A PATRIOTIC CREED.

THE Chase National Bank, the Oregon state depository in New York City, has sent out the following as its contribution towards restoring public confidence and the resultant prosperity:

"We believe in our country—the United States of America. We believe in her constitution, her laws, her institutions, and the principles for which she stands. We believe in her future—the past is secure. We believe in her vast resources, her great possibilities—yes, more, her wonderful certainties.

"We believe in the American people, their genius, their brain and their brawn. We believe in their honesty, their integrity and dependability. We believe that nothing can stand in the way of their commercial advancement and prosperity.

"We believe that what are termed 'times of business depression' are but periods of preparation for greater and more pronounced commercial successes.

"And we believe that in our country are being worked out great problems, the solution of which will be for the benefit of all mankind."

A PUBLIC MARKET.

THE Spokane grocers' association has expressed an opinion on the proposed public market; in fact in favor of it. The association expresses itself as heartily in favor of a market that will bring consumer and producer together, but absolutely opposed to the renting of stalls to non-producers who compete with retail establishments and deal in other products than those of the local farms.

The Times is pleased to see this evidence of co-operation on the part of retail grocers and farmers and hopes to see the same spirit of co-operation on Coos Bay.

REMEMBERING THE DAY.

If you sit down at set of sun And count the things that you have done, And, counting, find One self-denying act, one word That eased the heart of him who heard, One smile most kind That fell like sunbeams where it went, Then you may count that day well spent.

But if, through all the livelong day, You've eased no heart by yea or nay; If through it all You've nothing done that you can trace That brought the sunshine to a face; No set most smug! That helped some soul and nothing cost— Then count that day as worse than lost. —Selected.

O, WHAT is so rare as a day in June? Here's one thing scarce as men in the moon, the teeth of a hen, or kids in a flat; the man who never tells a lie and pays his bills when they are due, who's just as nice to his own folks as he pretends to me and you; the man who stands up

for his friends when he can not use them any more, the man who takes as well as plays a joke and then will not get sore; the man who wants his wife to have the moral views he holds himself—this man for rare uncommonness has sunny June laid on the shelf. —Anon.

MANY SEEKING STATE OFFICES

SALEM, Or., April 1.—Nomination petitions were filed as follows: E. L. Van Dresar, Democrat, for Congress from the Third District, Multnomah County. He wants after his name on the ballot the words: "More settlers for Oregon; more railroads to put them on the land." R. Y. Blalock, Democrat, of Tillamook and Yamhill Counties, for Representative. Asmus Adolphsen, of Denmark, wants the Democratic nomination for Representative from Coos and Curry Counties.

P. B. Olds, Republican, for Representative from Yamhill County.

T. B. Hanly files for representative from Tillamook and Yamhill Counties, and is a Republican.

J. H. Collins, Republican, files for the nomination for Representative from Columbia County.

W. B. Sargent, Republican, wants the nomination for Representative from Union County.

Samuel M. Garland, Democrat, is after the nomination for State Senator from Linn County.

Joseph W. Scott, Democrat, filed for the nomination for State Senator from Morrow, Umatilla and Union Counties.

AEROPLANE STAGE CHARGES BY POUND

OAKLAND, Cal., April 1.—Four cents a pound will be the rate for carrying passengers from Oakland to San Francisco on the new aerial ferry planned by an Oakland company, which has announced that the ferry will be running within two months. The fares, says Weldon Cook, the aviator who originated the plan, will average about \$6 for each trip and will be strictly according to the weight of the passenger. Cook also said that the landing would be on floats and that the hydroplanes would not rise more than thirty feet above the water in their transbay trip.

CURRY COUNTY MURDER CASE

Meredith to Ask Change of Venue for Trial of Cooley Next August

Judge J. S. Coke has returned from Eugene, where he has been holding court for Judge Harris for the past two weeks. He will leave next week for the regular April term of Circuit Court in Curry county.

The principal matter to come up there will be the Cooley murder case. District Attorney Meredith has announced that the case will be submitted to the grand jury in April, although the state will not be ready for trial until August, if an indictment is returned. Mr. Meredith also announced that he would probably seek a change of venue. W. W. Cardwell, of Roseburg, Cooley's attorney, will not oppose postponing the trial until August, but will fight the change of venue from Curry county to Coos or any other county.

