__Time-Savers___

Save One Hour Daily

A bicycle will save most workers one hour daily. Most work is a grind, at best, so why not save an hour each

That hour spent in the home or in the garden will certainly give much pleasure and comfort.

We sell TIMESAVER bicycles on credit, at a slight advance over the cash price.

If your time is worth twenty-five cents an hour, a bicycle will soon pay for itself.

Ask your neighbor where he bought HIS wheel and buy yours at the same place, for the same reason.

We have set such a mark for bicycle prices and bicycle service that we are content to let your neighbor recommend the make of bicycle you should buy.

We have sold one make of bicycle in Marshfield for over two years.

These bicycles ought to be our best advertisement. Ask their owners about us.

Much talk has been going rounds relative to not permitting Bandon in the league this year for the reasons that it is too far a jump from Coquille and that a five-team league is unwieldy.
