

ASK VIEW OF NEW LOCATION

San Francisco Chamber of Commerce Appeals to F. D. Fletcher for Statement

F. D. Fletcher, representative of the Sperry Flour company, this morning received a letter from the National and Foreign Affairs committee of the San Francisco Chamber of Commerce which is to ascertain the merits of the contention of the Marshfield Chamber of Commerce in moving the Life Saving Station from its present location across the Bay near Charleston.

It is held that the present location is about two miles from the scene of most of the trouble when an accident occurs and that under such conditions the service is inadequate. Senator Chamberlain has introduced a bill in Congress asking for an appropriation of \$47,000 for moving the station.

Mr. Fletcher said that he would take the matter up with Captain Olson of the Adeline Smith, Captain Magee of the Nann Smith and Captain Erickson of the Redondo and get from them an expression of their opinions as to the advisability of moving the station. There seems to be no opposition to the contention that the station should be moved. The text of the letter from Sec. C. P. Connors of the committee of the San Francisco Chamber follows:

The San Francisco Chamber of Commerce has been requested by the Marshfield Chamber of Commerce to support a bill in Congress providing appropriation for the moving of the Life Saving Station at Coos Bay from its present location to a point nearer the entrance of the harbor. Before taking action the National and Foreign Affairs Committee of this Chamber would like to have your opinion as to the desirability of this change. Any information you can give will be appreciated.

"P. S.—Mr. S. B. McNear suggested we write to you as you could probably inform the committee if the suggested move had the approval of the Life Saving Station people in Marshfield.

To Point Out Needs.
Mr. Fletcher took the matter up with the local Chamber of Commerce. In addition to the letters which he will have the captains send, he will write a letter pointing out the reasons for the change. He will also call attention to the fact that at present the small crafts plying to and from South Inlet are utterly unprotected by the life savers, whereas in the new location the life savers would be near enough to prevent accidents.

REPAIR OF JETTY UNDER WAY

Damage Done by Barge Frederick Will Soon be Made Good.

FLORENCE, Or., May 8.—Work of repairing the jetty where it was broken by the barge Frederick is proceeding rapidly and the gap between the two parts is nearly filled. Fourteen bents have been replaced with five or six more yet to be put in. When this is completed the pile driver can again move out to the end of the jetty and take up the work where it was stopped when the Frederick smashed into it several weeks ago.

Rock work is being rushed and a full crew at the quarry is at work and the tugs Roberts and Tillan are towing the rock barges to the jetty. A rock slide occurred at the quarry Wednesday, knocking down one of the derricks. This slide was excited and the men were at a safe distance when it occurred.

TEN ACRE HOMESTEAD

Bill Introduced Opens Way For Persons to Get Summer Outing.

WASHINGTON, May 8.—A bill providing to allow all heads of families to acquire title to a 10-acre homestead has been introduced by Representative Baker. Should the measure pass, the head of a family would have the right to enter 10 acres of unoccupied public lands within or outside of forest reserves as a summer homestead. Proof may be offered after three years, and must show that the entryman has made permanent improvements to the value of not less than \$300, and has resided upon the land not less than two months of each summer. The entryman must also pay \$5 per acre if the area is timbered and \$1.25 if non-timbered, before patent will be issued.

The patent gives a surface right only. The object of the bill is to provide permanent summer homes in the mountains, to which title can be secured.

IOWA HENS RECORD.

Iowa hens lay more than a billion eggs a year, worth \$21,000,000, according to figures made public by the state department of agriculture. The reports received from township assessors show that there are 36,092,390 fowls on Iowa farms and that the egg production for twelve months amounts to 97,549,731 dozen. The department estimates the value of poultry and eggs for a year is \$38,000,000. This is more than the annual output of all the gold mines in Alaska, or California, or Colorado, or any state in the Union. Iowa's poultry and egg crop for a year would buy 64,000 automobiles at \$500 each. This would allow one car to every 35 persons in the state. The per capita production of eggs in Iowa is 44.2 dozen or one and a half eggs for every person in the state every day in the year.

If you are not ashamed of your goods—ADVERTISE THEM. Have your job printing done at The Times office.

MODERN STYLES ARE CALLED IMMODEST

CHICAGO, May 8.—Resolutions already prepared to be presented to the convention of the General Federation of Women's Clubs here, June 9 to 19, declare that present styles in woman's dress are ugly, uncomfortable and immoral.