Work On Railroad. Judge Coke said that work, according to reports, was progressing rapidly on the Coos Bay-Eugene line and that it was expected that trains would be in operation as far as Mapleton this fall. However, it is uncertain when the road will be operating to Coos Bay.

Politics Are Warm. Politics are getting decidedly warm on the outside. Judge Harris of Eugene is getting almost unanimous support for the Supreme Court and is proving even a stronger candidate than his friends expected.

There is considerable interest in the congressional fight in this district, some thinking that B. F. Jones will give Hawley a very close race. In the valley, Fred Hollister of North Bend appears to have the lead over W. H. Meredith of Curry county for the democratic nomination.

Wed Here.—Frank Lann and Miss Eva Jenkins were married last night by Justice Pennock at his home in West Marshfield.

Rural Credit Bill Is Done

(By Associated Press to Coos Bay Times.) WASHINGTON, D. C., April 1.—Senator Hollis and Representative Bulkley, the chairman of the two sub-committee in charge of rural credits legislation, told the President today that Republicans and Democrats alike were agreed unanimously on the fundamentals and a bill will be ready shortly embodying their views. The President impressed his callers with what seemed to be the necessity for prompt action.

PATIENTS IN SAME HOSPITAL. THREE BROTHERS ARE UNITED

ST. LOUIS, Mo., April 1.—Five years ago a mother died here and her three sons shook hands after the funeral and parted. Yesterday the brothers—all patients in the city hospital—were brought together for the first time since the death of their mother. They had not seen or heard of each other during those five years. The three brothers are Henry, John and Robert Griffin, 61, 56 and 41 years old, respectively. They had been at the hospital for several weeks but their relationship was first discovered by newspaper reporters who noticed the similarity in names. The youngest had become blind during the years of their separation, the oldest was suffering from a broken hip and John was a patient for internal complications.

WEST IS ARRAIGNED.

Grand Jury Says Militia at Copperfield Was Unnecessary. BAKER, Or., April 1.—After a six-days' session and the returning of thirty-one indictments made a final report containing an arraignment of Governor West for his actions in the Copperfield affair. The report gives complete vindication to District Attorney Godwin and Sheriff Rand, charged by Governor West with permitting disorderly houses and gambling in the city.

"We find," says the report, "that Sheriff Rand and District Attorney Godwin have enforced the laws. It is our opinion that the calling out of the militia at Copperfield was entirely unwarranted and uncalled for."

CLAIM OF REBELS.

(By Associated Press to Coos Bay Times.) JUAREZ, April 1.—At 1 p. m. General Carranza gave out the statement that the Federals still hold the general barracks and two smaller barracks in Torreon. This indicates that there has been no material change in the military position in the city for several days.

FEDERALS FORTIFY.

(By Associated Press to Coos Bay Times.) CHIHUAHUA, April 1.—An official statement given out at rebel military headquarters today said the rebels occupy Gomez Palacio, Lerdo and some of the outskirts of Torreon. The Federals have fortified themselves in some of the strongest buildings in Torreon.

BUNKER HILL SCHOOL WINS

School Supervisor F. A. Golden Awards Banner and Puts It in Standard A Class

Pursuant to plans for standardizing the rural schools of Coos county, Professor Golden, county supervisor, yesterday gave each of the three departments of the Bunker Hill school ninety-eight out of a possible 100 credits for a standard A, or first class rating as a rural school, with ninety-five required.

The school thus wins a banner which it is entitled to keep so long as it measures up to the standard which is high. Slight changes only were necessary to make the required grade.

The pupils are highly elated and the patrons and teachers are well pleased at this attainment of excellence. The teachers are: Principal, J. E. Drillette; Intermediate Department, Mrs. S. E. Simonsen, and Primary Department, Mrs. E. E. Kelley.

The school board is up to date and believes that the best is none too good for Bunker Hill.

