

MORE ARRESTS FOR LIGHTS

Jerry Kinney Latest to be Charged With Offense —Police Court News

Mr. and Mrs. J. Kinney entered the Merchant's Cafe last evening when night had not yet fallen, leaving their car outside unlighted. Officers Shoupe and Richardson stroled by in a short time and decided that it was dark and the owner of the auto should be arrested. The officers waited until Kinney came from the restaurant and told him to appear in court today. Kinney maintains that the law requires that the lights be maintained on an automobile one hour after sunset.

Several Arrests.

Edward Crown was arrested by Officer Shoupe last evening and charged with drunkenness. He had only 25 cents in cash when searched.

William Miller was arrested by Officer Shoupe last evening and charged with over-indulgence. He had no money.

H. M. Roberts was fined \$5 or given the alternative of two and a half days on the streets by Recorder Butler on Thursday. Roberts was convicted of fighting and creating a general disturbance.

DR. WITHYCOMBE HAS RESIGNED

Director of Oregon Agricultural College to Run for Governor

CORVALLIS, Or., Feb. 27.—After sixteen years of continual service, Dr. James Withycombe has resigned his position as director of the Oregon Agricultural College Experiment Station. The resignation is to take effect as soon as acted upon by the Board of Regents. His reason for resigning is his wish to devote his time to promoting his campaign for nomination on the Republican ticket as governor of Oregon. During his service the college has grown from an enrollment of 338 to 1568. The faculty and experiment staff has increased from 12 to 211. The Oregon Station has now 37 specialists at the Corvallis station and 20 in the branch stations at Astoria, Burns, Hermiston, Hood River, Moro, Union and Talent.

The value of agricultural crops in the state has grown from \$39,083,328 to \$74,999,828 during his term of service as director of experimental agriculture. The most notable gains are in dairying, poultry and clover products.

MARRIAGE LICENSES.

County Clerk Watson has issued marriage licenses to the following: Fred W. Felger and Ada A. Thornton.

Alfred S. Chappell and Florence Burgess.

ROYAL Crown FLOUR, \$1.25 at HAINES.

MARSHFIELD IS EASY VICTOR

Defeats Bandon 18 to 4 in Basketball Game Here Last Night

The Bandon basketball team was defeated by Marshfield at the Tabernacle last evening. The score as finally tallied, looked something like this: Marshfield, 18; Bandon, 4. The Bandon boys played an aggressive game, but the Marshfield team was a trifle fast for them. The feature of the game was the good work by Seaman and Curtis of Marshfield and Harvey of Bandon.

After the game a get-together gathering was held by the students after which a light repast was served. The Bandon team will play the North Bend team at North Bend tonight. Following is a detail score of the game:

Marshfield	Bandon
Curtis	Harvey
Clarke	Sparks
Seaman	Windsor
Chapman	Center
Hunter	Chatburn
	Armstrong
	Guards

Field baskets made by Marshfield were: Chapman, 1; Clarke, 1; Seaman, 4; Curtis, 1. Fouls, Curtis, 4; Harvey, 2.

Four more games are to be played by the league before closing the season. March 6 Marshfield will play Coquille and North Bend will play Myrtle Point. March 13 Coquille plays Bandon and Marshfield plays North Bend.

HURT AT COQUILLE.

Charles Oglesby, a workman in Aasen Bros. camp near town, was brought in with a broken leg. He had been struck below the knees by the line, fracturing the bones of the right leg but not breaking the skin. Mr. Oglesby seems to be having all the bad luck that is coming to him. He was burned out in Josephine county last year, and will now be laid up for some time. His wife is expected here in a few days.—Coquille Herald.

PLAN TO RUSH RAILWAY WORK

Porter Bros. Constructing Roads to Haul Out Material for Camps

EUGENE, Or., Feb. 27.—The Guard says: Porter Brothers, having the construction of the west end of the Willamette Pacific railroad under contract, are going ahead with the building of roads from the lower Stuslaw to the lakes and have completed roads from Glenada to some parts of the country around Lake Tallcoos. As soon as these roads are completed the hauling of material to the front will begin in preparation for establishing camps and putting machinery in shape to begin active construction as soon as the spring opens.

The track-laying gangs are now nearly three miles west of the summit tunnel and all of the ballasting on the east side has been finished and the crew are now waiting for another stretch of track to be completed. The work of laying the track is progressing as rapidly as the weather conditions will permit and will continue at the present rate until work begins all along the line in the spring when the work can be pushed more rapidly. Every mile of track that is completed moves the base of supplies that much nearer the scene of operations and every effort is being made to complete the line to Mapleton and Acme as soon as possible.

Fontaine's Trip.

W. R. Fontaine, assistant engineer in charge of the construction of the Willamette Pacific railroad to Coos Bay, returned this morning from a six weeks' trip extending to the Atlantic coast and down to Juarez, in Mexico.

Mr. Fontaine was down on the Mexican border when the horde of refugees from the wrath of the rebel Villa, sought safety in the United States and he saw the caravan in its flight. Americans, he says, are still welcomed in Juarez, as they furnish a large amount of the money that finances the native Sunday amusements of the Mexicans. In spite of the devastation of the country by the war and marauding bands, they still hold their race meets and bull fights every Sunday and many Americans are found among the spectators. It is a current report down there that Villa gets a huge percentage from these concessions and he permits them to flourish unmolested.

