PUNCTURES NINETY PER CENT LESS

Investigations prove that with "NOBBY TREAD" tires punctures are 90 per cent less than with the average tire.

The big, thick "NOBS" on "NOBBY TREAD" tires stand out so far from the shoe that nails, glass, sharp stones, etc., hardly ever reach the shoe.

Study the "NOBS," their SIZE and their THICKNESS and the WAY they are placed and you will understand why.

And remember this—you have to wear out these big, thick, tough "NOBS" before you even start to wear out the extra-strong tire underneath—that is one reason why experts call "NOBBY TREADS"

The stereopticon lecture on Japan which was held at the Presbyterian Church last Wednesday evening under the auspices of the Ladies' Missionary Society, proved to be most interesting and instructive. Rev. J. E. Burkhardt delivered the lecture in his entertaining way. The ladies went to the expense of securing the slides from Portland and during the evening 72 views were shown and explained, depicting the beauties of the country, customs of the people and home life and the idols which were worshipped before Christianity found its way into the hearts and lives of this people.

During the showing of the picture which showed no less than 3333 idols worshipped by them, Mrs. McKnight sang very impressively a solo entitled "Tell Salvation's Story Arain." The meeting being in charge of the ladies, Mrs. I. S. Smith presided and Miss Anna Vols sang very sweetly the song "O Dry Those Tears."

SONG RECITAL

Mrs. Mayme Stanley Gidley certainly gave Marshfield music lovers a rare treat when, on last Tuesday evening she presented her pupil, Mrs. Queen Falconer Robinson a song recital, assisted by Miss Mary Kruse, pupil of Edna Louise Larson and with Miss Larson as accompanist.

The program was well chosen to display to advantage the many good points in Mrs. Robinson's work. Her high tones were clear and resonant, whether in sustained or coloratura work, while her enunciation and phrasing were excellent. Her interpretation showed her musical temperament, and the appreciation of her hearers was attested by the fact that she was obliged to respond to three encores. Both teacher and pupil are to be congratulated upon the results accomplished. The sympathetic work of a fine accompanist added greatly to the charm of the program. Miss Larson is an artist in this line.

Her pupil, Miss Mary Kruse, is a great credit to her. Her interpretation is good for one so young, and she plays with a good singing tone, and clean precision. She responded to two encores, one being the dainty and odd little Swedish dance by Bachter-Grondahl. The decorative scheme was yellow and green, with a touch of spring blossoms. Coffee and wafers were served by Misses Blitt and Esther Johnson, assisted by little Misses Louise Gidley and Margaret Powers. Tiny Marlon Gidley proved a very winning and efficient flower girl for the occasion.