AN AUTOMOBILE LAUNDRY FOR MARSHFIELD

Two Popular Mechanics Perfect Arrangements for Opening a Service Garage

Smith & Wade, who have for some time been operating the best equipped automobile repair shop in this part of the state, have leased the Isaac R. Tower garage and will open up an up-to-date automobile laundry and garage, where they will aim to take care of every want of the motorist in the way of prompt service. Cars will be oiled, washed and polished and delivered to the owner at any time of the day or night. All small repairs, such as punctures and tire changes will be promptly attended to. The motto of the new branch will be "service."

Owners of cars who store with them can have their cars delivered at any hour by simply calling up on the phone. Mr. Smith, of this firm in discussing the new project this morning said: "While we of course will operate this garage in direct connection with our repair shop, still it will be run separately and operated for the purpose of giving the car owner a chance to store his car in a place surrounded by conveniences for his benefit. A man will be on the job at all times to attend strictly to his wants. We are not going to handle automobile accessories or sell automobiles. The only thing for sale will be service. We intend to take care of automobile owners by storing, washing and oiling their cars promptly in a first-class manner. For the convenience of owners storing with us we have arranged to deliver their cars to them wherever and whenever they wish."

This establishment, which will fill a long-felt want in Marshfield, will be open for business by April 6.

FREE AIR AND EASY GASOLINE

Goodrum's Garage Installs Another Important Convenience for Auto Owners

Automobile owners may now inflate their tires and fill the gasoline tank by merely drawing their car to the curb in front of Goodrum's Garage on Central Avenue.

This great convenience has just been installed and is already proving very popular with the auto owners and drivers. The air attachment is particularly advantageous as it saves time and toil. The tank is kept supplied with an automatic pump and the air is on tap at all times, day and night.

The gasoline feature is modeled after metropolitan attachments which they have in all the large cities. It is no longer necessary to drive into the garage, but merely pull to the curb and a tube attachment carries the gasoline direct to the auto tank.

These improvements are all in line with Mr. Goodrum's policy to make the service feature of his garage the very best in Southern Oregon.

TO THE PEOPLE OF COOS BAY

We wish to again call your attention to the fact that we are sole agents in this city for Meritol Pile Remedy. Our success with this remedy has far exceeded our most sanguine expectations. Cohan, Opposite Chandler Hotel, Phone 74, Central Avenue Drug Store, local agency. Price \$1.00.

PIERCE WILL BE CANDIDATE

Curry County Man Will Oppose Loney for Joint Representative

S. P. Peirce, Joint Representative from Coos and Curry Counties, has announced his candidacy for reelection, opposing Mr. Loney, of Port Orford for the Republican nomination. In a letter, Mr. Peirce says:

I herewith announce my candidacy for Republican nomination for Joint Representative. I am late coming out, but opposition to Mr. Loney's views on the Referendum caused many persons down this way to insist on my candidacy.

I am not ashamed of my legislative record, and before the day of the primary election I will furnish evidence that my acts as a legislator met the approval of many of the progressive, (not politically) men of the state. I wish to call your attention to the fact that I was the only member of the last Legislature who voted against the present unjust and unpopular tax law. Also that as chairman of the committee on roads and highways, was instrumental in having that provision drafted in the bonding act whereby the voters, when voting a bond issue, can see where the money to be raised is to be expended.

Mr. Loney, my only opponent, is a reactionary and no amount of explaining can prove otherwise. His actions and public record are proof. He was appointed Port Commissioner of the Port of Port Orford and within 25 minutes after being sworn in as said Commissioner and the Port district being also only that old, he, with two others, passed a resolution levying a tax, and declaring that an emergency existed, or in other words, that it was for the taxpayers help, peace and prosperity that said levy should be made.

Mr. E. H. Thrift, another of the Commissioners, moved that the emergency clause be stricken out, in order to give the people an opportunity to invoke the referendum if they so desired, but the motion was defeated by a 3 to 2 vote. Loney voting against it. But Loney's antagonism to, or lack of faith in, the people did not stop here, as under the Oregon constitution, it requires a three-fourths vote in municipalities (including ports), to declare an emergency, and the three-fifths vote the resolution received was not sufficient, and the people of the Port district circulated a referendum petition which received 50 percent of the voters' signatures, and when said petition was presented to Mr. Loney (who was secretary of the Port) to file, he refused to do so, and mandamus proceedings had to be instituted. At both sessions of which I was a member, I fought and voted against the declaration of an emergency in any bill, for the purpose of beating the referendum.

