GOOD BUSINESS JUDGMENT.

We expect you to exercise your own good judgment in selecting your future home-site. That judgment will tell you that it would be poor business policy to buy outlying property simply because you can possibly save a few dollars in the price of the lot and eventually build a house thereon costing several times the price of the lot. Besides, if you will investigate, you will find that lots in Perham Park, located right in the heart of the city, can be bought just as cheap or for even less money than outlying property. Before buying see Reid about Perham Park.

A Hundred People Visited BAY PARK Last Sunday

What with the interest being shown in the improvements going on there, with friends calling on those who are clearing lots and building homes, and the many pretty views and delightful walks in and about the Park, it is becoming a very popular place on Sunday, and on other days, for that matter.

There has been great advance in Bay Park this spring, but so far no advance in the low prices we are asking for lots.

Salesmen will be on the ground Sundays, and will be pleased to serve you if you desire to look at lots.

Prices, for the present, will remain at \$100 for inside lots and \$115 for corners, on terms as low as \$10 down and \$5 a month. By next fall we won't have any lots left in the present plat of Bay Park, so don't neglect to make your selection now.
