President Kern Can't Get Managers together About Division of it

The question as to how the purse remaining from last season's baseball games should be divided is one that is puzzling Harry G. Kern, president of the league. The money is now in of pleasant emerald bowers of happy, laughing hours, Land of bloom!

Mr. Kern's hands and cannot be divided until he is satisfied which team is entitled to receive it. Marshfield, North Bend and Coquille all claim the money, Marshfield claiming that that they are entitled to the entire \$100, as they won; North Bend is willing to divide and Coquille also takes the same stand.

President Kern has asked repeatedly the managers of the respective it for a ball ground this season. The teams to get together and submit the cost of securing this ground is not question in order that he may decide, but without effect. The teams simply claim they are entitled to so much money and will not submit their score books or stand for any compromise. Mr. Kern says that he has requested the North Bend team to submit their view, but they refuse. Harry Oerding, manager of the Coquille team sent a letter to Mr. Kern. in answer to a request for his score book, demanding \$50 as the Coquille team's share and made no reference to the score book.

Unless a settlement is made soon t'e money will be turned over to the president of the league being formed this year, so it is up to the managers to get together and see Mr. Kern if they expect to settle the matter.

Norway's Plans. are being perfected by the baseball fans at Norway to have a baseball team this year and it is probable that the lineup will be announced at an early date. The Norway boys are attempting to secure

many of the players who were in the Myrtle Point team last year. Should they succed in this Myrtle Point will be without a team unless a new lineup is secured. Many of the play-ers have already been secured and the completion of the lineup will be made public shortly.

No Game Sunday. Arrangements had been made for a game Sunday between a pickup team from Mars' field and Myrtle Point, but on account of the threatening weather conditions today, the game will be postponed. An aggregation of players from Marshfield under the leadership of Tamp Osborne was scheduled to play at North Bend against the North Bend team Sunday, but unless the weather conditions

change no game will be played. Meet Tuesday Evening. The Marshfield baseball fans are planning a meeting for Tuesday evening at the Chamber of Commerce to make further arrangements for conducting a baseball club this season. The principal place where Marshfield will fall down this season is on the Many suggestions have grounds. been received to abandon the old grounds and fence up the block at Broadway and Elrod streets and use cost of securing this ground is not known, but many believe this would be a cheaper method than attempting to repair the old grounds. This matter will in all probability come up for discussion at the meeting on Tuesday evening.

Meet Today.—The meeting of the baseball fans committee which was scheduled to take place on Friday afternoon was postponed until this evening. The object of the meeting is to secure the consent of three business men to act on the finance committee of the Marshfield baseball club this season. The baseball fans committee is Russ Tower, Ben Chandler and Robert Dillard.
