AN EVERY-DAY REQUISITE
Is meat, according to the belief of all but vegetarians. Instead of ordering your roast, or your steak, in a haphazard manner, why not study the ads in The Times, and see what the butchers have to offer you?

EVERY MERCHANT
Who uses The Times advertising columns will tell you he makes money by so doing. The reason is simple. Dependence is placed in The Times ads because no "fake" ad can enter its columns.

CHAMBERLAIN STIRS UP SENATE BY NEW RESOLUTION ON TOLLS

Oregon Senator Introduces Bill to Repeal Old Exemption Clause

WOULD CHARGE ON ALL WATERWAY WORK

Schedule of Charges on All Federal Improved Waterways Proposed

(By Associated Press to Coos Bay Times.)
WASHINGTON, D. C., March 24.—A basis for an important phase of the argument against the administration proposal for the repeal of the toll exemption provision of the Panama Canal act was placed before the Senate when Chamberlain of Oregon introduced a resolution which would have the way toward a repeal of the section of the Rivers and Harbors act of July 5, 1884, "providing no tolls or operating charges be made on any vessels, through any canal or other work for improvement of navigation, belonging to the United States." The resolution holds that if the Panama free tolls clause is repealed so should the act of 1884, so there could be a uniform system. It asks for a statement from the Secretary of War showing what amount of tolls it would be necessary to charge on every government improved waterway, including the rivers and harbors as well as the canals, for the purpose of reimbursing the Government for expenditures heretofore made and for maintenance. The resolution was referred to the committee on Inter-oceanic Canals.

TWO PARTIES IS CLAPP VIEW

Minnesota Senator Thinks Democrats and Republicans the Same

(By Associated Press to Coos Bay Times.)
BANGOR, Me., March 24.—Two great parties, one conservative and the other liberal, will result from the political re-alignment now in progress in this country, said Senator Moses E. Clapp in a speech at the Progressive state convention. "There is no fundamental line of demarcation between the Republican and Democratic parties," he said, "and pending the inevitable new alignment, I urge you stand firm for progressive principles."

ROAD PILLARS AT COOS BAY

Big Timbers for Oregon Building at Panama Fair in Moving Pictures

A Portland paper says: Motion pictures of the loading on shipboard of the great timbers which are to be the pillars of the Oregon building at the Panama-Pacific Exposition will be taken and used by the Oregon commission as one of the features in the state exhibit at the exposition in 1915. After the logs had been donated it was found difficult to arrange for their transportation to San Francisco, so the ships plying to San Francisco were not equipped to handle heavy sticks as the forty-eight logs are to be the feature of the Oregon building. Finally the Olsen & Co. money was chartered for the purpose. The logs will be towed to Coos Bay where special tackle is available for loading them on the vessel. The forty-eight big pillars are to be dedicated to the forty-eight states of the Union, and each state will be invited to supply a state flag or emblem and copper or brass plate to bear the inscription of the dedication. Other plate also will be set in each bearing the name of its donor and locality where it was cut.

NEW JERSEY ELECTIONS.

HOME RULE IS REDMOND HOPE

Noted Irish Leader Thinks Parliament Will Force It This Season

(By Associated Press to Coos Bay Times.)
LONDON, March 24.—There certainly will be no dissolution of parliament until home rule for Ireland has been passed. This statement was made to the Associated Press by John E. Redmond, leader of the Irish Nationalist party. He added that the second reading of the bill would be taken by the House of Commons on March 30 and that the bill would be proceeded with until it became a law.

TELLS REASON FOR SHOOTING

Mme. Caillaux, of Paris, Explains Assassination of Editor

(By Associated Press to Coos Bay Times.)
PARIS, March 24.—"My fear of the consequences of the publication of some private letters in Figaro led to my assassination of Gaston Galmette," Madame Caillaux told the examining magistrate today. "I also had been obsessed with the idea that my husband might be driven to commit the crime, and so decided to do it myself."

