

Mallory Hats

MERIT must be recognized. The easiest way to recognize it is to see it.

—and to know it when you see it you look for some identifying mark.

That's the way it is with "Mallory" Cravenette Hats—

We know how good they are and can tell you all about them, but in order that you may know

and recognize them, they put their trade mark in the hat.

You can't go wrong in buying a "Mallory" Cravenette Hat.

Buy your clothes here and we keep them pressed free of charge.

THE PEOPLE'S FORUM

The Times will be pleased to publish letters from its readers on all questions of public interest. Each letter must be signed by the writer, so far as possible be limited to 100 words. In publishing these letters it must be understood that the editor does not endorse the views expressed therein; it is simply affording a means for the voicing of different opinions on all questions affecting public welfare.

thing in all earth that uplifts and broadens the human mind it is music—not ragtime, but selections that are the embodiments of soul. Ask yourself, Mr. Reader, what has been the advancement in musical education in Marshfield. Go back with me if you please four years. At that time the first seed was sown along the right line. What was the condition at that time? What today? In my travels over the country, even in the cities, it is common talk—the Coos Bay Band. What could be a better advertisement, say nothing of the effect on the community socially. No other town has a band that comes in our class. Now, it has taken long, hard work to build the best band in the West, and just at the point of financial success why should some narrow-minded person be so foolish as to try to take from it the life-blood of all enterprise—money? If we want the best we must pay for it. We have the best and instead of decreasing the appropriation, it should be raised to meet any and all demands. The band is the one up-to-date factor we have and every man's heart should swell with pride at the mere mention of the name. Coos Bay Band spells all that can be hoped for in music. Let's keep it. W. F. HARMON.

ABOUT THE BAND

Editor Times: Should the Coos Bay Band be retained? Can there be an answer? I think to all minded people the one answer could scarcely be emphasized. We have an organization, merely a band as is always in smaller towns, but a collection of musicians, (artists), several of whom have no superiors on the Coast. Instead of listening to a lot of wind-jamming and rag-time we would have music—real dope as we would hear from park in the larger cities. Now and think of what effect this eventually have on the minds of the community. If there is one

LOCAL BREVITIES

TIDES FOR MARCH

Below is given the time and height of high and low water at Marshfield. The tides are placed in the order of occurrence, with their times on the first line and heights on the second line of each day; a comparison on consecutive heights will indicate whether it is high or low water. For high water on the bar subtract two hours 34 minutes.

LOCAL TEMPERATURE RECORD For the 24 hours ending at 4:43 a. m., March 9, by Benj Ostlund, special government meteorologist: Maximum ... 60 Minimum ... 39 At 4:43 a. m. ... 49 Precipitation ... 0.00 Precipitation since Sept. 1, 1913 ... 51.51 Precipitation same period last year ... 45.43 Wind: Northwest, clear

Repair Boat.—Neil Watson arrived in Marshfield today in charge of the "Aloha" which he removed to Krus & Banks shipyard today for repairs.

Men for Railway.—A crew of railroad laborers left on the launch Union today for North Inlet, where they will be employed in railroad operations.

To Run.—According to a report here, Geo. N. Farren, formerly of Marshfield but now of Portland, will try to run for attorney general of Oregon on the Republican ticket at the coming election.

Kinney Better.—J. P. Morris, who was in from Plat B Saturday, states that letters from Major Kinney personally indicate that he is much improved. Just when he may return has not been indicated.

Will Give Dance.—The Sumner Hall Association has planned a dance to be given at Sumner Hall next Saturday evening. The younger set at Sumner is preparing for the event,

which is promised as the best this season.

Fine Ball.—Mr. and Mrs. Chas. Suckox, Mr. and Mrs. Leonard Mauzey, Miss Green, Fred Larson and Cell Ireland, were among the Marshfield people attending a fine ball given at the North Inlet dance pavilion Saturday night.

Will Lift Wreck.—An attempt will be made today to lift the wreck of the tug Escort by running two scows beside and placing ropes beneath it. An attempt was made to blast the scow on several occasions, but has not been successful.

