

"DO IT ELECTRICALLY."

Thos. A. Edison Said in 1893

"We shall be cooking by electricity and heating and lighting our houses, our cars and our ships."

Mr. Edison's prophecy has come to pass in its entirety much sooner than ever the great inventor supposed.

Today Electric Light is a necessity in the modern home. The housewife has discovered that electricity is a safe, simple servant that lightens household tasks at little cost.

This is the Best Time To Install Electric Light

Right now, before you start your Spring house-cleaning is the best time to have your house wired for electricity. Have the wiring job completed before the decorators arrive. By having your house decorated after it is wired, you can prove by actual test how valuable Electric Light is in keeping the walls and ceilings clean.
