

NEWS OF NEARBY TOWNS

MORRISON IS NAMED AGAIN

Coquille Mayor Has No Opposition—Many Women Attend City Caucus There.

COQUILLE, Or., April 27.—The caucus to nominate city officers was so well attended that it was found necessary to adjourn from the city hall to the circuit court room. The women were out in force and in numbers almost equal to the men, evidently intending to learn the game of politics from start to finish, now that they share in the responsibilities of government. The vote cast when it came to balloting was 110.

A. J. Sherwood was made chairman and N. C. Kelley secretary. The tellers appointed were L. H. Hazard, S. M. Nessler and J. W. Leneve. Mayor Morrison was unanimously renominated and no opponent was named.

The ballot for councilman resulted as follows: W. H. Lyons 91; P. I. Kime 72; Geo. O. Leach 60; M. O. Hawkins 51; W. C. Laird 55.

Messrs. Lyons, Kime and Leach were accordingly declared the nominees.

For Recorder the only name presented was that of J. S. Lawrence, the present efficient and very popular incumbent of that office, and as the universal enthusiasm that greeted the presentation of his name indicated, he was nominated by acclamation.

Alluding to the fact that the new women voters had not been accorded any place on the ticket the chairman, on his own initiative, named Mrs. Robert R. Watson, Mrs. S. M. Nessler, and Mrs. Lawrence Liljeqvist as "official tellers to serve until the next annual caucus." It is hardly necessary to add that the position of "official teller" in the interim between caucuses is largely honorary.

It having been voted to appoint a committee of three representative citizens to fill any vacancies that may occur in the ticket the chairman named the following: N. Lorenz, P. E. Drane and E. E. Johnson.—Coquille Sentinel.

W. S. GUERIN DEAD.

Thos. D. Guerin received word from Langlois, Monday, informing him that W. S. Guerin, who was county school superintendent of Curry county for eighteen or twenty years, died that day. Mr. Guerin was an uncle of Thomas, Harry and George Guerin of this place.—Myrtle Point Enterprise.

BANDON MAN AUTO VICTIM.

E. B. Henery had the misfortune to get his arm broken as the result of the back-firing of the engine on his car as he was "cranking" up. This is very unfortunate for Mr. Henery at this time of the year, just when the automobile season is opening up.—Bandon Recorder.

OZELLA TALKED TOO MUCH.

In the case of Ozella Franklin, of Marshfield, who was before the grand jury on the charge of shooting at her negro husband on sundry occasions as he lacked the courage to appear against her and there was no other witness to the fact that he had been made a target of, the chance for an indictment did not look very good. But the county attorney found the lady herself a very willing and voluble witness, and in a short time she had told sufficient to insure her indictment. Should she prove more reticent on her trial at the coming term of court, her own admissions before the grand jury will confront her.—Coquille Sentinel.

TAKE OVER WAREHOUSES

Farmers' Union Secure Dow Properties in Coquille Valley.

The Coquille Sentinel says: B. H. Burns, manager of the Farmers' Union store at Coquille, and J. H. Wallace agent of the Balfour-Guthrie Co., were here Monday and with a committee of the local Union checked over the company's stock now in the warehouse formerly under lease of F. S. Dow, the Myrtle Point Local quipping taken over the lease. The Farmers' Union of Coos county will have three warehouses in the county, the Coquille local having taken over the Dow warehouse there and at Marshfield the Union expects erect their own building.

KENDALL IN CURRY COUNTY.

Mr. C. Kendall of Marshfield was transferred from Orford over Sunday on his home from spending ten days in court to circuit court and other Coos matters in the vicinity of today Beach. Mr. Kendall visited the McKinley copper mines, owned by Vol. I. N. Muncy at the time of his death several years ago, and for the first time is claimed on good authority as a bona fide owner of \$60,000. The mines have laid idle for the past three years, until recently located by Mr. Starr. Mr. Kendall relates how he trip to the mines, which ride lies than a day's ride from Gold Beach as the treat of his life in the past.

Two points, as the party saw five only two deer in one band and in for the smaller game, such as and rabbits.—Port Orford

Sells for Sanet called Bend for

GOLD BEACH NUGGETS.

Curry County Seat News As Told by The Globe.

