**THIRD VESSEL
TO COOS BAY**

**Portland Rumor That Swayne
& Hoyt Will Put Vessel
On This Run**

PORTLAND, Or., March 14.—A
third steamship line into Coos Bay
from Portland is said to be an im-
mediate possibility. Rumors are that
the steamer Araline of the Arrow
Line of steamers will be placed regu-
larly on the run as soon as she re-
aches Portland on her present trip. The
Araline left San Francisco for Port-
land with a full cargo of merchan-
dise for Swayne & Hoyt. She should
reach Portland early Monday morn-
ing.

The North Pacific Steamship com-
pany and the Coos Bay & Portland
Steamship Lines, operating the steam-
ers Alliance and Breakwater respec-
tively, are now operating into Coos
Bay. In addition to touching at Coos
Bay the Alliance also makes Eureka.
Trade into the two seaports from
Portland is at its height now and
both steamers had had to leave be-
hind some of their most recent car-
goes through lack of space. The Ara-
line has been without a regular run
for some time. She was sent to the
Panama Canal from Seattle with an
excursion party as an experiment re-
cently and since that time has been
without a charter. It is the under-
standing here now that she will be
placed on the Coos Bay run immedi-
ately after reaching Portland.
F. P. Baumgartner, local agent for
Swayne & Hoyt and the Arrow Line,
while he admits he has heard some
talk of the steamer going on the run,
says that he will not know as to her
destination until she reaches here.
Local steamship men do not believe,
however, that the steamer would have
been sent north unless some such ar-
rangement was contemplated.

**NEW OFFICERS
OF DAIRYMEN**

**Coos Bay and Coos River As-
sociations Perfected for
Cow Testing**

At a meeting at the Chamber of
Commerce today the formal or-
ganization of the two testing associa-
tions of the dairymen of the Coos
Bay district were organized. There
was a large and enthusiastic attend-
ance of the dairymen. In each as-
sociation there are about 550 cows
signed up. The Coos Bay Associa-
tion includes the ranchers on Coos
Bay, Isthmus Inlet, Catching Inlet,
Larson Inlet and Willancho Inlet
and the Coos River association com-
prises Coos River, North Coos,
South Coos and Daniels Creek.

The officers of the Coos Bay As-
sociation are:
President—O. N. Wilson, of Sum-
ner.
Vice-president—Neil Watson, of
Coos City.
Secretary and treasurer—Fred
Selsander, of Sumner.
The Coos River Association offi-
cers are:
President—W. R. Smith.
Vice-president—John Hendrick-
son.
Secretary and Treasurer—Frank
Rogers.

Mr. Black, who arrived this week
from Corvallis, will have charge of
one and another O. A. C. student
who will arrive next week will have
charge of the other.
Farm Expert J. L. Smith is en-
thusiastic over the meeting this
morning. He will leave this after-
noon to attend a big meeting of
ranchers at Coquille, which will re-
main in session until he arrives.
This morning a large number
joined in a club subscription for a
dairy paper, which was secured for
them by Mr. Smith at about half
rates.

**Engineer Hoey Says That Ser-
vice Will Start to Ma-
pleton in Fall**

EUGENE, Or., March 14.—"If I
were to make a guess," said H. P.
Hoey, engineer in charge of construc-
tion work on the Eugene-Coos Bay
branch of the Southern Pacific,
speaking of the prospects of early
train service between Eugene and
Noti, "I would say that no regular
passenger or freight trains would be
put on the new line until the track is
completed and ballasted as far as
Mapleton, which will probably be
next fall, if the work progresses as
rapidly as it is at the present time."
There have been a number of re-
ports to the effect that the construc-
tion department would soon turn over
the Eugene-Noti link of the new
road to the operating department
and that trains would soon be es-
tablished, but Engineer Hoey's state-
ment would indicate that no such
move is contemplated in the near
future.
Mr. Hoey said that the rail crew
was expected to reach the Chickahom-
iny bridge last night. The bridge
will then be put in and the rails will
be laid west of that point till the
next bridge is reached, and so on.

Chickahominy bridge is six miles be-
yond the Noti tunnel.
"This weather is excellent for us,"
continued Engineer Hoey, "and we
are taking advantage of it and are
rushing the work as rapidly as pos-
sible."
NORTH BEND PROGRAM
The parties in charge of the pro-
gram for the North Bend Library re-
ception Monday night have not
completed it but have arranged some
of the numbers. Among them will
be readings by Mrs. Davenport, a
few stories by the Rev. Patner Mc-
Devitt and Scottish songs by Mrs.
Neil Banks.
It is hoped to get a large number
out for the meeting to aid in de-
veloping the re-organized library to
what it should be.

Why?
**A Few Reasons Why Perham Park Prop-
erty is Now in Great Demand**
It is the best located residence property in Marshfield.
It is within a few minutes' walk of the business center.
It offers better values than any other residence property.
The lots are all good sized building lots, slightly and attractive.
The prices, (from \$300 to \$600), are within the reach of all.
The terms are easy, small payment down and balance in two years.
The building restrictions are such only as afford you protection.
Development work is now being pushed as rapidly as possible.
Every encouragement is held out to those contemplating building.
Some of the best view lots on the Bay are to be found in Perham
Park.
Building sites are now to be had with water, sewer and light facilities
The prices are from one-third to one-half lower than adjoining prop-
erty.
The title to this property is the best. Abstract furnished with each
lot.
The terms enable persons of small means to acquire a homesite.
As an investment there is none better on Coos Bay.
Perham Park, by reason of its location and building restrictions, is
destined to become the best residence district on Coos Bay.