ECK JOHNSON IN NEW JOB

Prominent Lumberman May Become Identified With Coquille Plant

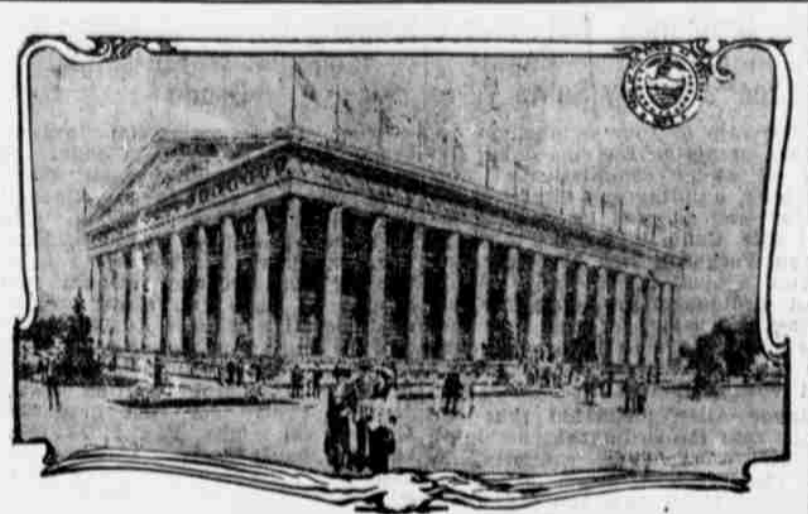

(Special to The Times.)
COQUILLE, Or., March 24.—It is rumored that E. E. Johnson, who retired from the management of the Lyons-Johnson mill on the lower river, will take charge of the local plant of the Coquille Mill and Mercantile Company. Hal Baxter and Charley McGee left recently for Brookings, Oregon, where they have accepted positions with the Brookings Lumber Company. Pictures exhibited here of the plant and townsite indicate that the company expects to employ a large number of men. In the neighborhood of twenty-five houses have been erected and the mill proper is well under way. Logging operations were commenced early in the spring in order to have a big supply of logs always on hand. Claude Moon has accepted a position at the Farmers' store. The local mill is getting out the decking for the Moulton street bridge and repairs will be commenced at once. The degree team of the local lodge, I. O. O. F., have plans laid for a moonlight excursion to Bandon Wednesday evening.

PRIMARIES IN BOSTON

(By Associated Press to Coos Bay Times.)
BOSTON, March 24.—Primaries for the selection of nominees for Congressman for the Twelfth district were held today. The election was made necessary by the resignation of Congressman Curley after he was elected Mayor.

SOUTH DAKOTA ELECTION

BEAUTIFUL OREGON BUILDING AT THE PANAMA-PACIFIC INTERNATIONAL EXPOSITION, SAN FRANCISCO, 1915.

OREGON, the first state to select and dedicate a site at the Panama-Pacific International Exposition, was also the first to accept designs for her state building. This very interesting structure, neighbor to New York's great building, has been designed in the chaste spirit of the golden age of Greece's architecture. It will be 150 by 250 feet and designed on the classic line of Icthinus' Parthenon. The columns, which Greece herself modeled in marble from previous exemplars in wood of a more ancient architecture, will revert to the original and be of timber brought from Oregon's forests. They will be five feet in diameter and forty feet in height. Not only will the materials which will be placed within the structure be Oregon's products, but the materials of which the state palace will be constructed will come from Oregon's vast resources.

SEEK KARLUK TO RUN FOR HIGHER COURT IN ICE FIELD

San Francisco Expedition Will Endeavor to Locate Missing Ship

(By Associated Press to Coos Bay Times.)
SAN FRANCISCO, March 24.—To search in the Arctic Circle for the lost Canadian exploring ship Karluk, is the mission of the steam whaler Herman, which left here today. Explorer Steffanson and three of the crew left the Karluk fast in the ice and could not find her on their return.

Anthony Fiala Wires That Colonel Was Not in Mishap in South America

(By Associated Press to Coos Bay Times.)
NEW YORK, March 24.—The feeling of anxiety regarding the safety of Colonel Roosevelt in the jungles of Brazil has been removed by additional advices from Anthony Fiala, whose party lost their equipment in the Papagayo River. Fiala reports the Colonel was not with the party that met the mishap, but is with another expedition exploring the Rio Dulvata.

Depew, N. Y., Becomes Armed Camp—Militia Charges Strikers Today

(By Associated Press to Coos Bay Times.)
DEPEW, N. Y., March 24.—Depew was an armed camp today, the militia having been ordered out at the request of the Sheriff, whose force was unable to handle strikers of the Gould Coupler Works. A special train, which was held up yesterday, came through today under military protection. Strikers who gathered at the entrance of the Coupler works this morning were charged by the militia with bayonets. One striker was wounded. The departure of the militia from Buffalo was delayed half an hour by the refusal of the motormen, acting under orders of their union, to move the cars after the soldiers went aboard. The motormen were suspended and a streetcar strike is threatened as the result.

GENERAL VILLA SAYS HE WILL CAPTURE TORREON BY THURSDAY

REBELS FORCE WAY SOUTHWARD

Mexican Revolutionists Advance on Saltillo as Well as Torreon

(By Associated Press to Coos Bay Times.)
JUAREZ, March 24.—Gomez Palacio was in the hands of the rebels this morning. The report was confirmed by a telegram picked up here from Villa. It ordered supplies to be sent direct to Gomez Palacio. General Benavides is said to be advancing from the east after cutting the railroad to Saltillo. Strategists here think he will be the first to enter the Federal stronghold. They believe the bulk of the Federals were engaged at Gomez Palacio and that although the latter retired they will not have the time nor spirit to unite against Benavides, who is advancing from a different direction. In the fighting at Gomez Palacio last night the rebels succeeded in capturing much Federal artillery on Cerro de la Pilar, a fortified mountain. They also captured the field furniture and bedding of General Velasco, who was in personal charge of the defense of Gomez Palacio.

