NEW YORK BLIZZARD COST TWELVE LIVES IN THAT CITY

Fair Weather Today Permits Gothamites to Partly Recover From Storm

FIFTY THOUSAND MEN WORK TO CLEAR TRACKS

Loss to Business Will Reach Millions—Many Prominent People Snowbound

(By Associated Press to Coos Bay Times.)
NEW YORK, March 3.—New York today began to dig itself out of the snow. The weather is fair. With a foot of snow, packed hard, the city is assuming something like normal conditions after thirty-six hours of blizzard weather. Fifty thousand men are engaged in raising the snow embargo. Commuters who kept away from business yesterday were able to leave their homes today. In the city and suburbs, twelve people are dead as a direct result of the storm. The loss to business interests will run into the millions. The Lakewood Atlantic Express, with 100 passengers, is still stalled in a cut near Red Bank, N. J., where it ran into a snow drift Sunday. Vice-President Marshall was snowbound at New Brunswick, N. J., from 11 o'clock Sunday night until 3:30 yesterday afternoon. He said it was the first time in 18 years that he had been away from Mrs. Marshall. Mayor Mitchell, of New York, is snowbound at Lake Placid, N. Y., where he went Friday. Governor and Mrs. Glynn decided to remain in New York last night, rather than take chances on delayed trains between here and Albany.

I. W. W. ORNERY IN NEW YORK

Refuse to Aid in Overcoming Storm Damage and Idle Demand High Wages

(By Associated Press to Coos Bay Times.)
NEW YORK, March 3.—No one willing to join the army of snow shovelers is turned away and the demand far exceeds the number of applicants. The Pennsylvania railroad's search for 1000 men resulted in failure. Besides its regular force, the street cleaning department had 5000 extra men at work and was seeking 15,000 more. At St. Marks Protestant Episcopal Church, 250 men were fed last night and offered work at 20 cents an hour this morning shoveling snow. They refused to work for that, demanding 30 cents an hour. Rev. William Gamble welcomed the men on behalf of the Socialistic Fellowship of St. Marks and said that unemployment was intolerable.

I. W. W. on Strike
He then introduced Frank Tannenbaum, Industrial Worker of the World leader, who said: "At last we have the chance to let the city know what we want. Everything in this city was created by our hands. We have the right to share in every man's house and in every loaf of bread. What's more, we are going to make the city give it to us or take it by force. We want work, but we want \$3 a day for eight hours. We will not work unless we get them."

ELECTION ON IN SEATTLE

Supporters of Hiram Gill Declare He Will Surely Win There Today

(By Associated Press to Coos Bay Times.)
SEATTLE, March 3.—The polls opened at 8 a. m., for the city election with a light rain falling, but with fair weather promised before the day ended. The feature of the close of the campaign was the extraordinary confidence of the supporters of Hiram Gill, Mayorality candidate, who was elected Mayor in 1910, recalled a year later for permitting an "open town" and defeated for re-election in 1912. This year his closest supporters are those who effected his recall. The hope of James D. Trenholme, Gill's opponent, lay in the residence wards, where an effort has been made to unite the women against Gill.

SAX LOST ON BANDON FOUL

North Bend Pug Defeated by Chas. Conrad, Plumber—Fight at North Bend

Fred Sax of North Bend lost to Chas. Conrad, a Bandon plumber, on a foul in the third round of what was to have been a ten round go at Bandon Saturday night. O. J. Seeley of Coquille was the referee.

Conrad is a novice at the game but is a slugger, making up in "bull" work what he lacks in science. He crowded Sax hard in the first two rounds, playing for the latter's stomach and in the third Sax came back, striking wild despite Seeley's protests. As a preliminary, two Bandon youngsters mixed it and this is said to have been better than the main go. The receipts were only \$99, there being a small crowd out.

North Bend Fight.

Tonight Mitchell and Powers are scheduled to meet at Sax's gymnasium at North Bend. Mitchell is shifter than Powers but the latter is heavy and strong. Both are young. As a preliminary, Frank Brown of the Dredge Michie and Frank Mason of Smith-Powers Camp 7 are to go six rounds. Fred Sax is to referee the main event.

COACH ESTATE GETS VERDICT

Judge Coke Gives Them Judgment for \$19,000 Against Cody Lumber Co.

(Special to The Times.)
COQUILLE, Or., March 3.—Judge Coke in Circuit Court here gave the Coach estate a verdict against the Cody Lumber Company, of Bandon, for \$19,414.81. The case had been on trial on a cross complaint for four days, and hundreds of pages of manuscript were introduced in evidence. By stipulation, it was tried before the court without a jury. The case was on promissory notes given by the Cody Lumber Company in payment for timber. Under an old contract, the Cody Lumber Company was to pay Coach \$1.50 per thousand for all logs removed from the Coach lands. It was contended by Coach that the scale at the log dump was to prevail, while the Cody Company contended that the scale at the mill was to be the final one. However, it was shown that under a previous settlement for about 3,000,000 feet, the scale at the log dump had been accepted as final.

The Cody Lumber Company is the predecessor of the Geo. W. Moore Lumber Company, the latter taking over the milling business after the fire a few years ago, while the Cody Company handles the logging end of the business.

C. A. SMITH TO BE HERE SOON

Lumberman May Be Here on Adeline—Big Warehouse and Buildings Planned

The Adeline Smith will be in from San Francisco early tomorrow and it was stated today that probably either F. A. Warner or C. A. Smith, or possibly both of them, might be on her. If they are not, they will be on the Bay soon.

It is understood that the final plans for the big warehouse which the company is arranging to build on the waterfront south of the A. T. Haines warehouse are waiting on their arrival.

The new warehouse will be a model and will probably be much larger than the present Alliance warehouse. It is likely that arrangements will be made to link up the business blocks which the company will put up on South Broadway between the present Alliance warehouse and Mill Slough with the warehouse, the Broadway buildings serving as small offices and small storerooms for wholesalers and distributors who can also utilize the big warehouse for their shipping. The big warehouse will have boat facilities and also train facilities, as a special sidetrack will be put in to it.

The steel is laid beyond the tunnel and there remains about five miles more to build to reach the Wagner ranch, the present terminus of the road. The ballasting will be rushed as rapidly as possible and the road will probably be ready for use in the very early summer.

The killing of Bauch, however, did not remove the gravity of the situation as viewed by the United States. No definite word has been received from Carranza.

(By Associated Press to Coos Bay Times.)
EL PASO, March 3.—a member of the Benton commission expressed the opinion that the investigators never would go to Chihuahua to view the body of the slain Scotchman. "This is my personal opinion," he said. "It is not based on official information. Benton was killed February 17, and this is the third of March. The body must be in such condition by this time that any wound or wounds in the head would be obliterated."