Will Deliver Lecture.—Rev. Samuel Gregg, of the First Christian Church, will deliver a stereopticon lecture at the Bunker Hill Hotel this evening for the employees of the Smith mill. Rev. Gregg has an interesting collection of views he has prepared and an instructive lecture is promised.

Council Tonight.—The Marshfield City Council will hold its regular meeting tonight, a number of street improvement projects, changes in salaries of city officials, the letting of the contract for raising Central avenue and other matters are to be taken up.

Fell Into Dredgings.—The five-year-old son of A. C. Cox, who is staying with his father, W. B. Cox, this morning rushed out to meet Mail Carrier Smeddon for the mail. In going back, he got in too big a rush and fell into the dredgings, eight feet below. He was badly splattered with mud but not hurt.

Go To Ten Mile.—George Watkins, Jr., and Horace Byerly of North Bend enjoyed a week-end at Ten Mile, leaving early Sunday morning and arriving at Ten Mile at 10 a. m. After a four-hour sojourn in the country they returned to North Bend in a row boat from North Inlet, pronouncing the trip most enjoyable.

Has Birthday.—Grandpa Pratt, father of Vince Pratt, and one of the most highly esteemed old residents of Marshfield, is today celebrating his seventy-ninth birthday. That he will enjoy many more such happy anniversaries is the wish of his host of friends. Dan Campbell, who is almost 74, was among the first to congratulate him today.

Get Large Shipment.—A shipment of 200 boxes of giant powder, consigned to Hullag, Lundy & Company, of Myrtle Point, was shipped on the morning train to Myrtle Point today. Every care was taken in the transportation of the explosive by the local railroad officials, Superintendent W. F. Miller personally attending to the arrangement of the shipment.

Bandon Report.—The Bandon Surf says: "Bob Bedillion recently informed a representative of The

Times that up to the present time no definite move had been made for the removal of the Bandon Woolen Mill, and that no options had been given in connection therewith. It would seem from this that many of the Coos Bay people are harboring some very foolish ideas in their heads."

Want to Build.—W. A. Reid is in receipt of a communication from Mr. and Mrs. R. R. Montgomery, of Decatur, Illinois, inquiring as to when the street improvements will be started in Perham Park, as they contemplate erecting bungalows on their property there as soon as the improvements are started. Mrs. C. K. Perry and Mrs. D. Y. Stafford, of Marshfield, are daughters of Mr. and Mrs. Montgomery.

Relative Dead.—W. G. Chandler today received a telegram announcing the sudden death of his wife's only brother, Ralph Bacon, at Banning, California. Mr. Bacon was married, was a graduate of Oregon University and had attained quite a reputation as a magazine writer and for moving picture scenarios. Mrs. Chandler is now in Honolulu and Mr. Chandler may go to Banning tomorrow. Mrs. Bacon, mother of the deceased, lives at Merlin, Oregon.

For Day Shows.—"It surprises me that these moving picture houses don't run a day session for the benefit of the people visiting from the inlets," said John Grimes of Haynes Inlet, today. "There are between forty and sixty persons arriving on the boats from the different inlets each morning, returning in the afternoon, and they always have time to avail themselves of a little enjoyment before returning in the afternoon. The movie men have the reels in stock and I think a performance starting at 11 o'clock each morning and concluding at 12:30 would draw many people to Marshfield who would not otherwise visit."

CARDS OF THANKS

It is with the deepest sense of gratitude that I thank the many very kind friends and especially the members of the Masonic Lodge who did all in their power to alleviate the sufferings of heart and mind, of myself and children. Your kindnesses will be treasured through all my life.

MRS. F. S. DOW AND FAMILY.

NEW KINDERGARTEN TERM Mrs. J. R. Heaton will begin a new kindergarten term March 9 in the basement of the Episcopal Church. All games and exercises to be given out of doors. Tuition for the 3 mo., \$10. Lessons from 9 to 11:30 each week day.