OFFER REWARD FOR MEXICANS

Gov. Colquitt, of Texas, Will Pay \$1000 for Five Raiders

(By Associated Press to Coos Bay Times.)
WASHINGTON, D. C., March 24.—Governor Colquitt's offer of a reward of \$1000 for the delivery on Texas soil of the five Mexicans suspected of killing Clemente Vergara is causing the state and war departments some concern for international complications. It is feared the offer may lead to kidnapping the Mexicans across the border.

WILL EXPLAIN ARMY BILL

Col. Seeley Promises to Tell Details of Recent Trouble There

(By Associated Press to Coos Bay Times.)
LONDON, March 24.—Colonel Seeley, Secretary of State for War, promised in the House of Commons that he would lay on the table tomorrow all material and written documents which, he said, would clear up the mystery of the recent crisis among the officers of the army in Ulster. He gave this promise when asked to confirm a statement that a written promise had been given General Gough that the troops would not be used to force home rule on Ulster.

WEALTHY MAN IS ARRESTED

Walter Greer Campbell Held for Trying to Defraud Creditors

(By Associated Press to Coos Bay Times.)
PORTLAND, Or., March 24.—Walter Greer Campbell, who three years ago had a fortune of nearly four million dollars, was arrested here today charged with attempting to defraud his creditors. He left his wife and child in San Francisco, where he lived, without money enough to live on. When searched at the police station \$100,000 in gold certificates was found on his person.

FEDERALS FORCED TO RETREAT TO CITY

Federals Reported to Have Lost More Heavily Than Rebels

(By Associated Press to Coos Bay Times.)
ELVERJEL, Mexico, March 24.—Meeting stubborn resistance at Gomez Palacio, but a few miles north and east of Torreon, General Villa and his 12,000 troops fought the most bloody battle of the Constitutionalist revolution late yesterday and the rebel chieftain's march on Torreon along the route of which he had piled victory upon victory was seriously checked. The field hospital here is crowded with wounded which streamed into Elverjel as fast as they could be brought today from the front. They were given emergency attention here and the seriously wounded were hastened on to the general hospital at Bermejillo. The Federal loss appears to be much heavier than that of the rebels, but no accurate estimate of the dead and wounded has been learned. Apparently determined to deal Villa a crushing blow before he actually reaches the gates of Torreon, General Velasco sallied out of the invested city under cover of the great guns on the sides of Cerro de la Pilar and the strongly garrisoned Gomez Palacio, then Villa gave the order for the attack and before many minutes he had taken a water tank on the mountain. Another hour and the Federals retreated to Cuatela, where the hottest fighting of the battle took place. He finally drove the Federals back toward Torreon. Cuatela caught fire and was burned. The Federals retreated in order. Villa reiterated today his confidence that Torreon will be his by Thursday.

BRIDGE SCHOOL GOOD

First One in Coos County to Comply with Requirements. (Special to The Times.)
COQUILLE, Or., March 24.—The school at Bridge is the first one to be standardized under the new system recently adopted for the rural schools of Coos county. The school has reached a grade of ninety-six per cent, entitling it to the honor of being an "A" Standard school. As soon as the school was graded by the county superintendent on a recent inspection of the schools of that locality, the teachers, pupils and school board joined together in the effort to reach the rank of a standard school before any other had come up to the required average. It took four days of united effort to reach the average required for an "A" Standard school. The teachers are C. E. Mulkey, principal, and Miss Irene Weekly, assistant. The members of the school board are R. A. Crabbins, E. A. Weekly and R. C. Endicott.

ALLIANCE IN FROM PORTLAND

Steamer Arrives Today From North—Passed Annual Inspection

The Alliance arrived in today from Portland where she has been drydocked a few days by going on drydock for her annual inspection. Captain Lofsted reports that the inspectors found her in good shape, ordering scarcely no repairs. Capt. Lofsted has not heard a word about the possibility of the Alliance being changed and another Doe boat put on this run. He says that the weather was good coming down, except for a heavy southwest swell. The bar dredge was not working when they came in today. She had a fair cargo of general freight, including a road scraper for Moon & Barclay. The Alliance will sail tomorrow for Eureka. Among those arriving on her were: Louis B. Reath, C. S. Jewell, Lee Kemp, Allen Scott, Harold Scott, E. James, Mrs. E. James, R. A. Peterson, C. S. Howatt, Wm. Hahn, H. A. Scott and J. S. McCarty. A French dancer has introduced the "radium dance" in New York. We presume it is called the "radium" because a little of it will go a long way.
