### NORTHWESTERN LEAGUE.

Victoria 6; Portland 4.  
 Tacoma 6; Seattle 1.

### NATIONAL LEAGUE.

Chicago-St. Louis; postponed on account of rain.  
 Boston 1; Pittsburg 1.

# OLD LADY MAY OWN PROPERTY

### Mrs. Mary Foster Has Paper Showing Location of Lots Son Arrives Today

Mrs. Mary Foster, the gray-haired and feeble old lady, who is being cared for at the boarding house conducted by Mrs. Emma Johnson at 236 Market street, has received no word from her son, Willie Foster, who is supposed to have left Portland on a motorcycle with his wife and two-year-old baby last Saturday.

Mrs. Foster has in her possession a piece of paper showing the location of nine lots in Edmonston's second addition to Marshfield. According to the paper the lots are in block 1, district 2, and number from one to nine. A postscript on the paper reads: "Please help this old lady find these lots, as she is paralyzed and can't speak very good."

According to Mrs. Foster a man in Portland named Bill Pigeon gave her one of the nine lots. She says that her son has the deed to the property. It is understood by those who have interviewed the old lady that Bill Pigeon and her son were in the roofing business in Portland and that they had been partners for about four years.

Mrs. Foster arrived on the Breakwater last Saturday. Upon her arrival here she immediately went to Eastside in search of the curb by Mrs. Charles Olsen, who took her to her home and cared for her over night. Sunday morning Miss Nellie Olsen, daughter of Mrs. Chas. Olsen, brought the old lady to the boarding house conducted by Mrs. Johnson.

### Son Arrives Today.

Willie Foster, son of Mrs. Mary Foster, arrived in Marshfield at noon today after making the trip from Portland on an Indian motorcycle. He left Portland last Saturday with his wife and two-year-old baby on the machine, but after getting as far as Oregon City he decided the trip

# MOTOR CAR ON VALLEY TRIPS

### Plans to Change Schedule to North Bend to Permit Myrtle Point Run

It is expected that the Southern Pacific will make application to the Marshfield City Council next Monday night for a change in their franchise here which will permit them to operate the motor car between here and Myrtle Point a couple of trips each day. The plans have not been given out yet.

It is understood that they have been planning on making an early morning trip from here to Myrtle Point and return about 9 o'clock. Then the steam train will leave here about 9:30 and return after noon. The motor car will make a later afternoon trip, leaving here about 4 o'clock and returning about 6 o'clock. It is estimated that the trip will require about an hour each way.

At present the steam train makes two trips a day and the new plan would provide for three trips, two by the motor and one by the steam train.

Later, when the line of the Smith-Powers Company south of Myrtle Point is open for train service, additional trains will probably be run and a motor car provided for the service between here and the valley and the motor car operate as far north as Lakeside or even Gardiner.

### Ask Low Rates.

The proposed train schedule will be beneficial to both Coos Bay and the Coquille Valley. At present, the people of the Coquille have to spend a day and a night if they wish to come to Coos Bay to attend to business matters. Under the new schedule, they could come over in the morning and return on the steam train if their business didn't require much time, or if it did, they could wait until the afternoon trip of the motor car. At the same time, the early car from here in the morning would enable Coos Bay people to make early connections in the valley and return the same day, more conveniently than at present.

### Get Lower Rates.

It is likely that the company will be requested to make a special round trip rate for the service, as this would be an advantage to shoppers in the Coquille valley. Now the company charges four cents per mile on the local railroad, but as soon as it is connected up with the line to Eugene, the rate will be three cents per mile.

### Special Party Rates.

It is likely that the company will make special party rates of one and one-half fare for round trips for parties of twenty-five and a round trip rate of a fare and a third for parties of seventy-five.

These rates will be beneficial to baseball aggregations, etc. would be too hard for his wife and child. They will arrive on the Breakwater, which is due here tomorrow. Foster says he covered 174 miles last Saturday and that he averaged about 25 miles a day after leaving Drain. He went first to the Eastside where he made inquiries about his mother. Someone who read the story in yesterday's Times informed him where she could be found. Foster says he has no deed to the lots, but that his former partner, Pigeon, told him he might put a tent on the property if he could locate it.

### CARD OF THANKS.

We wish to express our heartfelt thanks and appreciation of the many acts of kindness shown us during the illness and death of our beloved husband and father.

MRS. JULIUS THOM AND FAMILY.

### AMONG THE SICK.

Mrs. W. N. Ekblad, who has been ill at Mercy Hospital for the past month is reported improving and will be taken to her home in South Marshfield this week.

