THE AGE OF EFFICIENCY.

In a typical speech at the last meeting of the National League of Professional Baseball Clubs, Mr. John McGraw, manager of the New York Giants, said: 'It seems to me as if the age of efficiency has arrived. We are now in a period of specialization, and the game of baseball is no exception. We are seeing more and more men who are specialists in their own line of work, and this tendency is sure to continue. The time is coming when every player will be a specialist. It is a question of getting the right man for the right job, and this is what will make the game a success. The age of efficiency has arrived in baseball, and we are going to see more and more of it in the future.'

THE THREE-FOOT BANDIT.

The Three-Foot Bandit, who has been terrorizing the Southern California region for the past few weeks, has been seen in the vicinity of Los Angeles. He is said to be a skilled horse thief and has caused considerable trouble in the area. The authorities are on the lookout for him and have offered a reward for information leading to his capture.

THE GREAT RUG AUCTION.

The Great Rug Auction, which was held at the Palace Theatre last Saturday, was a great success. The rugs were of the finest quality and the prices were very reasonable. The auction was conducted by Mr. J. L. Bowman, who has been in the rug business for many years. The proceeds of the auction will be used to benefit the local school district.

THE ROYAL TONIGHT
