GOOD OUTLOOK FOR BUSINESS

Capt. Dollar Says Prospect is Good—Changes in Coquille Mills

That there will be an early and marked improvement in the lumber business is the hope entertained by Capt. Robert Dollar of the Dollar Lumber Company, who was here last night.

Capt. Dollar is now trustee of the Johnson Lumber Co., and the receiver of the Seelye & Anderson Logging company on the lower Coquille. His visit here was to try and shape the affairs of the companies so that they can continue and again get on solid footing for future development.

Eck Johnson of Coquille has for the time being severed his connection with the Johnson Lumber company. Stanley Dollar in the interim is acting head.

On his recent trip east he found a decided spirit of optimism and a very hopeful view of the future. He said that he had personally expected to see business pick up with the opening of spring and while it has not

done so, the optimistic spirit generally prevalent in business circles will mean that it will come with a rush when it does come.

When asked if they weren't about to take over the mill at Coquille, which was closed by business reverses a few years ago, and operate it again, Capt. Dollar said that he had been hoping so. He said that just the other day he had asked their attorney what the status of the Coquille mill deal was and when he asked him he said that he apologetically remarked that he was asking for information for the benefit of his grandchildren who were growing up, as he wanted to know if they had a right to expect to get the Coquille mill. He said it had been hanging fire so long that he did not know what to think about it.

In this connection he said that as a result of the long, tedious delays of the law, there was a growing sentiment for arbitration of business disputes and that the San Francisco Chamber of Commerce is now handling scores of cases that were formerly threshed out in the courts. He said the cases were submitted one day to the arbiters and the decision reached the next morning.

FINE CONCERT

Madame Maria Sandal, the Norwegian prima donna, scored distinct triumphs in her two concerts on Coos Bay this week. The first was at the Masonic Opera House and one of the largest audiences that ever assembled to a musicale in Marshfield greeted her and paid tribute to her remarkable artistic ability.

Friday evening an excellent audience greeted Madame Sandal at North Bend. Miss Mabel Mathison of Bunker Hill played her accompaniment and won much praise by her excellent rendition of the numbers.

Madame Sandal left overland this morning to continue her tour.

Sister Dead.—R. K. Booth received a telegram today stating that his sister, Miss Mary Booth, died yesterday in Spokane of spinal meningitis. She was a domestic science teacher in the public schools there and was ill only half an hour. She was his only sister.

WHY EVERLASTINGLY PAY RENT?

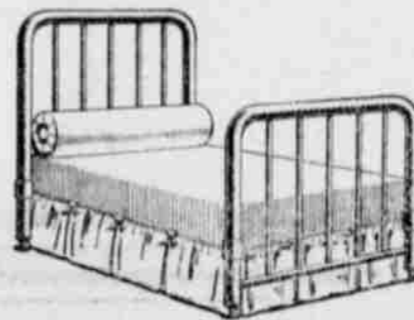

If the landlord makes money by renting to you, you can make money by renting from yourself.

Is it lack of means with you? Nonsense. If you've got the real determination and are willing to make the smallest sacrifice, you can raise \$10.00, can't you, and a few small monthly payments afterwards? That will secure for you a level lot in Bay Park, and you've got the start for a home. Anybody can do it. It's only making the start that counts.

Think this over in earnest and let us show you Bay Park's advantages. Quit paying rent.
