## MANY IMPROVEMENTS NOW ON AT BAY PARK

### PLANKED STREETS BEING LAID AND NEW STATION HOUSE BEING ERRECTED.

The residents of Bay Park were out in force yesterday and planked 500 feet on the principal street. The work is to be continued every Sunday until 1800 feet have been done.

This will give the residents of this tract a good street connecting with the paved streets of Marshfield. Many new buildings are being erected and the owners are having an artistic station erected for the patrons of the suburban car, which will soon be making regular trips to Bay Park.

### RELATIVE IS DEAD.

The following from a Portland paper will be of interest here as the deceased is a sister-in-law of Capt. J. R. Lightner of Marshfield.

"Mrs. Mary Frances Lightner, wife of County Commissioner W. L. Lightner, died at the family residence, 4025 Fifty-second street, southeast, after a long illness. The funeral services will be held at the home and at St. Ignatius' church, Forty-third street and Powell Valley road. The interment will be in Mount Calvary Cemetery with private services at the grave.

### CARD OF THANKS.

We wish to extend great thanks to the many friends and neighbors who have been so kind in this sad loss of husband and father.

Mrs. J. A. Babr  
Miss Pauline J. Babr

### First Ball Game of Season at North Bend Yesterday Between Pick-up Teams.

The ball fans enjoyed a good game between a pickup team composed of Marshfield and North Bend players, at the North Bend ball grounds yesterday, the score being 6 to 5 in favor of Marshfield. The Marshfield team was headed by Duke Freeman, who also pitched, allowing eight hits. Tamp Osborne pitched for North Bend and allowed seven hits.

The windup of the game was exciting and interesting, the score being tied in the eighth inning by the Marshfield team, making a score of 5 to 5. The North Bend team was aided by a streak of luck and scored a run in the last inning. The following is the lineup of the teams:

North Bend	Position	Marshfield

Ted Kissan	1b	John Burke
Charley Morris	2b	Bob Sarter
Stan Briggs	3b	Sharkey Phillips

## WATER RATES AT ST. JOHNS

### Oregon Railroad Commission Fixes Them—No Action on Coos Bay Rates.

The Oregon Railroad Commission has not yet fixed the rates for Marshfield and North Bend although it has in the St. John's water case which submitted later than the Coos Bay case. The order is expected almost any time. A recent dispatch from Salem says: Pronouncing the water rates charged by the St. Johns Water Works & Lighting Company unreasonable and discriminatory to the consumers, the State Railroad Commission issued an order materially reducing the rates. The order was the result of a complaint made against the company by the city of St. John's.

To determine the rates to be charged in the future the Commission found it necessary to fix the physical valuation for the plant. The Commission found the original cost of the properties of the company to be \$122,000 and found the present physical valuation of the plant to be \$89,500. Further the Commission found that from August, 1903, to June 30, 1913, the revenue of the company was \$174,615.57, and that in addition bonuses for pipes and mains laid amounting to \$7292.02 had been received.

ed. During the same period its general expenses aggregated \$77,224.89. To equalize the rates in the future the Commission in its order has divided the customers into two classes, A and B, and has fixed both a flat and meter rate. Under the order no customer can be placed on a meter rate if his flat rate does not exceed \$1.25 a month, unless he so elects. In class A the order fixes the flat rate for the first faucet at 50 cents and for class B at \$1.40. The lawn rates for both classes are fixed at \$1, if paid four months in advance. A graduated rate is fixed for additional faucets.

The meter rate fixes the first rate for the first 100 cubic feet at 30 cents 400 cubic feet at 20 cents, 1500 cubic feet at 12 cents and all over 20,000 cubic feet at six cents. That is for meters of any size in one month.
