We sometimes think it would be a good plan if all men's garments were sold inside out. For that's about the best way we know to show the difference between good clothes and clothes that are just good looking.

**OAKLAND BOND SALE.**  
OAKLAND, Cal., May 16.—By the sale of \$510,000 of its bonds at 4 1/2 per cent interest, with an option on the remaining \$645,000 bonds at the same rate, Oakland has cleaned up the entire bond issue of the city. The sale was made to N. W. Halsey & Co., of New York and the price was better than the open market.

The sale and the option are taken as meaning that the return to a healthy financial condition all over the country is near at hand, and also indicates a strong confidence in Oakland by eastern investors.

### CITY DADS CAN'T SMOKE

**Must Cut Out Use of Weed at Council Meetings.**  
The Eugene Guard says: "Whereas it is the habit of many of the members of the Common Council and the public in general to smoke during the meetings of the Common Council, and whereas tobacco is offensive to certain members of the Council who are not users of the same, therefore, be it resolved by the Common Council, that no smoking be permitted during the meetings."  
This resolution was unanimously adopted by the Council Monday night, Councilman William Hempy, the new Councilman from the First Ward being the father of it. After its adoption Councilman McMurry stated that he believed it would be a very popular resolution and asked that he might be known as the father of it, but no, siree, Mr. Hempy wanted the credit.  
Under the new regime there are not really many users of the weed among the members of the Council, and those who do smoke seem perfectly willing to "cut it out" during the meetings. The adoption of the resolution was greeted by a ripple of applause in the audience. It is evidently a popular measure even outside the ranks of the city dads.