Have your job printing done at The Times office.

# NEWS OF NORTH BEND

## TABOO DANCE IN NORTH BEND

(Continued from Page One.)

on the platform Saturday evening, remarking that it was awful, although they stood around for three hours and watched the dance. I think if the dance was so horrifying and so degrading the critics, did not have to stand there for three hours to get an opinion of the proceeding.

### Petitioners Dance.

Councilman Falkenstein then looked over the petitions and discovered that five of the persons who signed the petition were on the platform dancing on last Saturday evening. "These petitions are all bunk" said Falkenstein "I can get a petition out tomorrow to hang a man and I will get people to sign it."

"It has become so now, that people have a petition presented to them sign it without reading it over. The dance as conducted by Mr. Keyser on Saturday evening was orderly and respectable as far as I understand and I don't think we should condemn this dance as conducted by Mr. Keyser until it becomes a nuisance."

### Hollister Speaks.

"I think we should have restriction on dancing of all kinds," said Councilman Hollister. "Do not think that I am a pessimist when I say this, but dancing should be licensed and regulated by the city authorities and be under police restrictions. Immoral dancing is an evil, and when it becomes such, I think we should refuse to license dance halls on this ground. I do not care what the Marshfield city council thinks about the dance, it's a question of right and wrong, so I would be in favor of discontinuing this dance as conducted by Mr. Keyser for the present, and I make a motion to that effect."

### Motion Defeated Twice

Hollister's motion was seconded by Councilman Curtis, and was defeated by a tie vote, which, if allowed to stand, would have been consent to conduct the dance. As no representative of the dance platform was present, the matter was discussed at length and a second motion was made by Councilman Bartle that restrictions be placed on dances. This was also defeated by a tie vote. People anticipating adjournment at this moment were disappointed. Councilman Henry Kern making a short talk as chairman of the meeting in the absence of Mayor Simpson, stating that he thought the dance would not be declared a nuisance until proved as such, and if ruling were made on open air dances, the parties conducting the amusement would simply place a roof on the structure and this would defeat the intent of the council and the people.

### Rev. Hisey Speaks

Rev. Albert Hisey, then addressed the council, in which he stated that a dance of this character should not be tolerated in any civilized community. The dance, according to Rev. Hisey, was conducive to the ruin of the morals of millions of young men and women yearly, and he asked that the council refuse to permit the lives of the boys and girls in North Bend to be subjected to the temptation of "the Bowery Dance."

### Declared a Nuisance.

Councilmen and future statesmen commenced to show traces of fire at this point and a feeling of indifference pervaded the atmosphere, caused as someone remarked, "by the smoke from Falkenstein's pipe." Fred Hollister decided that the matter was ripe for adjustment, and made a motion that the "gentleman from Marshfield be instructed that the people of North Bend did not desire his dance as it was a nuisance." The motion was then submitted and passed with no dissenting vote.

## STREET WORK IN NORTH BEND

### Will Ask for Bid on Paving Sherman Avenue—Other Improvement Work

The paving of Sherman avenue in North Bend was delayed by the City Council until the next regular meeting, at which time bids will be advertised for on different classes of pavements in order that the property owner may be given the benefit of the best pavement for the least money. The paving of Sherman avenue has been delayed three times and Virgil E. Watters asked that the Council take some definite action on the matter as the property owners were anxious to have the street paved.

Fred Hollister asked that the matter be delayed and that the City Engineer prepare specifications for one kind of paving and that he forward a copy of these specifications to paving contractors and request bids on the same. This was agreeable and the matter was laid on the table until the next meeting.

Street assessment was ordered for improvements made on Meade avenue, between California and a point 400 feet north of the north line of Florida avenue. The amount of the assessment was \$11,311.65 and is to be paid by the property owners within sixty days.

Bonds were issued for payment of improvement warrants on work performed on the following streets: McPherson avenue between Virginia and California avenues, amounting to \$5,467.04.

Washington avenue between the west line of Sherman avenue and the west line of Union avenue, \$1,007.97.

The ordinance was passed with an emergency clause and the bonds are to be redeemed within ten years.

### Light Report.

The question as to a detailed report of the Police Department on the condition of lights within the city limits was brought up on the instance of a communication from the Oregon Power company asking that they be advised when the lights were out, and they would have the Department of Repairs attend to the defective light the following day. The report which the chief of police was required to make out showed from its wording that he would need to have a course in electrical apparatus before he could answer some of the questions. The Council finally instructed the chief to do all within his power to co-operate with the light company to assist in improving the lighting service of North Bend.

