LUMBER MART IS IMPROVING

Capt. Edgar Simpson Returns From San Francisco—Annual Meeting Held

Capt. Edgar Simpson, of the Simpson Lumber Company, arrived home on the Hardy yesterday from San Francisco, where he has been spending a few weeks on business. He reports that there has not been any marked improvement in the lumber business yet, but the tendency is for the better and everyone is optimistic over the outlook. He says that they are making rapid progress now on the exposition grounds and buildings and a sight of it now fully impresses one with the sense of the grandeur of the completed exposition.
No particular business was done at the annual meeting of the Simpson Lumber Company. The old officers were re-elected. In regard to the Old Town Mill, Capt. Simpson stated that they had decided not to attempt to operate it until they could replace the present mill with a double band gang plant.
At San Francisco he saw C. S. Winsor, who was fresh from the Santa Monica races. Mr. Winsor will be home soon.
L. J. Simpson and wife are returning via Portland and will probably arrive on the new Breakwater. L. J. Simpson may bring home a fine new auto. Capt. A. M. Simpson is in the best of health.
"As to railroad news, you'll have to see L. J.," said Capt. Simpson. "He has it all and I refuse to divulge anything that would detract from his story."

RANDOLPH'S ROUGH TRIP
At Gold Beach the Randolphs coming in she was struck in the stern by a large breaker and threw her beam end. Her cargo shifted so that she could not right herself but the captain turned her around and came in backward. If anyone knows how to cross the Rogue bar under any conditions it is Johnson. The schooner brought about sixty-five tons of freight from Wedderburn and Gold Beach.—Bandon World.

NEW MACHINE FOR LAUNDRY
The Coos Bay Steam Laundry is just installing another big piece of new and up-to-date machinery to carry their policy of making the plant the best in the state. It is a Nelson & Kreuder underwear ironing machine. It has a 18-inch roll and will iron underwear like fast goods is now ironed and will do so faster and better work than is possible to be done in the old machine. The rapid growth of the business is requiring the installation of the new machinery to handle and turn out the work properly. They had hoped to get their new building at Sixth and Bannock under way before this, but have been delayed by street grades.
