wife, who was a Salem woman, and a few months later she and he went to Vancouver, Wash... where they went through some sort of a ceremony which she then thought was valid. Some time ago she says Belleu informed her that the alleged eremony was not valid and on having her attorney, C. I. Reigard, look It up found that because he did not wait for six months that the Vancouver ceremony was void.

Mrs. Belieu says her maiden name was Baldwin and that her first husband died. She has considerable property but the income from it is cate her children by her first mar-riage. Her property is said to be located in or near Bolse, Idaho and in Kentucky.

Mr. Belieu conducts a barber shop on North Front street.

#### OUT FOR CHARITY.

NEW YORK, Feb. 4,- Mrs. Stuyvesant Fish will head the reception committee for the "bal chantant" to e given tonight at the Baltimore, by the directors of the Schola Cantorum. The list of patronesses includes Mmes, George J. Gould, William A'exander, John Jacob Astor, James 11. Clews, Archer M. Huntington, Robert L. Livingston, Charles Mather MacNelll, W. Starr Miller, Huntington Norton, Burke Roche, Ocden Mills Reid, R. A. C. Smith, William Watts Sherman, Ormond L. Alfred G. Vanderbilt, Marshall Orme Wilson, Richard Gambril and Stuyvessnt Fish.

The objects of this school are to give the highest types of choral music in America and for the education and advancement of deserving voices which otherwise might not receive proper training.

In 26 states there are stat foresters who co-operate with private timberland owners in solving forest problems.

#### AN INTERESTING LECTURE.

Dr. Mattie B. Shaw Tells of the Power of Cleanliness for Health.

the Baptist church last night Dr. Mattie B. Shaw addressed a goodsized audience under the auspices of the local W. C. T. U. on "The Bond to Health," The Informing leaves was clothed in such chaste diction and expressed in such a pleasant and effective manner as to hold t'e listener's attention from beginning to end. Many regretted that it could not have the basis of one argument for been longer and had a much larger hearing.

The doctor stated that the main sign-post on the Road to Health had to make use of all the reasons written on it the word "cleanliness. Emphasis was placed upon the absolute necessity for clean air to breatce, clean water to drink, a clean skin not available as it has to go to edu- and clean thoughts. A clean mind cate her children by her first mar- and pure soul are very important factors contributory to good health

A needed warning was sounded against the menace of the drug habit. The seductive and destructive power of opinm, morphine and cocaine was fully dwelt upon. She dwelt at length also upon the fact that alcohol, tends to create a habit for its consimption and thus becomes a menace to health and steadily breaks down the will and resisting power of its

victim. The doctor depicted in moving Bay, words the awful menace to racial conservation and well being of the two great social diseases which issue from immoral habits. She said that from forty to fifty per cent of the cases of blindness could be prevented by clean and moral living. W' lie it is a splendid benevolence that pro-W' He It vides homes for the blind like the state institution at Salem and teaches the children useful trades, yet, how much better it would be if this great suffering and loss were prevented by clean living and high thinking. Surely we see here a veritable slaug ter of the infants when it is remembered that a very large percentage of the cirildren born blind owe their doom to perpetual darkness to the immoral habits of their parents whereby the sins of the fathers are visited upon the most acceptable slogas to the children even unto the third and used for advertising purposes.fourth generation.
