The highest grade average in the recent spelling tests was made by the A division of the South Marshfield school.

A basketball series for grade boys will be begun Monday, continuing through April.

Marshfield and North Bend schools will run a special train to Myrtle Point for the Interscholastic Field Meet. The business end of the transaction is in the hands of Principal J. F. Grubbs of North Bend.

A feature of the Interscholastic Field Meet will be a parade by the schools. A fine banner is to be awarded to the school making the best display.

Students of the high school tendered a reception to the Willamette Glee Club at the high school auditorium Thursday afternoon. The principal game was getting acquainted. Coffee and cake were served.

Serious practice on the cantata, "Pinafore," has begun. This opera will be given at commencement by the high school chorus.

Persons interested in the work of the Manual Training Department are asked to visit the same. Classes are always at work there mornings until 10:30.

There are 109 pupils in the department of cooking in the Marshfield schools. It costs between \$20 and \$25 a month to run the department (exclusive of gas, a small item). The cost per pupil is under three cents per month. The schools of New York City estimate three cents per pupil for grade pupils and five cents per pupil for high school students. The cost of serving the Men's Fellowship Club was \$30. Between sixty-five and seventy were served.

# FINE CONCERT BY GLEE CLUB

## Large Audience Greet Willamette University Organization—Here Thursday

The Willamette Glee Club Concert at the Masonic Opera House last evening was pronounced by all who attended as the best musical show that has been presented in Marshfield for some time past, and the concluding sketch, a comic opera, was in a class all by itself, sparkling with college wit, and good acting. Lippo, not a wolf in sheep's clothing, but a member of the Glee Club in girl's clothes, in the person of Charles Hall, was the best character in the show. The audience appreciated the entire entertainment, but more especially the comic opera, La Mascotte.

Harold Jory rendered a vocal solo, "The Jolly Friar," which was considered the best selection of the evening, Mr. Jory being encores several times.

A large house greeted the Glee Club, and many were unable to secure seats. It is reported that the proceeds of the entertainment were \$375, a percentage of which will go to the Marshfield High School. Announcement was made during the performance that a second staging of the show will take place at the Masonic Opera House on Thursday evening, April 9. The Glee Club will play at North Bend this evening in Eckhoff Hall, under the auspices of the North Bend High School, and next week will tour the Coquille Valley.

### GOOD ROADS ELECTION

Special Session of County Court April 20 to Hear Petition (Special to The Times.) COQUILLE, Or., April 4.—The Good Roads Association boosters, headed by A. T. Morrison, appeared before the County Court, which has been in session this week, with their petitions praying for a special election on the proposition to bond Coos County for \$440,000 in order to construct several stretches of permanent highway. However, the law specifically requires that not less than twenty and not more than forty days notice of such election must be given and therefore stated they could not call the election at this time, but agreed to call an adjourned meeting to be held April 20 to make the call.

### NORTH INLET ITEMS (Special to The Times.)

NORTH INLET, Or., April 4.—A crew of twenty men has begun construction of a camp at Sander's Lake. ## More Nobby Facts

PUNCTURES NINETY PER CENT LESS

Investigations prove that with "NOBBY TREAD" tires punctures are 90 per cent less than with the average tire.

The big, thick "NOBS" on "NOBBY TREAD" tires stand out so far from the shoe that nails, glass, sharp stones, etc., hardly ever reach the shoe.

Study the "NOBS," their SIZE and their THICKNESS and the WAY they are placed and you will understand why.

And remember this—you have to wear out these big, thick, tough "NOBS" before you even start to wear out the extra-strong tire underneath—that is one reason why experts call "NOBBY TREADS"

## Prudence or Fear?

Lots of people think they're prudent, when they're really afraid. Fear does nothing. Prudence is cautious, but goes ahead. Fear never made anybody any money, or got anybody anything worth having. It welcomes the advice "don't do it." Prudence, with a little boldness and determination, has made lots of people wealthy. It can help anybody who will use it. Fear won't even "take a look." It never makes a start.
