The cost of the proposed improvements in the Coquille water system will be between \$10,000 and \$1200. The public sale of dairy cattle by George Belloni, at the Fligg ranch three miles down the river, was a great success. The forty-five head brought \$5255 or an average of \$116.75 each.

COMPANY GETS MAIL CONTRACT.

Word was received here last week that Capt. Russell Panter of the Myrtle Point Transportation Co., has been awarded the contract for carrying the mails from Myrtle Point to Coquille via Norway and Arago, for the period ending June 30, 1918, and that Capt. T. W. Panter has the contract for the route from Coquille to Bandon for the same period.—Myrtle Point Enterprise.

TO CLEAN UP BANDON.

KLAMATH FALLS—Two prisoners now confined in the Klamath county jail attempted to escape by tearing out the concrete on the west side of the jail with an iron bar. They had a hole in the wall deep enough to admit passage but were caught by an officer who had heard the pounding and went to see the cause.

IF BACKACHY OR KIDNEYS BOTHER

Get Less Meat and Take a Glass of Salts to Flush Out Kidneys—Drink Plenty Water.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste, or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Get less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Drug stores here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

THE SPORTS COAT A SERVICEABLE NOVELTY

Quite the most sensible of the recent modes is the sports coat. It has been adopted by young and old.

Many of these coats are cut on severely straight lines, others are modified somewhat by rippling collars, wide revers, broad stitched belts with now and then a tiny pocket attached. There is nothing else by way of trimming, however. If they were to be trimmed to any extent they would fail of their purpose, which is purely practical.

Most of them are fashioned of the light weight wool fabrics, which are delightfully warm. A coat of this kind will be found excellent to slip on over a one-piece frock or may be combined effectively with a skirt of plaid or tweed.
