GENERALS CARRANZA AND VILLA TO TRY TO CAPTURE SALTILLO

Assemble Troops at Chihuahua to Make Determined Campaign Against It.

CARRANZA INSISTS HE IS FRIEND OF AMERICA

Death Is Penalty for Any Anti-Foreign Agitator—Has Assurance from U. S.

WILSON AND BRYAN DISCUSS MEDIATION

WASHINGTON, D. C., May 2.—President Wilson and Secretary of State Bryan discussed the terms of mediation an hour late today. Bryan said the discussion was of a general nature, but did not feel at liberty to make public the details.

CHIHUAHUA, Mex., May 2.—Reports of the evacuation of Saltillo are premature, it is officially stated here.

The rebels expect an important battle before the city is taken for this purpose forces are now in motion from Monterey and Torreon. A review of the troops headed by Carranza and General Villa was held yesterday. As the troops passed the Foreign Club, Carranza copied an American newspaper man. He halted the procession while he turned aside to shake the foreigner's hand. The act was plainly intended to make evident to the Mexican on-lookers that the official attitude toward Americans was friendly.

When Carranza leaves here it is understood the Constitutionalist capital moves with him, first to Torreon and then with little delay to Monterey. The rebel-American phase of the occupation of Vera Cruz, which began a time after the issuance of the Carranza note to Bryan looked grave, considered closed. Carranza assumes and is believed to have official sanction for so doing, that the Americans will leave Mexican soil immediately upon the complete triumph of the revolution.

KILLED BY DUMP CAR.

Wright Victim of Accident at Copehagen Camp Near Gardiner. ROSEBURG, Ore., May 2.—Corporal Jewett returned from Gardiner, where he was called to investigate the death of a man who was killed while working with a railroad construction crew. His name was given as J. Wright, and he was employed at the Copehagen Bros. camp on a hillside, about five miles from Gardiner. He was about forty years of age and had no known relatives. He had worked there just two days. He was accidentally killed by a dump car of earth and stone weighing perhaps four tons, tipping over on him, crushing his head and body after the car was stopped by him for dumping. The cause being clearly accidental no inquest was held. The contractors were warned, however, to use more care for the protection of employees.

Mexican Governor to Shut Off Supplies—Rely on Nearby Ranches.

WEST COAST FIGHTING.

WASHINGTON, D. C., May 2.—Admiral Howard reported from the west coast that fighting among the Federals and Constitutionalists continues at Mazatlan, but conditions at Manzanillo are improved. Shipping along the coast has been practically suspended.

VERA CRUZ, May 2.—The situation at Tampico and the report of the Mexican governor of the state to cut the food supply of Vera Cruz divided attention today. Many persons are skeptical of early rebel success. In the event that the rebels capture Tampico that city would supply the Vera Cruz market. The only supplies reaching Vera Cruz are coming from ranches near enough for the owners to feel assured of the United States' protection.

Sec. Garrison Would Replace Militia With U. S. Regular Forces There

RUIZ TO TAKE RIJAS' PLACE NOW

Huerta Has New Minister of Foreign Affairs But It Will Not Delay Mediation.

Ruiz was Under-Secretary of Portillo Y Rojas, an authoritative reply stated that the change will not effect the continued progress of the mediation plans. Spanish Ambassador Riano carried the cable announcement of Ruiz' appointment to the Argentine legation. The mediators were at once called together and a conference began with the Spanish ambassador taking part.

BAHR BODY IS FOUND TODAY

GEORGE WEBB, WHILE DIGGING CLAMS NEAR NORTH BEND THIS AFTERNOON, DISCOVERS MISSING MAN DROWNED.

Gus A. Bahr, the Marshfield barber who mysteriously disappeared off the O'Kelly boat while en route from North Inlet to Marshfield the day before yesterday, was found drowned this afternoon. His body was found on the mud flats opposite North Bend by George Webb, who was digging clams. That his body was so quickly cast up by the Bay is strange and leads some to think that after falling off the launch he must have swam almost ashore before being overcome. There was a strong flood tide and northwest wind at the time he fell off.

Coroner Wilson left for the body and it is presumed that an inquest will be held tonight or early tomorrow. Mr. Bahr's widow and two children were almost distracted by the suspense and blow and this morning had given up hope of his being found alive.

Capt. Zeeder Says That Report of Accident Must Have Been Due to Mistake.

TOKIO, May 2.—Great relief is felt here at the news from Manila that the Pacific Mail Steamer Siberia, reported yesterday by wireless as being in great peril off Formosa, is safe at Manila. Japan recalled the warships she dispatched yesterday to the aid of the liner. A dispatch from Manila said that the Siberia steamed into port this morning after an uneventful voyage. Captain Zeeder said he believed the reports of his vessel being in distress arose over confusion with the call letters of the steamer Persia, with which vessel he had been in communication.

If the proclamation really means that the guards will be disarmed and the militia be kept out of the district, the men will turn over their arms without hesitation. If the militia do not apply to the mine guards and militia, I cannot at this time say what will be the attitude of the strikers." The operators generally said the proclamation was satisfactory to them.
