

## Selling Goods vs Giving Values

Not merely to sell you, but to fit you--

That's our business—we don't figure just selling you the suit; we want to give you such a nice fit that you'll remember it until the suit is worn out, then you'll come back to us for another. And then too, perhaps, if you get a nice fit, you might influence some of your friends to give us a look.

You see, it's a selfish motive with us. We cannot hold your business unless we give you values. That's the reason we'd rather miss a sale than miss a fit.

If you want a becoming suit for Easter you want to be coming to us.

Sails Saturday.—The Aroline sails for Portland Saturday noon and as the Breakwater is scheduled to leave at ten o'clock there is a chance for another ocean race for Portland.

Is Fined.—Hugh Sneddon paid a fine yesterday on the charge of intoxication and being disorderly, pleading guilty when arraigned before Recorder Butler.

Attendant Here.—Mr. Cameron, an attendant at the Salem asylum, is here today en route to Salem with Hodgen and another insane patient from Coquille. He will take both out aloft.

Trouble Over Tools.—Constable Cox yesterday, acting on telephonic instructions from District Attorney Liljeqvist, compelled Adolph Witt to turn over to him a kit of baker's tools belonging to W. Hallock and which Witt claimed he was keeping to safeguard a loan.

Reduce Rates.—Manager Drews of the Coos Bay Home Telephone company announced today that they had reduced the rate on extension phones from \$1 to 60c per month. This rate is made only on the second phone, but it is placed on an extension cord and placed in any part of the house.

Fast Trip.—The Adeline Smith arrived in at 3 o'clock this morning after making the run up from San Francisco in thirty-one hours. Capt. Olson reports fine weather. She will not leave again until Saturday. Capt. Olson says he understood that the Nann Smith slowed down on the last trip so as not to reach San Francisco too early and that may be that was the reason the Aroline beat her in half an hour.

Shut Down Mine.—Manager George Doll last night closed down one side of the Libby mine, owing to a number of the miners being sick, etc. He said he thought it was better to wait a few days for the local men rather than to try and bring in a new crew. It was reported around town today that a number of the miners decided to quit owing to their objection to the size of the screens, etc., but Mr. Doll said that he had not received any word whatsoever about the latter.

## There are Good Points In Most Pianos

No doubt about that.

Pianos are like people.

Some folks are pleasant company for a short time—bright, brilliant, but unreliable—shallow.

Others improve on acquaintance. Judge men and pianos by their weakest point, not their strongest point. Our pianos will stand the severest tests—the closest scrutiny.

Judge them by their weak points. If you can find any. Come and see them any time—bring your musical friends.
