

THIS STORE IS PREPARED

TO SERVE YOU SATISFACTORILY
NOT ONLY ON THE OCCASION OF

EASTER

But every day in the year.

In fact, we are not much believers in specials for special occasions, but believe in a service that stands the test of satisfaction day in and day out throughout the year.

It is gratifying to know that this sort of service is accepted and appreciated by a large number of pleased patrons, whose names may be found on our delivery list year after year.

Unless you are a stranger it is no use to speak of the character of WOLCOTT'S GROCERY and the quality of the goods they carry. Quality counts, every time. This is amply demonstrated by the development of this business.

Come in and inspect our store any day. You will find it sanitary—clean and scrupulously free from anything that suggests a taint of impurity.

Price is only one of the things to be considered, for if you fail to get the quality you simply throw away good money no matter how small the amount may be. Therefore our policy is, and always has been, to sell the RIGHT QUALITY at the RIGHT PRICE, and you find invariably that a lower price than ours means also a corresponding lower quality. It is the combination of prices and quality in which this store is strong.
