WANTED—Position by stenographer

## Time-Savers

FIRST HOME FROM SCHOOL

### Which Is Nonsense?

THIS?

SAYS a "special" writer in a San Francisco paper: "People in moderate circumstances cannot afford to send their boys to college or to keep their girls from having to go out of their homes to work, but they have wasted enough money on bicycles and ball bearing roller skates and expensive mechanical toys, and overline clothes, and the movies, to have started their children out in life properly."

OR THIS?

All of which is nonsense. No money spent for bicycles or ball bearing skates is wasted. He who so contends has little recollection of his own childhood. A boy is not a man. It is essential that he possess the things that make for happiness in boys, more essential than it is for the man to have some recreation after the grind of a day or a week.

And if the boy doesn't have a bicycle or a pair of skates, be sure he is going to find something to amuse him, and it is likely that something will not be as desirable as riding a wheel or making progress on a pair of skates.

### Parents:

Do you remember how you would have enjoyed riding home from school on a bicycle? Why not let your son have one?

Do you remember how you had to hurry in the morning to "get there before the last bell rang?"—Why not let your boy have a **TIMESAVER**? He'll be late anyhow, I know, but think of the fun he'll have.

Please look over our wheels before you decide on the bicycle for him. We know what's what in durability and can make many suggestions that will prove of value to you.

Our bicycles **MUST** please, **MUST** give satisfaction or we'd have to go out of business.

# LOCAL BREVITIES

### TIDES FOR MARCH

Below is given the time and height of high and low water at Marshfield.

The tides are placed in the order of occurrence, with their times on the first line and heights on the second line of each day; a comparison on consecutive heights will indicate whether it is high or low water. For high water on the bar subtract two hours 34 minutes.

### WEATHER FORECAST

(By Associated Press to Coos Bay Times.)

OREGON—Fair in east; cloudy followed by rain in west, cooler in west; southerly winds.

### LOCAL TEMPERATURE RECORD

For the 24 hours ending at 4:43 a. m., March 7, by Benj. Ostlund, special government meteorologist:

|                                     |                  |
|-------------------------------------|------------------|
| Maximum                             | 59               |
| Minimum                             | 40               |
| At 4:43 a. m.                       | 41               |
| Precipitation                       | 0.00             |
| Precipitation since Sept. 1, 1913   | 51.51            |
| Precipitation same period last year | 45.43            |
| Wind                                | Northwest, clear |

Funeral Sunday.—The funeral of Miss Nichols of Empire will be held at 12:30 Sunday from the Wilson Chapel, Rev. R. E. Browning officiating.

Case Today.—The case of Minnie E. Stadelman and Fletcher Heirs vs. Minor and Worden, involving timber lands, is being tried today before Judge Coke.

Won Case.—Philip Anest of North Bend last evening won a judgment of \$234 in Justice Pennock's court against his partners in the Grand Cafe at North Bend for ejecting him from the partnership. He sued for \$250. The case lasted all day and

part of the evening. The jurors in the case were E. H. Campbell, John C. Merchant, Aug. Frizzen, Charles Bonebrake and E. P. Lewis.

Buys Auto.—R. A. Coppel today joined the ranks of the autoists, purchasing a fine Studebaker Four from George Goodrum.

Grants Divorce.—Judge J. S. Cole yesterday granted Mrs. Hart, an employee, of the Blanco hotel, a divorce. Her husband, who was a cook, did not appear. She will resume her maiden name of Hanson.

Body to Gard ner.—Ernest Haskell of Gardner left this morning for home with the body of his brother, Luther Haskell, who was killed in an accident at the Smith-Powers South Slough camp Thursday. Luther Haskell had been employed there only three days and a half. No inquest was held.

New Wharf.—While in Portland, W. H. Meredith, of Wedderburn, who was here today en route home from a trip through the valley, was informed that the Macleay estate would rebuild the wharf at Port Orford early this spring. It will be built further out than the old one and in a more protected location.

Recovers Dress.—Through a Times want ad, Mrs. J. M. Upton recovered a valuable dress which she had lost in a box on the road between Marshfield and Kitzville, where she is visiting with her parents, Capt. and Mrs. Reed, prior to her departure for her home at Roseburg. The box was picked up by Mrs. Ray Pendergast, who promptly restored it to the owner when she read the first issue of the lost ad in The Times.

Cooley Case.—District Attorney W. H. Meredith, of Curry County, who is here, states that the Cooley-Van Pelt murder case will be taken before the grand jury at the April term of court but the trial will probably not take place until the August term of court. Some of the important witnesses in the case on the state's side have not been located yet. "Fighting Bill" Smith, who was killed the other day near Albany, might have been one of the principal witnesses as he was with Cooley the time the latter was slain.

Return for Pension.—According to parties on Coos Bay, the Cooley family, which has been in Illinois for some time, are planning to return to Coos Bay, so that Mrs. Cooley can again secure the mother's pension of \$47.50 per month which was cut off when she moved away from the state. They had quite a spell of sickness among the children and Cooley is said to be unwell again. The family attracted considerable attention here, a number of benefit functions having been given for them.

## \$1.00 "Get Acquainted Package" 50c

## BROWN DRUG CO.

GRADUATE CHEMISTS

71 Market Avenue, Marshfield, Ore.

## WHY BAY PARK LOTS SELL

- Because Bay Park is in the section of town that will undoubtedly be the first to secure streetcar service southward.
- Because Bay Park has a water system, telephone, daily delivery and other conveniences.
- Because it has a live, hustling population, who are doing things in the line of improvement.
- Because it lies near the present and future manufacturing district of the bay, and will for that reason always attract renters and home owners.
- Because the lots sell for lower prices than any other lots equally distant from the business center.
- Because it takes so very little money to handle Bay Park lots that they are within reach of any one who wants to establish a home or make a safe investment. He needn't wait till he has saved up lots of money. Lots \$10.00 down, \$5.00 a month.
