

BIG LOGS TO PANAMA FAIR

Adeline Smith Takes Out Four Massive Ones for Oregon Exposition Building.

The Adeline Smith sailed at midnight last night for Bay Point with a big cargo of lumber and carrying four of the pillars contributed by Coos county for the massive pavilion around the Oregon Exposition, The four big timbers or rather logs taken out were those given by the Simpson company and each of them weighed about thirty tons. Two were of fir and two cedar. Four others are to be given by the C. A. Smith company.

Capt. Olson reports that the Pony Inlet and North Slough shoals are getting very bad. Coming in, he touched after the tide had started to flood although the Adeline was drawing only about fourteen feet of water. He said that the Tiverton also got hung up on the shoal.

Capt. Olson said that Capt. Reed must have misunderstood about his soundings on the bar as 19 feet was the most he got, this being about two feet more than was on the bar when the Michle started to work.

LOGGER IS ROBBED BY 'PAL'

Alfred Brown Says That He Was Robbed of Clothes and \$25 by Associate.

To provide a friend with sleeping quarters and afterward have him come to your domicile and relieve you of all your wearing apparel, is the experience of Alfred Brown, a logger who applied to the police at 5:45 this morning, clad in a very scant attire, stating that he had been relieved of his regular apparel, consisting of a suit of clothes valued at \$30 and \$25 in cash.

Brown then related how he had met Edward Miller, a man answering his description, at 11:45 last night and staked Miller to quarters in the Halliday Rooming House, with two cronies. He then went to the Rodgers Hotel to his room and retired being awakened at 4 a. m. this morning by a noise in his room. When he woke he found that his clothes were missing. Borrowing those of an acquaintance in the adjoining room he journeyed to the room of his friend at the Halliday rooming house only to find that he was refused admittance, those on the inside telling him that "He had better come around in a little while." Going out Brown went to the police station and Officer Stutsman phoned to Marshal Carter.

Carter arrived on the scene about five minutes later, and accompanied Brown to the Halliday Rooming House only to find that the man who had "staked" to a room had left it in the possession of three associates who confessed that Miller had left the place at 5:15 a. m. for North Bend with Brown's clothes under his arm.

Marshal Carter then sent Brown to North Bend to advise Chief Anderson of the proceedings and detect the offender. Miller was recently sentenced to serve thirty days in the county jail for stealing an overcoat from Ed. Walrath at the Halliday Rooming House.

WANT BONUS TO GET RAILWAY

Roseburg Railroad Promoters Expect \$400,000 From Coos County Towns

The Roseburg Review says: "Marshfield people and those of the other Coos county towns are enthusiastic over the Roseburg movement for a railroad to the coast, so Chairman J. W. Perkins, of the local committee, reports. Phone messages received by him from there the past two days give assurance that Roseburg's proposed \$200,000 will be met by an aggregate of probably \$400,000 from Marshfield, Coquille, Myrtle Point and elsewhere. Such enthusiasm and support would assure the building of this rail-road, beyond any question. Committee meetings have already been held in Marshfield on this matter and a big public meeting is scheduled for this week. Mr. Perkins will probably go there at that time and will also visit other points en route. It is evident that the people are in earnest this time about the building of this rail-road, and with the united efforts from the two counties, its success could not be questioned."

DAY'S NEWS IN POLICE COURT

Axel Forslund, J. E. Dunn and Jim McManus Taken Into Custody Last Night.

Axel Forslund was arrested on Wednesday evening and placed in the Hotel de Carter, after proving to the arresting officer that his powers of reasoning were sufficiently unbalanced to allow his entrance to the noted bastille. He had \$4.30 in his pockets.

J. E. Dunn was arrested Wednesday evening and placed in the city prison for the night. He told Recorder Butler today that he might have taken a drink, so the Recorder ruled that this drink would cost him \$5.00, and imposed the customary fine.

Jim McManus was arrested by Officer Shouppe last evening and charged with drunkenness. He had \$1.65 in his possession and expressed his regrets that Officer Doane did not detect him earlier in the evening when he had more money with which to pay his fine.

M'DANIEL ON CANDIDATES

NORTH BEND EDITOR SCORES S. P. PEIRCE AND EULOGIZES E. J. LONEY—DENIES CHARGES MADE BY PEIRCE.

Editor Coos Bay Times:

"There should be little room for doubt in choosing between S. P. Peirce and E. J. Loney for joint representative. Mr. Loney is cashier of the Port Orford Bank, and is identified with every progressive move made by that city. He is a tireless worker for both the city and Curry county. No one who knows him doubts his ability to make, amend or repeal laws. In the short campaign he has gone about the district, quietly but openly meeting the republicans and now asks their support. He has not done things or made statements that are untrue or unmanly. Quite different on the part of Mr. Peirce. He in a signed newspaper article charges Mr. Loney with writing and paying for favorable editorial mention, specifically setting out that the mention made of Mr. Loney by the Coos Bay Harbor recently was written and paid for by Mr. Loney. This is the sort of a dirty eleventh hour politician Mr. Peirce is and those who take pride in voting for and electing men of honor should not forget it. Mr. Loney paid for a simple announcement in the Coos Bay Harbor and that was all. Mr. Peirce paid us twice as much, besides wanted a lot more space for the publication of letters and clippings that we could not handle. No one (and this is said for Peirce's benefit, others know better) can write a single line of editorial for the Coos Bay Harbor and get it printed as such, neither can this writer be induced for a money consideration to do these things. Editorial mention made by most papers is the true expression of its editor, and we do not believe there are many men behind papers, no matter how small or insignificant in size or circulation, will say things other than those they believe and heartily endorse.

With apologies, for "rushing into print" I beg to remain,
Sincerely,
EDGAR McDANIEL
Publisher Coos Bay Harbor.

READ THIS MR. TAXPAYER

During the four years that George J. Armstrong has been County Commissioner, there has been more substantial improvement of county roads and bridges than during all the years before that Coos has been a county.

Practically all of the county's road machinery has been provided during that time, ferries installed, bridges built, a county infirmary built at the poor farm which alone saves the county almost enough money to run the whole poor farm on; and a careful policy of getting for the county a dollar's worth for every dollar spent, has been pursued.

Mr. Armstrong came to Coos county with eight years' service on the Sonoma (California) Board of Supervisors to his credit, and has certainly made good throughout his service as Commissioner for Coos county. The management of county affairs is a business. Successful results can only be produced by experienced managers. Mr. Armstrong has the experience and his record as Commissioner shows that he is a good manager, progressive, yet economical. He believes in permanent highway construction for the benefit of those who use the roads in the business of life. He believes that Coos county is entitled to the best roads in the land, and if re-elected will serve impartially and conservatively.—(Paid Adv.)
