FLYTRAP MODELS READY.

Communities With Fly Campaigns Can Get Specimens from U. O. EUGENE, April 2.—Communities in Oregon that are organizing spring anti-fly campaigns can now secure a model of the most effective flytrap yet devised by writing to the Exten-sion Division of the University of Oregon. This is the flytrap employed by Dr. Clifton F. Hodge in the fly campaigns he supervises, and, while in anti-fly literature he gives full di-rections for constructing the trap, possession of a model will make construction easier. The trap suggested for general outdoor or stable use is about three feet in height. Light lumber, wire screen and nails are the pires. only materials used, and the tray is inexpensive.

BIG EATERS GET KIDNEY TROUB!E

Take a Glass of Salts Before Breakfast if Your Back Hurts or Bladder Bothers You.

The American men and women must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when 'the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by taking a good kidney flushing any time.

The Boston Americans are scheduled to get on the job today, as they break up their training quarters at Hot Springs. Tomorrow they are due in Nashville for a game, and will continue in exhibition contests while working their way northward. The bean-eaters have had a good start and

big things are predicted for them. Announcement that the Brooklyn Club will return Outfielder Bill Collins to the Newark Club has cleared up the first-base situation for that club. Though Collins is an outfielder by trade, he can play a fine game at first base, and played the position several times last season when Swacina got into trouble with the um-

The Boston Braves are figured to sut a big gap in the coming National League pennant race. Manager Stall-ings, the shrewd manager he is, has rounded out a formidable team in Beantown, while the acquisition of Evers has helped materially in bolstering the Braves. Freddie Welsh, the English cham-

pion, is on the warpath. He says he is going after Willie Ritchie again, and will either force Ritchie to meet him again or give up the championship. Welsh says that he has shown that he is in line to meet the title holder by his defeat of Joe Rivers

recently.
Wally Smith is getting into condition for easy stages. The Atlanta fence buser has been holding down second base for the second team, and his fielding has been a distinct feature of the practice games. Smith has yet to gain the full use of his batting orbs, but one can see at a glance by his easy, natural position at bat why he ranked close to the top of the Southern League sluggers last season. He is one of Clark Griffith's choicest
