

Mallory Hats

MERIT must be recognized. The easiest way to recognize it is to see it.

—and to know it when you see it you look for some identifying mark.

That's the way it is with "Mallory" Cravenetted Hats—

We know how good they are and can tell you all about them, but in order that you may know and recognize them, they put their trade mark in the hat.

You can't go wrong in buying a "Mallory" Cravenetted Hat.

Buy your clothes here and we keep them pressed free of charge.

NO ACTION TAKEN

BANDON, Or., March 16.—It was announced that no final action was taken at the meeting of the stockholders of the Bandon Woolen Mill Company on the proposition to move it to Eastside. R. E. L. Bedillion was in San Francisco and E. Dyer held his proxy at the meeting.

Bunker Hill Trouble.—Mrs. Simpson, of Bunker Hill, telephoned to the police today asking them to come out and get a stranger who was bothering around their place. Constable Cox was sent out.

LOCAL BREVITIES

TIDES FOR MARCH

Below is given the time and height of high and low water at Marshfield.

The tides are placed in the order of occurrence, with their times on the first line and heights on the second line of each day; a comparison on consecutive heights will indicate whether it is high or low water. For high water on the bar subtract two hours 34 minutes.

16 Hrs.	5.19	11.55	6.27	11.37

WEATHER FORECAST

(By Associated Press to Coos Bay Times.)

OREGON—Fair; light frost interior in West and heavy frost in east; light, variable winds.

LOCAL TEMPERATURE RECORD

For the 24 hours ending at 4:43 a. m., March 16, by Benj. Ostlund, special government meteorologist:

Maximum 61
Minimum 47
At 4:43 a. m. 48
Precipitation since Sept. 1, 1913 51.69
Precipitation same period last year 46.46
Wind: Northwest, clear.

Pump Shells.—The dredge Seattle has been pumping a large amount of oyster shells the last few days and has been making an excellent fill north of Elrod.

Rainbow Resumes.—The steamer Rainbow, which has been in drydock for some time, resumed her run on Coos River today. Much work has been done on the craft and her appearance will add much to the betterment of the Coos River boat service.

Dog Overboard.—William Borro, proprietor of the Nutwood Saloon, started out with a lantern Sunday evening in search of his dog that had become stranded under the wharf in the rear of Magnes & Matson while chasing a cat. After some effort the dog was recovered.

Council Tonight.—The Marshfield City Council will meet tonight. It is expected that the contract for raising Commercial avenue will be awarded. The meeting will probably be devoted largely to the investigation as to who was responsible for the change in grade at Fourth and Golden which left the crossing too low.

Plans for Fair.—H. A. Schroeder of Myrtle Point has been spending a couple of days here to secure advertising for the Myrtle Point fair premium list. He says that the fair will be better than ever this year and the management has decided to pay all cash prizes for the competitors instead of having merchants throughout the county donate prizes.

Sells Business.—E. H. Campbell has sold his Gazoot printery and will retire some time next month. He plans to return to his old home in Wisconsin for a visit with his daughter and other relatives and will then seek a new location, probably in California. The names of the purchasers of the Gazoot are not given out, but it was reported that another printing concern on Coos Bay had absorbed it.

Beware of Dogs.—A prominent Marshfield physician remarked today that Marshfield dogs are suffering from an epidemic of distemper and that the medical profession often exists at the same time, while the doctors have not been able to discover the cause of the two diseases, he thinks it would be a wise precaution for parents to keep children and dogs apart while this epidemic is on.

Plant Holland Grass.—Roy Rozelle, now in charge of the government harbor work here and on the Coquille, and wife, have moved from Bandon to Empire. Mr. Rozelle will have charge of planting another tract of about forty acres on the north spit to Holland grass, the growth of which has been found to be very effective in preventing the wind shifting the sands and damaging the channel. Mr. Rozelle is an expert in this kind of work.

Many At Dance.—A large assemblage was on hand at the dance given by the Sumner Hall Association at the Sumner Hall on Saturday evening. A delegation from Myrtle Point, comprising four touring cars, journeyed to the scene of merriment. A number of the younger set of Marshfield and North Bend also went up on the Toga and Alice H. The Sumner Hall Association has planned many dances for the season and to judge from the attendance at the Saturday evening gathering, the remaining events will be well attended.

Wins Honors.—Dr. A. L. Houseworth is in receipt of a letter from the Hill Military Academy at Portland, where his nephew, Jesse Dale Frantz, is a student, telling him of the scholarship honors won by him. He was the only one in the sub-freshman class to receive the "Silver Eagle," a watch chain given cadets as a reward for having maintained an average of over ninety per cent and a monthly department average of 100. Jesse's average was ninety-three per cent and was exceeded by only two other students. Jesse's many friends will be pleased over the honors that he has won.

Changes Position.—Lee Byerly, who has been employed at Sacchi's milk depot for the past year, has resigned to take a position with the Sumner Hardware Company.

Outing at Lakeside.—Al Mendel, F. A. Laise, Charles Stauff and Fred Kruse journeyed to North Inlet for a week-end Saturday, returning on the North Star today.

Change Paving.—The Southern Pacific is planning to raise its track across Central avenue about four inches, which will require considerable of the hard paving to be changed.

Good Catch.—"Doc" Sinclair and Mrs. Sinclair enjoyed splendid luck, catching 28 fish on a trip to Coos River Sunday. Mr. Sinclair says that the fish are biting good for this season.

Rush Paving.—Contractor Small is in hopes of completing the hard surface paving on South Broadway to Central avenue in three days more. He had a crew of men at work Sunday on it.

Will Get Auto.—C. W. Montgomery, of the Standard Oil Company, expects to receive an auto from the company soon for his use in covering this territory. They will probably send a Haynes machine.

Visits Homestead.—Wyman Albee, of the launch Vega, has been out at his homestead near South Inlet for the past week. Mr. Albee has been doing much improvement work during the past three months on his South Inlet holdings.

Appraise Property.—Jas. Watt, constable Cox and Tom Hall today appraised the property of Wm. Burghagen at Bunker Hill, to be worth \$2950. Burghagen was a former resident here and left a year ago following a rather sensational matrimonial case. He died some time ago and his estate is now being wound up.

Officials Here.—Chas. Gramm, Deputy State Labor Commissioner, Wm. Marshall, of Portland, a member of the Oregon Compensation Commission, arrived here today from Florence. They are making a trip through the state to get in touch with conditions, gathering information for the commission. They will spend some time in this section.

School Map.—Secretary Motley has received word from Superintendent Baker that there is no map showing the location of the schools in Coos County. Mr. Motley wanted it for advertising Coos county in the Oregon almanac, but Mr. Baker said he was too busy to prepare such a thing. As it would be very good advertising Mr. Motley will try and get it fixed up. There are eighty-seven schools in Coos County.

Bolt Wins Honors.—Geo. N. Bolt today received word that his son, Eric P. Bolt, a student at Willamette University, won first place in the oratorical contest at Albany last Friday night. The honor is a high one and the news will be most gratifying to the many friends of the former Marshfield high school boy who has attained many other honors during his college course.

PEOPLE YOU KNOW ABOUT

ALAN TODD spent Sunday with friends on Coos River.