Nothing Concealed.
"It is hardly possible now to buy skirts that do not hinder locomotion," states a notice sent out from headquarters of the federation. "Costumes of the kind that cover

everything and conceal nothing are seen on the street and social workers declare that proper dressing would benefit morals and eliminate many of the evils of improper dancing.

Ugly, Uncomfortable.
The General Federation of Women's Clubs, in convention, disapproves the present extreme tendency in American women to follow designs in dress regardless of beauty, comfort or modesty," the resolution reads. "This convention is heartily in favor of simpler and more modest styles suited to American needs."

Political Announcements

The Congressional Situation

FREDERICK HOLLISTER
Democratic Candidate for Congress

IN FREDERICK HOLLISTER of North Bend in Coos county the democrats of this district have a chance to nominate a man who has the ability and energy to beat Mr. Hawley, the present incumbent. This district needs a man who is more aggressive than Hawley, a man of more pronounced business ability and who is in closer touch with the needs of the district. Mr. Hawley has never in any sense been satisfactory to the majority of the people who have voted for him, and the chances for democratic success at this time are brighter than they have ever been if the right man is nominated to oppose Hawley.

Mr. Hollister has received the unanimous endorsement of the party organization in Coos county, where he has made his home for eleven years. He favors river and harbor appropriations, public lands for home-builders, national female suffrage and national prohibition.

This is a clear-cut, emphatic platform, and one which does not evade important issues but comes out clearly and distinctly for those things which will occupy the people nationally and locally in the next few years.

Democratic success in the coming congressional fight in this district depends entirely on the candidate nominated and in urging the nomination of Frederick Hollister by the democratic voters The Guard does so with the conviction that he will make an aggressive campaign with excellent chances of success.—Eugene Guard.

To the Democratic Party of the First Congressional District of Oregon:

The Democratic County Central Committee of Coos County wish to herewith state that Mr. Frederick Hollister has received the endorsement of our committee for the office of Representative in Congress from this district.

We are glad to say personally that Mr. Hollister is a clean, aggressive Democrat; that he has lived with us in Coos County for some eleven years, and that during that time he has built up a reputation among his associates and acquaintances for honesty, sobriety and ability. We cordially recommend Mr. Hollister to you for your support at the coming Primary Election, believing and knowing that if nominated that he will be in the fight all the time.

Yours for success, Hugh McLain, Chairman Democratic Central Committee, Coos County; W. J. Rust, Secretary Democratic Central Committee, Coos County.—(Paid Adv.)

ANNOUNCEMENT.

I hereby announce myself as a candidate for County Commissioner

Robt. R. Watson
on the Democratic ticket at the coming primary election.

Robt. R. Watson
REPUBLICAN CANDIDATE for nomination for COUNTY CLERK Primary Nominating Election, May 15, 1914. (Paid Adv.)

ANNOUNCEMENT.

I announce myself a candidate for State Representative subject to the will of the Democratic voters at the primaries May 15. Will work for better road laws to enable the people to get Oregon out of the mud. A. T. MORRISON. (Paid Adv.)

ANNOUNCEMENT

As I have lived in Coos County since 1872, familiar with all the roads in the county and their conditions, believing that I can be of service to the taxpayers of Coos County as a Commissioner from this district, I hereby announce myself as a candidate on the Republican ticket at the primary May 15, 1914. I stand for good roads and reasonable repair. FRANK FLAM, Bandon, Oregon. (Paid Adv.)

NOTICE

I hereby announce myself as a candidate for the nomination of county clerk, on the republican ticket of Coos county to be submitted to the vote of the people at the primary election May 15th. F. D. KRUSE (Paid Adv.)

FOR SHERIFF

I hereby announce myself as a candidate for the office of Sheriff of Coos County, subject to the action of the Republican electors at the primaries May 15. If elected, I hereby pledge myself to a policy of rigid law enforcement, without fear, favor, prejudice or partiality, and shall, during my incumbency, conduct said office in a business-like and economical manner. ALFRED JOHNSON, Jr. (Paid Adv.)

ANNOUNCEMENT.

I hereby announce myself as a candidate for the nomination of sheriff by the Democratic party at the Primary Election May 15, 1914. If nominated and elected I will conduct the office along the most economical lines possible, consistent with efficiency, and do my best to enforce the criminal laws. W. W. GAGE. (Paid Adv.)