Very sincerely yours, S. P. PEIRCE.

NOTICE

To the voters of Coos and Curry Counties. I have decided to run again for the Republican nomination for Joint Representative for the Sixth District (Coos and Curry) and ask that my candidacy be duly considered. Very truly yours, S. P. PEIRCE.

SUIT TO RECOVER MONEY

Purchasers of Timber Land Will Try To Get Excess Over \$2.00 Per Acre.

ROSEBURG, Ore., April 1.—An interesting suit to timber claim buyers has been started in Washington by Binger Hermann and several Washington attorneys to recover from the government all that was paid for the land in excess of \$2.50 per acre. It seems that when Garfield was secretary of the interior department he made a ruling that timber land should be cruised and appraised and that the purchasers should pay the appraised price for the land. This order, it is said, is in direct conflict with the statutes of congress providing for the sale of this land at not more than \$2.50 per acre.

SOCIALIST TICKET

S. L. Curry, chairman of the Socialist County Central Committee, has called a convention of that party to meet in this city on April 17 to put a ticket in the field for the coming election.—Coquille Herald.

MRS. FOREMAN NOW IN JAIL

Woman Socialist Teacher, Formerly of Curry County Again in Trouble

Mrs. Flora Foreman, whose name as teacher in the school at Dunsmuir, Curry county, ended in a wrangle a year ago and who subsequently got into the headlines by a clash with the superintendent and school board at Quincy, is again in trouble as is told by the following dispatch from Quincy:

Because she tried to break into the school house at Quincy, she was discharged here for alleged teaching of socialist principals in the school room. Mrs. Clara I. Foreman is in jail here. Mrs. Foreman refused to acknowledge the authenticity of the new board elected last week to take the place of the board which failed to sustain the charges against her, and attempted to open her school as usual this morning. Failing to gain entrance is alleged to have tried to force her way in. She was arrested. Socialists from all parts of the county are here and announce drastic action unless Mrs. Foreman is released from custody.

Was Teaching Socialism.

The newly elected school board discharged Mrs. Flora Foreman, principal of the school, after her refusal to accede to their request that she remove the Socialist literature from the schoolroom and confine her teaching to subjects which would not conflict with the established religious beliefs of the people of the district. Mrs. Clark, of Nehalem, is to take the place of Mrs. Foreman, and trouble is anticipated when she is installed and officers of the law will be on hand to maintain order. The legality of the election of this board after the recall of Harry Brown and Frank Dixon has been questioned by the Socialists of the district.

FIRST NEW 1915 CAR HERE SOON

The Chalmers Light Six New Model for Next Year Will Arrive Early

Geo. Goodrum made a most important announcement today in saying that within the next two weeks he will receive one of the first 1915 automobiles sent to the Pacific coast. This car is the Chalmers Light Six and is the new model with all the 1915 features. These features embrace the T-head motor, 40-55 horsepower non-stallable motor with Chalmers Entz electric starter, left drive, center control.

This Chalmers Light Six is a quality car at an unusually low price. It is generously large, 126-inch wheel base, and roomy enough for five large people. It will sell for \$1750 delivered in Marshfield.

The new 1915 Chalmers is the first luxurious and dependable Six offered at a figure less than has been previously asked for a Four. There is no other car in the market anywhere near its price that has so many high grade features.

Watch for the announcement of its arrival.

Poultry, Eggs and Chicks are Wanted

There is a strong demand for breeding stock and eggs for hatching at this season and orders for baby chicks are already being placed.

You can get your share of these orders by inserting an ad in THE TIMES' WANT ADS.

Present advertisers state they are getting good returns. CIRCULATION GREATEST.

Each edition of the Coos Bay Times has a larger circulation than any paper in Coos, Curry and Douglas Counties. Best results are gained from ads when definite information is given. When information is lacking the presumption is that desirable features are lacking.
