LONDON & LANCASHIRE QUEEN
 ORIENT LONDON UNDERWRITERS
 FIREMEN'S FUND

I also represent the famous Aetna, writing liability, burglary, plate glass, surety bonds, etc.
E. I. CHANDLER

ALL OVER OREGON

FOREST GROVE—Caples & Co. will build a fine brick block.
BAKER—Ed Rand is again out for sheriff of Baker county.
PRINEVILLE—Work on the railroad between Metolius and Prineville will begin soon.
BAKER—Baker county in February paid out \$527.50 in bounties for the destruction of predatory animals.
CORVALLIS—The merchants will have a large spring opening from March 23 to 28.
ASTORIA—The business men are financially supporting the Astoria Athletic Club's baseball team.
BAKER—Copperfield is still on the map. Twenty-five have registered at that place for the coming election.
SEASIDE—Main street is a county road and the Seaside authorities want the county commissioners to let them have it to improve it.
WASCO—This city has just completed grading sixteen blocks of streets which are surfaced with a coating of fine gravel.
NEWPORT—There has been a tremendous run of herring. They are so plentiful that they can be caught with the hands at low tide.
KLAMATH FALLS — Klamath

county will have a cheese ranch located in Langell valley. It is now under course of construction.
DALLAS—A fire of unknown origin destroyed the shooting gallery of J. L. Blodgett. The loss is about \$1800 with but little insurance.
WOODBURN—The City Council has decided to lay a four-inch wooden water main 2000 feet long and 900 feet of 2-inch iron pipe.
LAKEVIEW—Dave Cleland, a well-known resident of Lake county, committed suicide at Plush by shooting. No reason is known for the deed.
PORTLAND—Thirty-two Republican candidates spoke at one meeting on Monday night. If that is kept up the Democrats will carry the country.
WENDLING—Dolph Lewi, a timber feller working for the Booth-Kelly company, was instantly killed Saturday near Wendling, when a tree fell on him.
M'MINNVILLE—The City Council is considering the proposition of installing a mile of 48-inch sanitary sewer trunk line running through the north end of the city.
BAKER—The Commercial Club is considering the promotion of an auto truck line from Baker to Richland, to serve the rich but somewhat isolated Eagle and Pine Valleys.

PORTLAND—James Small, a pioneer of eastern Oregon, aged ninety-one years, died at the Good Samaritan hospital. He was known by practically everyone in eastern Oregon.
PORTLAND—The Rose City is drawing the line on waist lines of larger proportion than the breast above them in its policemen. No man with a protuberant stomach need apply.
BONANZA—The residents of this place have posted a sign offering a reward of \$1000 for information leading to the arrest and conviction of the party who was responsible for the recent fires.
M'MINNVILLE—Building activity promises to exceed that of last year. A church, a business block and several residences are already listed. And it will be the record year for street improvements.
PORTLAND—Mrs. Charlotte Haws Lebo, who died here, was seventy-nine years old and crossed the plains in 1852. She leaves eleven children, nineteen grandchildren and eight great-grandchildren.
EUGENE—C. A. Paddock, a Lane county hunter, has brought, among his season's scalps and pelts, the skins of five "fishers," worth \$50 to \$50 each. The fur is dark brown with small white spots.
SALEM—The Hungarian, or Bohemian partridge, of which 550 pairs have just been received in Oregon, are so colored that the male and female cannot be told apart. This will head off some fool legislation that would provide for killing all the

male birds and none of the females.
ROSEBURG—So far no candidate has appeared for representative in the legislature from Douglas county. The salary of \$3 a day along with the roasts that legislators get, coupled with the fact that there is no longer an opportunity to lay up treasures on earth through the election of a United States senator, has taken all the charm from the office.
SALEM—School districts having 1000 or more pupils should have boundary lines identical with the cities in which they are located, and they cannot include territory outside of the city in which they are situated, according to an opinion rendered by Attorney General Crawford at the request of State Supt. of Public Instruction Churchill.
EUGENE—This city has lost "Grandma" Sarah Todd, the 104 year old woman who has lived here during the past ten years, and who has been regarded as a permanent fixture. She has been taken to Walla Walla. Two months ago a traveling representative of the Christian church old people's home association of St. Louis was here and induced Grandma Todd to go to the new Christian home at Walla Walla. She was taken away before her friends knew that she had gone.
GOVERNOR COX HONORED
PITTSBURGH, March 20.—Members of the Ohio Society of Pittsburgh will tonight welcome Governor James M. Cox of Ohio at a banquet. There will be no other speakers besides the Governor. Col. S. B. Pope, will be toastmaster. The Governor is looked upon as good Presidential timber.

GREAT STONE MOVED.
Blast Loosens Ledge 125 Feet Long and 14 Feet Wide and Deep.
 The Roseburg Review says: D. W. Riedle of Portland has several photographs of the plant and workings at the Phoenix stone quarry near here. By far the most remarkable feature is a photograph of what is doubtless the largest stone ever moved in a body in modern times in any part of the world. This enormous stone is fourteen feet wide, fourteen feet thick and 125 feet long. By drilling a series of holes and simultaneously discharging in each powder, by the use of electric wires, paratively small charges of black the immense mass was split off from the main ledge and moved a fraction of an inch. Needless to say it could not possibly be transported on any modern railroad. However, Mr. Riedle says that if the state will bear the expense of handling and transportation, a monolith five feet square and 125 feet long will be split off from this great stone and sent to the Panama Exposition at San Francisco. This would show that Oregon has the finest building stone in the world, as well as the finest timber.

Such great monoliths in Rome, Athens, Babylon, the cities of ancient Egypt and Syria have been the cause of wonder of all modern builders as to how they ever could have been handled. The greatest of these building blocks in Rome measures about 78 feet in length, while one or two in the ruined city of Baalbec of biblical times and which still exist, are about 72 feet long and 14 feet thick. One of these was built into a wall about twenty feet above the ground, and how it ever was put into place is still an unsolved mystery.
 The way to win in an argument with a woman is to state your side of the case, and then—walk off.
FRECKLES
 February and March Worst Months for This Trouble—How to Remove Easily.
 There's a reason why nearly everybody freckles in February and March, but happily there is also a remedy for these ugly blemishes, and no one need stay freckled.
 Simply get an ounce of othine, double strength, from your druggist and apply a little of it night and morning, and in a few days you should see that even the worst freckles have begun to disappear while the light ones have vanished entirely. Now is the time to risk yourself of freckles, for if not removed now they will stay all summer, and spoil an otherwise beautiful complexion. Your money back if othine fails.

Meritol Rheumatism Powders
 The unusually large sale of this remedy is the best evidence we could offer you to prove its merit. It is made of effective ingredients, and is guaranteed to give permanent relief for rheumatism. We will gladly show you the formula and explain its merits to you. Owl Prescription Pharmacy, Frank D. Cohan, Opposite Chandler Hotel, Phone 74, Central Avenue Drug Store, local agency. Price 50 cents.
