One Arrest.—B. H. Porter, alias Jack Doyle, was the only offender last night. He had only 95 cents and he was released on promise to pay \$5 fine later for being intoxicated.

Wife at Springfield.—Mrs. Bert Wilson, whose husband was slightly hurt in the shooting affray at Henryville Sunday night, is visiting at the E. B. Shahan home near Springfield, Oregon.

Gets Company.—Special Agent Tiekner, of the Firemen's Fund Fire Insurance Company, is in Marshfield and has arranged to have E. I. Chandler handle the local agency of the company.

Gives Concert.—Mrs. Sandal, who recently gave a successful recital at the Marshfield Norwegian Lutheran Church, appeared in Our Saviour's Scandinavian Evangelical Lutheran Church in San Francisco February 15, and the Chronicle says she scored a big hit.

Join Brothers.—E. L. Jones and wife and child, of Traver, California, will arrive tomorrow on the Redondo. Mr. Jones is a brother of J. C. Jones and J. D. Jones of the Coos Bay Steam Laundry and will be associated with them in the management of the institution.

Damaged Home.—Mr. and Mrs. Louis Nelson sustained quite a bit of damage when the Baines house on Hall avenue, which they occupy, was flooded as a result of the dredge Seattle's operations in that vicinity. They had to move most of their stuff off the first floor as the water was several inches deep there.

Locates Camps.—W. M. Kaiser of Houser & Houser has selected the sites for the four new camps which he will establish between Sand Point and Ten Mile to rush the railroad construction work. One will be about a mile and a half north of the Sand Point work, one on the E. I. Robinson ranch, one on the D. M. Rezin ranch and the other one just out of Lakeside.

Not Laundry Jones.—The J. C. Jones who was fined in police court yesterday is being sought by Manager J. C. Jones of the Coos Bay Steam Laundry, who has a few bones to pick with him. Ever since the item came out in the paper about J. C. Jones being fined, Laundryman Jones has been kept busy explaining that he was not the Jones that was in jail. The J. C. Jones who was fined is a recent arrival and claimed to be a civil engineer.

Goes North.—F. A. McClees and family will leave tomorrow for Alaska, where they will make their home. Mr. McClees has taken the agency for the black sand gold mining machines in the first Alaska district and will try, and market them there. He will take two machines. The machines are to be built here, as they can be shipped from here to Juneau for \$18 apiece. They are making 100 here now in anticipation of many orders and are also planning to make a big machine, about ten times as large as the present ones, with a view to handle gravel instead of sand.

With this comes the reductions of prices, thus enabling us to offer you meats from two to five cents a pound cheaper, bringing it within the bounds of every man's pocket, that he may enjoy a meal that heretofore has been a luxury.