### GIVE CONCERT AT BANDON

Coos Bay People to Assist in Library Benefit There.

A number of Marshfield young folks will go to Bandon to assist in a benefit concert to be given at the Dreamland Pavilion there Friday night. The proceeds of the concert are to be used by the library board there to aid in buying books. Prof. Richards will have charge of the concert and has arranged a fine program for it. Those who will participate in the program are: Cecil LaChappelle, Wesley Seaman, George Mancelt, Theresa Beulah Button, Ila Johnson, Mrs. J. T. Lillard, Alva DeWillo Button, Clarice Danielson, Gladys Louise Jamieson, Francis Louise Strawberry, Hubert Addison, T. F. Haggerty, Mrs. J. T. Mars and Prof. Richards.

THE LADIES of the Christian Church will hold a COOKED FOOD SALE SATURDAY, May 16, at the office of W. A. REID, 150 Front St.

### BRIEFS OF BANDON.

#### News of City-By-The-Sea As Told by The Recorder.

Steve Gallier and son, Lentner, left on the Elizabeth for San Francisco. Steve is looking after business affairs and Lentner is taking a vacation from his duties at the Bank of Bandon.

An agreement has been reached by

the Bandon merchants whereby they will close at 6 o'clock every evening except Saturday. This arrangement takes effect next Monday and will continue permanently. The Fifield went on the dry dock at San Francisco this trip and consequently will be a few days late in arriving at this port.

## Democrats Vote For a Man Who Can Win Meredith for Congress

### Read This Endorsement from Senator Geo. E. Chamberlain.

"I spoke to Gov. Folk about you and here is what he said: 'Mr. Meredith is from Poplar Bluff, Mo., and I knew him there quite well. He is a splendid man, honest, reliable and a real progressive.'

You can see, therefore, that the good name you left in Missouri follows you to Oregon."  
 —Extract from a recent letter written by Senator George E. Chamberlain.

## Senator Mulkey Says:

Speaking of Mr. Meredith, Fred W. Mulkey, former United States Senator from Oregon, said yesterday: "I have known Mr. Meredith for seventeen years. We had seats next to each other at the New York Law School in our student days. He is one of the most capable lawyers I know, and if elected will be a credit to the state." It is said that the Prohibition nomination leads nearly 10,000 votes to Mr. Meredith's strength in his district. Meredith was in Corvallis yesterday and will reach his home in time to vote. He is District Attorney of Curry county and made a big reputation as a fearless and just prosecuting official.—Portland Journal.

## Biography

W. H. Meredith was born in Iowa City, Iowa, in 1875. He received a grammar and high school education in Brooklyn, New York, taught school in Iowa, and later studied law in the New York Law School, President, then Professor, Wilson being at the time one of the faculty.

In 1901 Mr. Meredith moved to Missouri, where he engaged in the practice of his profession until 1909, when he came to Oregon. During his residence in Missouri Mr. Meredith was active in Democratic politics, and became well and favorably known to such men as Gov. Joseph Folk.

As District Attorney for Curry County, Mr. Meredith has made an enviable record as a vigorous law enforcing officer. He is active, aggressive and would give to the first district the kind of representative it most needs now at Washington.

## His Record

Mr. Meredith's qualifications for the office which he now seeks are best established by what he has done as District Attorney. And the Gold Beach Globe says:

"When District Attorney Meredith first took the oath of office he made a promise that boot-leggers would have to go out of his district to do business. From that time on he has ever been on the alert for such law breakers and either convicted all who tried the game or caused them to shake Curry's dust from their feet."

The Oregon Daily Journal says of Mr. Meredith: "He has made a record as a fearless public prosecutor in successfully cleaning up the boot-leggers of Curry County. He is a seasoned campaigner, an excellent speaker and a man well known and well liked in his part of the state."

This is from the Port Orford Tribune: "The fact is becoming generally recognized in the District that back of Mr. Meredith's candidacy there is but one potent factor—his ability."

## His Platform

"I stand for National Constitutional Prohibition of the Liquor Traffic and National Woman's Suffrage and advocate the listing of forest reserves for taxation in the counties and states where located, compulsory arbitration of disputes between capital and labor, assistance to Oregon Homesteaders, federal aid for road building, and adequate appropriations for Oregon's rivers and harbors, which have heretofore been neglected. I stand for the administration of Woodrow Wilson and will support him in his program for the moral, social and financial uplift of state and nation."