It was rumored here some time ago that Peterson from Coos Bay would again engage in fishing here; and that parties from Grants Pass with A. Aubery at the head of the enterprise would pack salmon at the Bagnell ferry; but as yet neither of the parties have made an appearance and all thus engaged are selling their fish to the Wedderburn Trading Co.

The Randolph came in late Friday evening loaded principally with supplies for Wedderburn. A few packages for this side were brought, however, among them being several rolls of paper for the Globe, which came just in the "niche of time" to save this issue from being a half sheet. It went to sea again late Sunday evening, going direct to Portland for another load of freight for this port.

Frank Caughell and Wesley Gauntlett started last Thursday morning for Portland, each to be operated upon for appendicitis. Fred Caughell accompanied the boys and Alf Gauntlett took the trio as far as Bandon in his spring wagon.

GOLD BEACH FACTORY.

A co-operative cheese factory is again being talked of in this vicinity which should meet with the hearty approval of everyone. The venture could be launched now with a very nominal cost, as R. L. Macleay has offered room in one end of the cannery for the factory and will supply all necessary power, steam, etc., for the purpose. Mr. Macleay does not wish to engage in the business himself but will co-operate with those who wish to start such an enterprise, and will contribute the milk from ten or twelve cows this season.—Gold Beach Globe.

DANCING IN BANDON.

Those in charge of public dances in Bandon should put a stop to the vulgar exhibitions made by a few couples, who apparently mistake the various new ways of ragging for wiggling matches. These performances were considered in the light of a joke for a time but they are getting obnoxious to the great majority who attend the dances for the clean enjoyment there is in it. Ragging of any sort should not be tolerated at a public dance. It has been stopped in most places and unless the abuse of the privilege is "cut out" here, it will eventually turn public sentiment against dancing altogether.—Bandon World.

MARRIAGE LICENSES.

The following marriage licenses have been issued by County Clerk Watson: Clarence H. Day to Eva R. Hartley. John Hegstrom to Annie E. Sarin. Arthur Thurman to Lizzie Brandon, and Oscar W. Morris to Lulu L. Bean.—Coquille Sentinel.

NOTE FOUND IN BOTTLE

The following note was found in a bottle in the Bandon beach north of the light house and turned over to the local police: "Henry G. Halvorsen, Coquille, Frank N. Myers, Eureka; Bill Johnson, New York; Herman L. Dean, Portland, Ore. We went over bar at Bandon on July 30th 1907 and were wrecked near Bandon August 12th, 1907."—Bandon World.

PORT ORFORD OFFERINGS.

Curry County News As Told by The Tribune.

A small gasoline boat, the Pitt-Trim, with Frank Blackerby and three companions on board, dropped into our harbor one day last week while en route from Bandon to Rogue River, where the men expect to engage in fishing.

Franz Nordberg has gone to Gold Beach, where he has accepted a position in the black sand plant. It is claimed that this plant is being operated very successfully, and as Mr. Nordberg is an experienced miner he should be a valuable acquisition to their force.

The Randolph dropped into port Monday morning while on her way from Rogue River to Portland after a load of freight for the Wedderburn Trading Company.

We regret to say that the prospects of a wharf being built at this place in the near future are not very encouraging, and it is possible that a wire will be put in to handle the shipping.

J. L. SAYS "LICENSE TIPLERS."

NEW YORK, April 26.—"The day is coming when there will be no saloons," predicts the great and only John L. Sullivan, who in his brilliant and meteoric career punished more men and whiskey than the most of them. "A man can't drink now and get away with it the way he used to," they said when I was whooping it up years ago that I would die in the gutter. But I fooled them. I quit drinking nine years ago and I haven't touched a drop since. I was drunk at the time and had a bottle of wine before me, when suddenly I made up my mind I was through and threw it away. I have often thought a good way would be to license the fellow who drinks. Make the fee a good stiff one, and make it illegal for anyone to sell a man liquor unless he shows a license card." When asked about the chances of a champion to beat Johnson, Sullivan replied: "A good strong fellow could lick Johnson if he were brave and not afraid to take punishment. The Smoke has been living a pretty swift life for four years, and nature only lasts so long and then goes back on you."

IF BACKACHY OR KIDNEYS BOTHER

Eat Less Meat and Take a Glass of Salts to Flush Out Kidneys—Drink Plenty Water.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste, or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from back-ache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.
