Newsy Briefs From All Over the County

CULLINGS OF COQUILLE.

Coos County Seat News As Told by The Herald.
There are now three autos making the regular run between this city and Myrtle Point.

The Marshall building on the north side of First street is being overhauled, and the Oerding Brothers contemplate moving their billiard parlors to the location.

The Prosper school was graded by Superintendent Baker last week and was found to have a standing of 90 per cent, placing it in the B standard class. Of the other three schools graded, Randolph is also a B standard, while Bridge and Bunker Hill are in the A standard list.

County Superintendent Baker says that the following teachers have commenced summer terms of school at the several places indicated: J. J. Matthews, from Coaledo, at the Lee school; Miss Anna Nelson, at the upper Bear Creek district; Miss Cleo Dixon, of Myrtle Point, at Sugarloaf; Miss May Lund in the Strang district.

Freckle-Face

Sun and Wind Will Bring Out Ugly Spots. How to Remove Easily.
Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength othine as this is the prescription sold under the guarantee of money back if it fails to remove freckles.

PROSPECTS NOT BRIGHT.

W. D. Newton, receiver for the Coquille Mill & Mercantile Co., says that prospects are none too bright for the early resumption of operations by the mill. As is well understood, the condition of the outside lumber market is very unsatisfactory. There is a local demand, but without a working capital it is impracticable to operate the mill and unless this can be supplied, there is little chance of starting up in the near future. Some lumber is being sold from the yard, but this trade is handicapped by the fact that the assortment is more or less broken.

ELECTION IN COQUILLE

Municipal Officers to be Chosen There Next Monday
The ticket for the Coquille city election, which will be held Monday, is as follows:

For Mayor—A. T. Morrison, Citizens' ticket; J. E. Quick, Socialist.
For Councilmen—W. H. Lyons, C. I. Kime and G. O. Leach, Citizens' ticket; J. E. Noel, S. L. Curry and H. DeJersey, Socialist.

For Recorder—J. S. Lawrence, Citizens'; J. H. James, Socialist.
Two measures are submitted to a vote. One is for the vacation of the street and alleys in the school site in Barry and Strang's addition, over which the long controversy has raged. A suit to enjoin the submission of this question was unsuccessful in the Circuit Court. The other measure is for the correction of a clerical error in the ordinance relating to street and sewer improvements.

NEW COQUILLE BOAT

The new Coquille River boat "Telegraph," belonging to the Myrtle Point Transportation Co., is now completed and will be on the run between here and Myrtle Point. She is a fast boat and is well appointed in all parts. On her maiden trip she went from the Herman Bros. ship yards to Coquille in one hour and 26 minutes, which shows that she can go some.

BIG LOGS SECURED.

C. A. Smith Company Provides Immense Ones For San Francisco.

L. I. Wheeler was up to Crane's camp taking pictures of the big white cedar logs that are going to the San Francisco fair. There are two of these logs, each of which is 45 feet long and 8 1-2 feet in diameter. These logs will be placed in the Oregon building as pillars and will be part of the big Coos county exhibit at the fair.

The logs belong to C. A. Smith Lumber Co., and will be taken to Cedar point, loaded on the train and taken to Coos Bay where they will be loaded on the Nann Smith for shipment to San Francisco.

PAVING AT BANDON.

Work started on the building of a new bridge from the east line of Bandon Avenue to the east line of Alabama Avenue, connected with the new street recently completed. Webb & Howell have the contract for doing the work. It is quite possible that a layer of asphalt will be placed on top of the plank, making a perfectly smooth surface and a well paved street.

BALKANS ARE SCORED HARD

Carnegie Peace Commission Report Says Horrors Were Worse Than Portrayed.

(By Associated Press to Coos Bay Times.)
NEW YORK, May 7.—Results of an exhaustive investigation into the conditions in the Balkans during and following the wars of 1912 and 1913 with a view to clarifying public opinion which has been baffled by conflicting reports and befogged by unauthentic detail were made public by the Balkan Commission of Inquiry of the Carnegie Endowment for International Peace.

Pessimism based on the terrible moral consequences of a war which was a series of unutterable atrocities, characterizes the conclusions of the commission as to the possibilities of immediate peace or stability among the Balkan nations. The situation at present, in the final judgment of the commission, is hardly susceptible of a peaceful solution. "Under present conditions," reads the report, "the case seems well nigh hopeless."

The report contains seven chapters and a preface by Nicholas Murray Butler. Stabbing through the glamor of warfare which attended the triumphant demobilization of the Serbian troops and all the customary glorifications of the victors, the commission found conditions of desolation, utter wretchedness and social and immoral disintegration which defied full portrayal even in its comprehensive report. This moral and social chaos is the direct result, according to the commission, of the unspeakable practices of the contending forces. The recital of these barbarities which forms the principal part of the report is the first detailed and collective presentation of facts which have so far been offered to the world principally in the form of newspaper reports, and charge and counter charge. The list of horrors compiled from the statements of eye-witnesses for whose reliability the commission vouches, is at times more startling than the unsupported rumors which were formerly received with credulity.

In this indictment brought by the commission against all the contending forces, no one of the Balkan nations is spared. Atrocities committed upon the non-combatant Moslems in Macedonia surpassed in many instances the crimes committed by the race from which the Christian nations were supposed to have received their education in the refinements of cruelty. The barbarous acts and inhuman reprisals performed by Bulgarians, Serbians and Greeks against each other would be incredible if they were not supported by unquestionable evidence. From the data supplied by the commission it is impossible to argue that one of the nations was less violent than another in its ghastly warfare.

BLAMED FOR LUDLOW FIGHT

Major Hamrock and Lieutenant Linderfelt Are Held Responsible

(By Associated Press to Coos Bay Times.)
DENVER, Colo., May 7.—Major Hamrock, Lieutenant Linderfelt and the militia detachment under their command are charged with the responsibility of the Ludlow battle and fire which cost 21 lives, in the report of the Women's Peace League committee to Governor Ammons. The reports recommends an investigation of all happenings to the end that a distinction may be established between "rightful exercise of military power and crimes of individuals, turning the latter over to civil authorities for prosecution."

DOID BOUND OVER.

The Roseburg Review says: A. C. Doid, who was accused of swindling farmers in this vicinity on orders for clothing, pleaded guilty after a brief hearing in the Justice Court Monday afternoon, and was given a fine of \$50. Unable to meet the fine, he was placed in the county jail to make up the amount at \$2 a day. Eben Mode, who attempted an assault on Mrs. Roy Fisher, furnished a bond for \$1,000 for his appearance.