BEACH CORPSE NOT IDENTIFIED

Body Found Near Merchant Place Too Badly Mutilated for Identification

The identity of the corpse thrown up on the beach a mile and a half north of the Merchant ranch near Bullards will never be established. Coroner Wilson decided after viewing the remains that any effort to do so would be futile and he arranged for burial back of the seawall there.

The body was badly decomposed and the head was gone. The body was that of a man apparently well advanced in years and who had been about five feet nine inches tall and weighed probably 160 pounds.

The body was discovered by A. P. W. Barnett of Bandon. Coroner Wilson is at a loss to even guess who it might have been, as no one has turned up missing in that section. There is a probability that it is the body of someone who was lost off a vessel off this coast.

Mr. Wilson and Vince Pratt drove from here to the scene yesterday and reached home late last evening. They report it one of the worst trips they ever made.

To Bury Martin.

No definite arrangements have yet been made for the funeral of R. H. Martin, the North Bend suicide. His mother at Portland telegraphed to have him buried here but she did not send the funds.

NORTH BEND NEWS

S. S. Jennings has purchased the T. M. Collier residence on Sherman avenue for \$3350 and Mr. Collier will move at once to his ranch on Catching Inlet.

Miss Catherine Swearingen has been quite ill of late.

Frank Eisminger has been quite ill of late.

John Ewing and A. Reed are arranging to open a fish market in the Wood building.

Anderson & Kloekers were awarded the contract of completing the Montana avenue bridge by the city council, their bid of \$276 being lower than the bids of C. H. Plank and W. H. Chappell.

H. A. Eymann from Camas, Wash., has purchased the shoe shop of R. Clarke who died a few weeks ago, and will open it up.

Dr. H. E. Burmester has purchased five lots in Bank Addition from the Reynolds Lumber company for \$1250.

The North Bend school board is considering preliminary plans for an addition to the Central school to be built this summer.

Earl Brown, one of the North Bend grade teachers, has been confined to his home by illness this week.

H. M. Davenport leaves this week to visit his ranch in Curry county.

Dr. Bartle has received a new Hudson roadster which he says is the classiest car out.

Mrs. S. W. Van Zile, who has been in California, will return home next week.

Curtis Sweet, formerly a sawyer at the North Bend Lumber company, and family have moved to a ranch near Point Terrace on the Stuslaw.

Word has been received here of the death of Joseph Anthony, a brother of Mrs. C. S. Winsor, at a hospital in Los Angeles, where he has been for treatment for the past 10 months. His widow is in North Bend. Three children survive.

Rev. D. A. McLeod returned on the Breakwater from Portland, where he has spent some time following his California trip.

Dr. H. E. Burmester is completing a new garage for the new Reo which he will receive next week.

John Reynolds and wife and baby arrived here this week from Portland and he will be associated with L. C. Reynolds in operating the new Reynolds mill on South Inlet.

John Newkirk is still laid up with a badly crushed foot sustained in an accident at the Porter mill the other day.

Mrs. Geo. D. Mandigo slipped and fell, fracturing some small bones in her ankle, and will be laid up for some time by the injury.

It was reported today that the Marlon Gurnea home in Plat A had been quarantined for smallpox, one of the children being ill.

City Recorder Maybe reports that during the past two months, or since January 1, there have been only seven arrests in North Bend. Most of the seven arrested were charged with minor offenses, among others being a party who was possessed of a vicious dog and was arrested. Upon agreeing to dispose of the dog he was released.

Nothing definite seems to be known about the new hotel site in North Bend. J. A. Smith, secretary of the Chamber of Commerce of North Bend said yesterday that while he believed that a hotel would be erected this year, the promoters of the site could not be ascertained at this time.

H. Davenport has an exact reproduction of the bridge that will cross the bay. Mr. Davenport says the details were taken from the original and are correct.

J. R. Robertson, of North Bend, has established a precedent on Coos Bay by ordering all the furniture and fixtures for the new apartments.

A GOOD INVESTMENT

There is no better investment than a fifty-cent piece in a bottle of Meritol White Liniment. Muscular and rheumatic pains, swellings, lameness and soreness of the muscles are promptly relieved. Meritol White Liniment is especially recommended as a general pain killer of unusual merit. Owl Prescription Pharmacy, Frank D. Cohan, Opposite Chandler Hotel, Phone 74. Central Avenue Drug Store, local agency. Prices 25c, 50c, \$1.00.

BANDON MARSHFIELD MYRTLE POINT

TO DARKEN HAIR APPLY SAGE TEA

A Few Applications of Sage Tea and Sulphur Brings Back Its Vigor. Color, Gloss and Thickness. Common garden sage brewed into a heavy tea with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant, remove every bit of dandruff, stop scalp itching and falling hair. Just a few applications will prove a revelation if your hair is falling, gray or dry, scraggly and thin. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy" thus avoiding a lot of fuss.

CHARCOAL FOUND IN HEART OF BIG TREE.

ALBANY, Or., Feb. 27.—An immense red fir tree with a heart of pure charcoal has been discovered by E. B. Wallace, about eight miles east of Albany. It is a most peculiar freak of plant life. The tree was about six feet in diameter and in the exact center of the tree for about fifteen feet upward from the ground was a body of charcoal two feet in diameter. It was perfect charcoal and as nice as any manufactured carefully. The rings outside of this center of charcoal indicated a growth of 109 years around the charcoal.
